A law the season in the hospitals and visiting the vessels, previously in existence in the State of New York, two and myself alone escaped the fever, though which obliged the owner or master of a vessel otherwise severely affected in general health, from

the commonwealth for a period of two years after gymen, medical officers, hospital attendants, police, &c., who contracted fever and died during The effect of these laws was to turn the stream the season. I experienced much difficulty at one of pauper emigration to the British provinces. time in retaining any nurses or attendants, and on I estimate the accession to our emigration this those days of the week, when an opportunity of year, through the operation of this cause, at from leaving the island offered by the arrival of the steamer, great numbers of servants came forward Another cause of the increase this season, has been the application to Ireland of a poor-law. To avoid the enormous expense which will attend its execution in some parts of the country where destitution abounds, many landlords have given free sought by every means to provoke their dismissal. Those sent down to be engaged were, in many cases, the vilest and most profligate of both sexes,

On the 11th of June a new hospital, capable of unable to work, aged persons, the confirmed idle accommodating 600 sick, was completed and ocand lazy, and those whose constitutions had been cupied: two others of the same size and dimensions were finished by the end of the month. Such was the character and description of many From the 10th to 26th of this month, much rain of the settlers sent out from the ports of Liverpool fell, with a high temperature and fog; this had a Dublin, Cork, and Limerick, as more particularly most pernicious effect upon the sick under canvass, described in my official reports at different times though the tents were, in the first instance, floored with boards, after which iron bedsteads were sub-I will enter upon a detailed statement of the stituted, as soon as a supply of the same was obtained from the barrack department, yet they afforded but insufficient protection from the wea-[Dr. Douglas then particularizes four vessels ther when wet, and the mortality was, in consequence, much greater among the sick in tents than

in the hospitals. During the prevalence of this rain, it was found

the same time instructions to detain all passengers The great number of sick in the early part of where fever had prevailed for a period of ten days. this month, whom it was found impossible to land With some difficulty the tents and marquees were from want of accommodation, rendered it necespitched, as few men could be found to engage in sary to employ two of the medical assistants to

Throughout the following months of July and August passenger vessels continued to arrive in great numbers, each more sickly than the other, The calm sultry weather of these two months increased the mortality and sickness on board to an appalling extent, some vessels having lost onefitted with beds, and that evening 400 more sick were landed, increasing our number to 12,000. But there still remained 35 vessels in quarantine, having on board 12,175 souls, and great numbers of these were falling ill and dying daily. It was with much difficulty that people could be found to make coffins, dig graves, and bury the dead, as already observed, our regular hospital servants were either ill or exhausted by fatigue. Dr. Benson, the gentleman engaged to assist, took fever and died, after a short illness. On the 1st of June, I received the aid of two other medical assistants, in addition to Drs. Jacquos and M.C. and the Superintendent of the Board of Works was employed to erect new hospitals, and to build cookfourth, and others one-third of their passengers "Naomi" arrived, having left Liverpool with 334 passengers, of whom 110 died on the passage, together with several of the crew. The master temporary hospitals, and now crowded in every was just recovering from fever on his arrival. The barque "Sir Henry Pottinger" arrived about Governor General was pleased to appoint a com-106 died, including the master's son and several amine, and report upon the means to be adopted to relieve the distress. Upon the report of these verses and to prove the healthy versels were sent out at the expense, and from the gentlemen orders were sent to permit the healthy estate; of the late Major Mahon in the County of Tyronne, and the survivors were, without exception, the most wretched, sickly, miserable

board three steamers, and the day following, the I would cite : s a further instance of the expassengers of seven other vessels were tranship- tent to which sickness and mortality prevailed ped by two steamers. A few days previous to about this time, the case of five vessels, namely this, a small steamer had been chartered specially the "Sarah," "Erin's Queen," "Triton," from in quarantine, and supply the passengers with Those vessels left their respective ports with an fresh provisions and comforts. An additional aggregate of 2239 passengers exclusive of ino boat's crew was also emyloyed in visiting vessels fants under 12 months; of this number 230 died in quarantine, with a medical man and a supply of at sea before arriving at Grosse Isle. A great number were sent to hospital, and the apparently On the 8th of this month another of the medical healthy were landed at the tents where those who gentlemen was attacked with fever, and three days fell ill were passed over to hospital. After a deprevious the Rev. Mr. Gaurean, the Roman Catholic chaplain, who had been unwearied in his attended was 915, and of this comparatively

ber of sick had increased to 1800, who were crowd- Those who were landed at the tents in comed into every place that could afford shelter, hos- parative good health, fell ill from the exciting pitals, sheds, tents, and churches; these last, through the kirdness of the Lord Bishop of Mon-suddenly before they could be transferred to the
