

LEONARD RIGGA YEARS TO FIGHT

Benny, Only Year After Retirement, Admits He Wants To Return.

NEW YORK, Nov. 12.—Benny Leonard, less than a year after retiring as lightweight boxing champion of the world, years for a fight, by his own admission, but the objections of his mother have not been overcome. Leonard told of his longing to don the gloves while going through light training in a gymnasium and his return became almost a probability when it was learned that he had communicated with the state athletic commission. Tex Rickard promoter, admitted that he was considering the retired champion as a principal in matches this winter.

"And there is the prospect which has often been mentioned," Rickard added, "that he will face Mickey Walker for the welterweight championship next summer."

You know Leonard will have to re-enter the ring as a welter, as I don't think he can make 135 pounds. There will be plenty of opponents for him and he is a favorite with the public. "I may get in a punch or two next summer," Benny said. "Sure I want to fight again. I have been feeling like returning to the ring for some time. Perhaps if I can prevail on my mother, who doesn't want me to fight, I may be among those present next summer."

MAKE CHANGES IN TIGER LINE-UP

Coach Marriott Will Shift Line For Ottawa Fracas.

HAMILTON, Nov. 12.—When Tigers go into action against Ottawa at the capital on Saturday changes will be noticeable on the Bengal line-up, according to inside information. Coach Marriott has decided to switch his team around for the all-in-out tilt. Capt. Brian Timmis, who played at rover on Saturday last, is to fill in inside the line position, and Glen Small, a youngster who made his senior debut this year, will hold down the rover position. Small played at rover in the first three games, but gave way to Timmis in the Ottawa game. The other change is to be made on the back division, where Langway will be found in place of Ken Walker. Walker is still nursing an injured ankle, but judging by the showing made by Langway against the Senators here he will not weaken the team any on Saturday.

The squad worked out for two full hours last night and it was voted the best of the year. A new set of signals worked out by Coach Marriott was put into use and another workout will be held to-night to perfect them.

The squad for Saturday will most likely line up as follows: Flying wing, Small; backs, Quinn, Gibb and Langway; quarter, McKelvey; smashes, Hamilton, side wings, Timmis and Shinn; middle wings, Baker and Eiford; outside wings, Vesale and Bowman.

Tigers will take 40 or more supporters along with them on Friday. This was learned to-day when Secretary Doug. Chlman received that many requests from fans asking him to secure seats for them.

SPEED AND GRACE NEED OF WOMEN

Only Way To Compete Successfully In Athletics.

LONDON, Nov. 12.—Grace and speed are essential for women athletes to reach man's level as they have less "horsepower" than men. This is the opinion of Prof. Hill, who recently began some tests on women athletes. The committee of the Women's Amateur Athletic Association agree with the following statement by the professor:

"So far as we have gone — and it is only a little way as yet — experiments do seem to indicate what I expect, that even the most athletic woman cannot exert the same 'horsepower' as comparatively ordinary men."

"Women will become accomplished athletes, not by trying to become like their brothers in muscular development, but by learning the art of carrying out their movements with skill and speed, economy and grace."

U. OF N. B. CHAMPIONS.
SACKVILLE, N. B., Nov. 12.—University of New Brunswick won the Maritime Intercollegiate football championship on the Mount Allison campus here by defeating the Nova Scotia team by a score of 14 to 3 yesterday afternoon.

HOSPITAL ANNUAL MEETING.
PARIS, Nov. 12.—The annual meeting of the Willett Hospital board is called for Friday afternoon, in the Community Hall, at 4 o'clock. All interested in the work of the institution are invited to be present.

WILLS TO BOX EXHIBITION.
NEW YORK, Nov. 12.—Harry Willis, negro heavyweight, and his manager, Paddy Mullins, leave for Memphis, Tenn., on Saturday, to exhibit their fight in an exhibition bout there and has other engagements in the South.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified-creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action, it soothes and heals the inflamed membranes and kills the germs.

Of all known drugs, creosote is recognized by medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Limited, Toronto, Ont.—Advt.

