

MARKET SHED IDEAL  
SPOT FOR LUNCHLocation Finds Much Favor  
Among Farmers With  
Cars.

The market gardeners' shed on the local market is finding increasing favor among farmers who own automobiles as a fine place to eat lunch. Thursday in particular is a popular day with rural visitors, who park their cars under the shed after the regular tenants have pulled out for home.

Two cars came to a stop under the shed Thursday shortly after the noon-day whistles had done their worst, the occupants bringing forth two well-filled lunch baskets. A passing reporter was attracted by the scene, and stood by watching the farmers and their family trees reduce the fat, well-browned birds to mere skeletons.

"Early in the summer there were very few farmers who ate their lunch under the shed," confided a market gardener who usually stays until the afternoon. "Conditions are changed, though. I guess they have been telling each other what a fine place the shed is to park their cars and eat lunch in comfort. There seems to be no limit to them each market day, and believe me, my mouth waters at the fine 'cote' they get away with. No ham sandwiches for them—chicken is none too good."

BE PRETTY! TURN  
GREY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or grey. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay grey! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the grey hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Rural Credits Act Machinery  
Is Now All Ready To Function

TORONTO, Oct. 5.—The machinery for the administration of the rural credits act passed at the last session of the Legislature is now practically ready to be set in motion.

A. G. Farrow of Oakville, who was appointed in August as chairman of the newly-created agricultural development board, which is to be responsible for the operation of the scheme, has taken up his quarters here, and stated today that during the course of the present week, he expected to have a supply of application forms and pamphlets ready for forwarding to those farmers who were desirous of obtaining short or long term loans from the Government.

Of the 200 inquiries already on file about half have reference to the short term accommodation and about half to the long term mortgages. In view of the poor crops in Eastern Ontario this season it had been anticipated that the present year at least, the loans would be most popular in that part of the province, but the advance applications thus far received indicate that they will be in equally keen demand in the western counties.

Incidentally, it might be mentioned that for purposes of administration the province will be divided into three territories, eastern, northern and north-western. In the last mentioned section the only association that has taken steps to benefit under the terms of the scheme is the one at the Soo.
