YACHTING. THE CUP CONTEST STILL UNDECIDED. With a fresh breeze blowing from the southwest, the final run of the V. Y. C. fleet for the Langley cup was made on Sunday morning, but owing to some misunderstanding in regard to the course there is a possibility of the cup being tried for yet once again. The Deborah, Noreen, May and Gee Whiz started leaving the club house at 11:40 o'clock. The Noreen and Gee Whiz led while the May and Deborah followed close behind, This order they maintained with little variation until the U.S.S. Philadelphia, anthored off the outer wharf, was reached. Then, instead of rounding the big manof-war as did the other three, the Deborah continued on her way about the San Pedro, believing this to be the course as in past trials. In so doing, however, the Deborah left herself out of the race, although in the finish she was not over ten minutes behind. The boats rounded the Philadelphia in the following time: Noreen, 12:14; Gee Whiz, 12:14½; and May, 12:16½; and finished with the Noreen first at 12:30; Gee Whiz second at 12:331/2; and May third at 12:37. It is customary for the Gee Whiz to receive two and a half minutes handicap over the Noreen. on the San Pedro course and consequenty no official result of Sunday's race is announced as yet.