Torpedo Plane

This remarkable photograph shows the new British Blackburne-Rapier torpedo plane launching one of its missiles of death during a trial flight at Hull, England.

NATIONS' LEAGUE LOGICAL GROWTH

Is Development of Centuries of Sentiment.

SAYS SIR GEORGE FOSTER

Outstanding Fact of History He Tells Educationists.

OTTAWA, Nov. 12.—That the League of Nations was the outstanding fact of history and a logical development of centuries of sentiment was the statement made last night by Sir George Foster, president of the League of Nations Society in Canada, in an address before a dinner of the Canadian Education Association.

Sir George expressed himself as anxious to meet Canadian educationists and place before them the educational problems of the League of Nations.

The nations of the league, with Great Britain in the lead, were active in their support of league education. Sir George said, in appealing to the assembly for the renewed support of the teachers and professors of Canada towards the league.

THREE ARE DROWNED IN VESSEL COLLISION

Canadian Steamer in Maritime Disaster in Thames River.

LONDON, Nov. 12.—(Canadian Press Cable.)—The steamer Canadiana, of Montreal, bound from Montreal to Antwerp, and an unknown steamer collided on the Thames yesterday near Erith, and the London steamer, Roma, was struck in the mid-section between the first two vessels and sank. All three vessels were proceeding down the river at the time of the collision.

Three of the members of the Roma's crew are supposed to have been drowned. Five of the members of the crew were rescued by a tug. The Canadiana, however, subsequently continued her way down the Thames. It is not known what damage she suffered, if any.

GERMAN ATTITUDE ON DISARMAMENT STATED

Reply to Ambassadors' Council Not Revealed, But Believed Conciliatory.

BERLIN, Nov. 11.—The German Government's reply to the latest note from the ambassadors' council on the subject of disarmament will be forwarded to Paris this week, full agreement having been reached between the cabinets and the governments of the federated states.

Strict secrecy is being maintained regarding the reply, but it is understood to be most conciliatory and calculated entirely to satisfy the ambassadors. It is understood that in the note there is expressed the hope that the reply will finally dispose of the disarmament question and leave nothing in the way of speedy evacuation of the Cologne zone.

LONDON MAN APPOINTED

E. Thomas Distributor for Deer Scale Company, Successor to Brantford.

E. Thomas, of 80 Byron avenue, has been appointed head of the A. J. Deer Scale Company for London and Windsor. Mr. Thomas has had a very thorough training in all branches of the business and is in a position to give the people in his new territory good service.

For number of years Mr. Thomas represented his company in Saskatchewan and other Western provinces. His wives and also members of his family every success in the new district he is to open.—Advt.

TURKISH PRESIDENT UPSETS MORE CUSTOMS

At State Dinner Dance Kemal Pasha Asks Women To Uncover Faces.

ANGORA, Turkey, Nov. 12.—President Mustafa Kemal Pasha has again upset Turkish traditions. At his first official dinner dance, which was attended by all members of the Cabinet and their wives and also members of the diplomatic corps, the president made a speech in which he asked all the Turkish ladies present to uncover their faces and their entire heads.

The whole company then danced an old-time Turkish dance which Mustafa Kemal is anxious to make popular.

The men of the party also were bareheaded, as the fez, formerly worn indoors as well as outside, is no longer permitted. Heretofore, Turkish women who attended mixed parties where there were non-Turks, were regarded as untruly to the Moslem faith.

PLANNED ARMED REVOLT.

ROME, Nov. 12.—The men behind the plot to assassinate Premier Mussolini planned to launch an armed revolt, if successful in removing the head of the Fascist regime, it was officially announced to-day by the investigating authorities.

SAYS CANADA HAS BROKEN PROMISES

Pledges To Soldiers Not Kept, Says Col. Calder.

AT ARMISTICE DINNER

Care of Orphans, Widows and Maimed Soldiers Neglected.

MONTREAL, Nov. 12.—Canada has broken practically every promise made to the soldiers when they went overseas. Willingness has been shown to put up plenty of monuments and tablets, but the care of the orphans, widows and maimed soldiers has been neglected.

