**RITTEL-FRITZ MARRIED**

Second Son of Emperor William Now a Benedict—The Duchess Sophia of Oldenburg was the Bride.

The holiday merriment laid aside by Berlin last June was again donned last week, the occasion being the marriage of Prince Rittel-Fritz, the second son of Emperor William, to the Duchess Sophia, Charlotte of Oldenburg which occurred last week. The wedding was almost an exact replica of the event of last June when the German Crown Prince Frederick was married, and the new royal couple was given as a rousing a reception at the Crown Prince and his bride received.

As part of the wedding pageant, the Duchess Sophia entered Berlin Monday evening, passing through a flower and banner bedecked way to the castle, where the Emperor, surrounded by his family and numerous German princes welcomed her. The singing of the Duchess, Princess Frederick Karl of Prussia, drove with her in her entry to Berlin instead of the Empress, who was indisposed during the week.

As is usual with such ceremonies the hotels in Berlin were filled with the members of the minor German royal families, and they made a picturesque scene with their gorgeous suites at the opera and the grand banquet which they attended, and later formed a rich setting of costumes and uniforms for the wedding ceremonies, the three in number. The singing of the marriage contract under the statutes of the house of Hohenzollern occurred Monday; the administering of the civil law on the took place Tuesday, and the final ceremony of the religious rites in the chapel of the castle were performed Wednesday. Dr. Dyrander, the court chaplain, conducting the service.

Emperor William and Empress Augusta Victoria also celebrated their silver wedding anniversary last Tuesday, and cablegrams and telegrams of congratulation came from all over the world. Their Majesties, according to their resolutions announced months ago, did not receive presents from their subjects, except the money for charitable uses which many municipalities and numerous mercantile companies and private individuals have donated, out of respect for the Emperor and Empress, for new hospital extensions or for founding new institutions for the relief of suffering, estimated at ten to twelve millions. Such an outpouring of donations is quite without precedent in Germany. About one hundred annexes or new foundations were dedicated in Prussia Tuesday, all receiving the names of the Emperor or of the Empress.

One of the gifts to the Emperor on his silver wedding anniversary was that of \$250,000 from the widow of Her Krupp, the great gun maker.

**Youthful Elopers Caught in Boston**

Kentville Couple Arrested, but on Proving Marriage, Were Released.

Boston, Mar. 1.—The Cambridge police arrested last night and released today in Court on their promise to return home, Mr. and Mrs. John F. Jenkins, aged sixteen and fourteen respectively, who had eloped from Kentville, N. S., several days ago.

The first news received that such a young married couple was in this vicinity, was contained in a letter to the Boston police from Mrs. George Adams, of Kentville, N. S., mother of the young girl, who had eloped with her daughter and sent her back.

A possible address was given, and Inspector McGarr sent out to Cambridge and with Captain Hurler, they were arrested, though they proved that they had been legally married at Wolfville, N. S., by Rev. Mr. Spiddell. At first the young wife was disinclined to return to Nova Scotia, but when she read her mother's heartrending letter she consented to go. The young husband was separated from his bride, and walked disconsolately out of the court room. Jenkins said he had conducted a grocery in his home city, but decided he could do better in Boston, and asked the Adams girl if she would marry him and come with him.

**ROSY CHEEKED BABIES**

Nothing in the world is such a comfort and joy as a healthy, hearty, rosy-cheeked baby. But the price of baby's health and happiness is constant vigilance on the mother's part. The little ills of babyhood come suddenly, though they do not always be in a position to treat them at once. In promptly relieving and curing the ills of babyhood our equal Baby's Own Tablets, and they are guaranteed absolutely free from opiates and harmful drugs. Mrs. Wm. Sinclair, Hebron, N. B., says: "Baby's Own Tablets are the best medicine I know of for curing the ills of young children. I always keep the Tablets in the house, and do not know how I could get along without them." Sold by all medicine dealers or by mail at 25 cents a box, from The Dr. Williams Medicine Co., Brockville, Ont.

