There are Little Soldiers in Your Blood

They are the white corpuscles, and there are millions of them.

It is their duty to defend you against disease, by protecting the red corpuscles and the bodily tissues from disease germs—those dangerous microorganisms of which so much is now known.

You are helpless unless these little soldiers in your blood have the health and strength to fight for you-to repel the many infectious and contagious diseases whose garms are in the air you breathe, the water you drink, the food you eat, and on things you touch.

Among these diseases are typhoid fever, scarlet fever, diphtheria, grip, spotted fever, smallpox, malaria, ague, tuberculosis or consumption.

To make and keep these little coldiers healthy and strong, is sim-

ply to make and keep the blood of the right quality and quantity. This is just what Hood's Sarsa-It is the best preventive as well

as curative medicine.

If your blood is impure and im poverished, -a condition indicated by eruptions, scrofula, eczema, catarrh, rheumatism, anemia, nervousness, tired, languid feelings, oss of appetite, general debility,then the soldiers in your blood are not in condition to fight for you.

They need better health and greater strength. You should begin taking Hood's Sareaparilla at once.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sargeparilia.