Such was the opinion expressed by Lieut.-Col. R. L. Calder, K. C., to a gathering of over 200 ex-service men at the annual armistice dinner in Verdun City Hall last night, held under the auspices of the Verdun Branch, Great War Veterans' Association, as in former years.

Col. Calder pictured the feelings of Canada's fallen comrades if it were possible for them to return now.

"What would they say to a Canada which made certain promises to them and then broken them?" asked Col. Calder. "What would they say to Governments that have neglected the care of the orphans and wives and the returned men broken in the war?"

"There has been hardly a promise made to the men when they went out that has been kept, and hardly a promise broken in the war."

NOTHING TO ASK.

"If the 50,000 dead were to rise in their graves to-day I would not like to be the organization of this country to look them in the face and say, 'We have kept faith.'"

For himself and for the able-bodied men before him, Col. Calder had nothing to ask. He declared that the mere fact of serving in the war was reward enough. He advised his comrades not to look to the great bulk of the civilian population for appreciation.

"The history of past wars," he said, "shows that when a war is ended those who have been in it have only one thing to do, and that is to let the rest of the world forget that they went to war. If they let their services be forgotten they might be forgiven for going. The fact that they had served was the reason and right for further service."

Col. Calder directed the attention of all returned men to the task of removing sectionalism from the life of Canada, so that the country could press forward unhindered to its great destiny.

Theodore Rheame and Dr. James Guerin, both M. P.s-elect, spoke in connection with the toast to "Canada."

LEAGUE FIGHTING RUSSIAN SOVIET

Not Concerned With Peace, Says Moscow Paper.

WILL OPPOSE LEAGUE WORK

Article Refers To Shooting of Chinese Workmen.

MOSCOW, Nov. 12.—Important statements concerning Russia's entrance into the League of Nations appear in the newspaper Pravda, which voices the attitude of the Government.

"Those responsible for the policies of the great powers," says the paper in a front page editorial, "know that Soviet Russia can never enter the League of Nations; they know that the Soviet union can never agree to refer to the court of arbitration of the league such vital matters as Russia's debts and compensation of the capitalists' interests for losses they suffered during the revolution. They know that it is impossible for us to find among them neutral judges. There are no neutral judges as between the workers and peasants' state and the states of the capitalist powers."

The editorial makes reference to Great Britain's shooting of Chinese workmen and her militaristic policy in India and Egypt and to France's recent bombardment of Damascus, and remarks sarcastically: "Yet these nations call themselves peace makers."

The paper continues:

"We are convinced that the league is not occupying itself with a campaign against the military dangers of the world, but the organization of a campaign against the Soviet federation and the oppressed colonial people overseas. This work of the league we shall oppose with all the forces of the Soviet union, the revolutionary workmen of the world and the rising people of the colonies."

INNER COFFIN OF TOMB IS REMOVED

Mummy of Tutankhamen Adhering To Sarcophagus.

BEAUTIFUL ART WORK

Several Days To Remove Mummy Safely From Shell.

CAIRO, Egypt, Nov. 12.—The inner coffin of Tutankhamen's tomb, containing the mummy, has been removed from the pharaoh's tomb to this city, near by, for examination. The coffin, which is of human shape, with a painted face, believed to represent the features of the young king himself, is one of the most beautiful pieces of work discovered by the Egyptologists.

The mummy, however, was found to be adhering to the sarcophagus, owing to the liquids poured over it in the ceremonies whereby the pharaoh was deified as a god. All those at the removal of the coffin from the tomb were greatly impressed by the beauty of the art lavished upon it by the ancient artisans. Several days of extremely careful work will be required to detach the mummy safely from the adhering shell.

RE-ELECTED PRESIDENT

DETROIT, Nov. 11.—Rev. M. Madeline Southard, of Winfield, Kansas, was re-elected president of the International Association of Women Preachers at to-day's session of the association's annual convention here.