**Canada to Look After Falls**

That Canada does not intend to let the Niagara Falls go to ruin through the work of the power companies is evident from the action of the Hon. C. S. Hyman, minister of public works, who has suggested that a commission be appointed that data may be obtained to the extent to which the scenic beauty of the Falls is being impaired by the encroachment of power companies. He has made the suggestion that an international waterways commission be appointed and expert obtained to make surveys and compile the necessary information that will show whether the Falls are being defaced or injured.

**Do Not Neglect a Cold**

Never allow a cold to take its course. Too often at this season of the year its course is toward pneumonia, Chamberlain's Cough Remedy will promptly cure your cold and counteract any tendency in this direction. There is nothing better for acute throat and lung troubles. For sale by S. N. Wear.

**Growing Boys**

Need an 'Occasional' Tonic to Maintain Strength and Keep the Skin Clear.

On every side one sees young men and growing boys with pale, pasty complexions, their faces covered with pimples and their hair thinning and falling. Such a condition is extremely dangerous—the blood is out of order—a complete breakdown may result. To put matters right, to give that spring to the step, that clearness to the skin and that glow of active health to the face, a tonic is needed—Dr. Williams' Pink Pills are needed. As proof of this, Mr. Charles Diefenthal, 12 St. Ursula street, Quebec, says: "Frequently my studies necessitated my remaining up until a late hour. The result was that my system gradually weakened, and in December, 1903, I seemed to collapse. I was completely run down and went under the care of a doctor, but instead of gaining strength, I seemed to grow weaker. I could not take solid food, did not sleep well, and weakening night sweats gave me further cause for alarm. Dr. Williams' Pink Pills were brought to my notice and I began their use. Almost from the outset they seemed to help me, but it was some weeks before there was a material change for the better. From that on, however, recovery was rapid, and in a couple of months I was as well as ever. I had been, and able to resume my studies."

Every dose of Dr. Williams' Pink Pills makes new, rich, red blood; every drop of pure blood gives strength and vitality to the whole system, and this strengthens the health. That is why Dr. Williams' Pink Pills cure such cases as anaemia, all stomach and kidney troubles, St. Vitus dance, heart palpitation, the afflictions known only to growing girls and women, and a host of other ailments from which both young and old suffer through bad blood. Sold by dealers in medicine or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams Medicine Co., Brockville, Ont.

**MARINE**

New York, Feb. 16.—Leaving behind their commander, Captain Edward Swallow, who will stay by the ship which is stranded on the reefs of San Andreas Island, S. M. Coombs, 1st officer; Anthony Carlson, chief engineer, and seventeen others, the crew of the Donald liner David, arrived yesterday from Colon on the Panama, one of the Panama Railroad line.

In a rain, the David with a cargo of steel rails ran into the coral reef in a heavy gale on the morning of Feb. 5, and the next day a volunteer crew manned the lifeboat and sought success when the vessel seemed doomed.

Coombs told yesterday how with six men he sought to find a landing on the coral key three miles from the reef on which the David was pounded. The second officer, Leon, and two men had undertaken the task and had returned after their boat had been blown away. Captain Swallow then called for another crew to go out and seek a landing, so that provision could be set ashore.

For three hours in the breakers Coombs and his crew sought to find an opening among the jagged rocks and reefs narrowly escaping losing their lives, as the surf lashed them among the rocks. Finally they gave up the task and returned to the ship. Then suddenly the sea calmed, and Carlson and two men set out for San Andreas Island, sixteen miles away, and before eight a swarm of craft, of all description, came out from the island.

Coombs said that he had to dive the would be rescuers from the decks in order to save the moveable belongings of the ship, but three boats were hauled and all swept overboard, well left the David. They shook hands with him and left him standing alone on the deck, and that night in the little schooner Amazon, they left San Andreas for Colon, 230 miles away, which they reached two days later.

Owned by the Donald Steamship Co. of No. 18 Broadway, the David left Baltimore Jan. 27 for Port Limon, and from the first the voyage was a rough one until the vessel finally stranded on the rocks.

