THE RUSSELL WATCH!

A FEW REASONS THAT MAKE IT SUPERIOR TO ALL COMERS.

1st—It proves itself a reliable time-keeper beyond all question.
2nd—The RUSSELL WATCH being made on correct and scientific principles, it must follow as a natural consequence that it will keep time.
3rd—Each part of which the RUSSELL WATCH is composed is a reflex of the perfect machine by which, under skilful direction, it is produced.
4th—Truth is the essential of each part.

5th—Uniformity and conformity must therefore characterize the several parts in fulfilling theose for which they are made and brought together. 6th—Reproduction, as regards watch work, is simply an application of the principle that "things which are equal to the same things are equal to one another," and if there is any merit, the RUSSELL WATCH possesses that merit to a demonstration.