IMMIGRATION LAW IS DECLARED LAX

Subnormal Mental Cases Being Admitted, Says Educationist

URGE GOVERNMENT ACTION

Canadian Educational Association Would Tighten Restrictions

OTTAWA, Nov. 11.—(Canadian Press Dispatch.)—Loopholes in Canada's immigration barrier are allowing half-wits and subnormal mentalities to slip into the Dominion and become absorbed in the population, according to a resolution which was framed at the afternoon session of the Canadian Education Association here to-day and which the association will be asked to endorse to-morrow.

The resolution, which was proposed by R. H. Cowley, of Toronto, a leading educational authority, asks the federal authorities to tighten the immigration restrictions. Mr. Cowley declared, in presenting the resolution, that he knew of a large number of cases among school children in Toronto in which children came to Canada from overseas during the past two or three years. He stated that he had proof of 35 cases of immigrant children who entered Canada during the past three years who are of subnormal mentality and who will undoubtedly finally be a charge on the community. These cases have been discovered in the City of Toronto alone, and Mr. Cowley believed that they must be general in large Canadian cities.

WORLD MAP.

Another important resolution offered by the Toronto educationist for the consideration of the association affected a world map. Mr. Cowley said that he had failed to find one proper map showing after-war conditions in the world. He suggested that the resolution committee of the association study recommendations that an up-to-date map of the world would be welcomed for use in Canadian schools.

Such a map, he suggested, should show the significance of the Singapore naval base in relation to world trade routes, the cruising areas of naval forces belonging to foreign powers, and the relation of British territory to the rest of the world as a result of post-war rearrangement of countries. These resolutions will be reported on at the association meeting to-morrow.

J. E. Benson, inspector of schools, Windsor, Ont., described the rotary system in schools under his charge. These allow of special instruction in selected subjects and special classrooms for the teaching of these subjects.

To-morrow the association will elect its officers and hear reports of committees and reports on educational progress in Canada from representatives of the various provinces.

TO DARKEN HAIR APPLY SAGE TEA

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray.

Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use for only 75c. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared and after another application or two your hair becomes beautifully dark, glossy, soft and luxuriant.—Advt.

DISCOVER PLOT AGAINST GEN. PRIMO DI RIVERA

LONDON, Nov. 12.—Reports received to-day through Paris, that a widespread plot had been discovered in Spain against Gen. Primo Di Rivera, head of the military directorate, were denied by the embassy here.

There was no question of widespread trouble, the embassy stated. It was admitted there had been difficulties in one regiment at Covicongo over military awards, but the trouble, it was declared, was purely local.

The British foreign office has heard nothing of any untoward events in Spain.

ESTATE MISMANAGED, FINDING OF REFEREE

Says Late George Jay Gould Made Speculative Investments Never Intended.

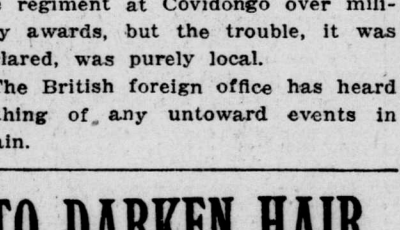

NEW YORK, Nov. 12.—James A. O'Connell, referee in the Gould accounting case, has handed down an opinion holding that the late George Jay Gould had mismanaged the \$22,000,000 estate of his father, Jay Gould, railroad builder and financier.

Suit was brought eight years ago by Howard, Edwin and Helen Gould, brothers and sister of George Jay Gould, asking an accounting from their brother, who was an executor of the estate. He died on May 17, 1923. After his death his estate was made defendant in the action.

"My conclusion is that the investments in connection with the Gould railroad system were speculative undertakings beyond the powers enumerated in the will. None of these securities were purchased by the estate because the securities were believed to be desirable investments, but were acquired solely for the purpose of supplying the Missouri Pacific Railway System with funds which were used in part to make payments on account of unsecured loans made on the estate."

How Long Since You've Had PANCAKES

DELICIOUS, golden-brown pancakes that melt in your mouth—wouldn't you just love to have them again? White Swan Pancake Flour makes them. Ready for instant use. Just add milk or water. Never a failure because the absolutely pure ingredients are expertly mixed. In sealed packages only. One package makes about 100 pancakes.