New York, Feb. 16.—After drifting for eight days in a sea which threatened hourly to break to pieces their schooner, eight men and a woman stood on Tuesday afternoon with life preservers on, ready to jump into the sea, when they were picked up by the Rio Grande, a freight steamship. The crew of the schooner, No. 23 South Brooklyn, and set out for their home near Portland, Me.

Loaded with timber, the Winnifred A. Floran, of New London, a four masted schooner, was twenty miles off Virginia Beach, bound for New York when a gale blew up. Part of her cargo shifted and she listed to port. Then several of the timber slid off and pounded holes in her side, so her hold filled with water.

Capt. F. A. Hart lost control of the schooner and she began to drift. In vain the eight men worked to right her with pump the water out, for sea swept over her and threw her nearly on her beam ends. Mrs. Hart, wife of the captain stood the strain for three days and assisted in caring for the men as they gave up. Then, her nerve too, failed. All hope of saving the schooner was given up after the fourth day, and the crew's only hope was to save themselves. For two days Mrs. Hart was lashed in a berth.

Captain Davidson of the Rio Grande was having his hands full Tuesday afternoon in one of the heaviest blows of the season, making his way from Brunswick, Ga., to New York, when sixty miles off Cape Hatteras, he sighted the Floran. When half a mile from the wreck, Mr. Joyce, the first officer, put off for her with six men. Rowing under her lee he called to the crew to jump. Mrs. Hart was the first to leap. She landed in the arms of a sailor and collapsed. Then Joyce's boat was swept away by the gale and he had to circle the wreck to get under her lee again. Three of the crew jumped, including Capt. Hart.

Not daring to carry more than three passengers Joyce put back for the Rio Grande through a sea filled with ice. On his second trip, with a crew of six, he got the rest of the men, although one fell overboard and was saved with difficulty.

**THIS PRETTY CANADIENNE**

Saved From Terrible Kidney Disease By "Fruit-a-tives."

"I have much pleasure in reporting to you the great benefit I have received from taking 'Fruit-a-tives'—and I feel that I cannot say too much in favor of a medicine which has done me so much good. I was a martyr to that distressing complaint, chronic constipation accompanied with severe headaches, backache, sick stomach and all the symptoms of dyspepsia. I had also a dreadful complexion, sallow in the extreme and black under the eyes. I had every symptom of kidney irritation and I had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies but received very little benefit. Last May I was advised to try 'Fruit-a-tives' and when I began to take them I had little faith of getting anything to give me permanent relief, but after I had taken half a box of 'Fruit-a-tives' I began to feel better and before I had finished one box the constipation was relieved, the headaches left me, the pain in my back was better and I could sleep as soundly as when I was a child. Also, my complexion began to clear up again, all the sallowness disappeared and the black circles under my eyes went away. The pain in the back gradually left me and all signs of kidney disease disappeared by the first of August after I had taken three boxes. Since then I have continued to improve and now I have none of my old symptoms and my appetite is good, digestion splendid and my complexion as clear as when I was a young girl. Also the constipation from which I had suffered so long has been entirely cured and it is not necessary for me to take the 'Fruit-a-tives' now as I am quite well in every way. I took no medicine but 'Fruit-a-tives' but I followed faithfully the directions as to diet etc. given in the pamphlet which accompanies each box of 'Fruit-a-tives.'"

(Sgd.) FLORENCE JAMISON.

Every part of the body is constantly decaying and being renewed. The dead cells, or tissue waste, should be removed by the skin, kidneys and bowels. When these organs do not act regularly, this poisonous matter stays in the system—is taken up by the blood—carried to heart, liver, stomach, brain and nerves all over the body—and poisons everything it touches.

"Fruit-a-tives" keep each organ clean and healthy. "Fruit-a-tives" act on the skin, stimulating the millions of minute glands and opening the pores so the waste can escape. They act on the liver sending more bile into the bowels and making the bowels move regularly and naturally every day. They act on the kidneys, strengthening and invigorating these organs and curing all kidney disorders.

At all druggists or sent postpaid on receipt of price—  
50c. a box or 6 boxes for \$2.50.
