PRODUCE STAKES.

We are pleased to learn that a proposition has been made by the owners of a couple of our thoroughbred stallions to catablish a Stake, which will be open to the get of horses owned by gentlemen conforming to the cond tups of the stake. It is proposed, we believe, to make the entrance \$50 or \$100 each to all owners of stallious who wish representative colts or filles by their respective herses to take part in the stake. The movement is yet in its infancy, and the forme tion is ciude, but the intention is evilent. It is to bring together the youngsters sired los our leading theroughlands in a grand speed contest. It has been submitt I that a The cof tour, five, or six tarlea asshould be the vertisement.

THE PICTON TROUBLE.

We have received another letter from " A V clim " on the late vacco at Picton. He sends us an envelope post-marked, Cobourg, June 29, and Picton the same date, and asks us if the entry was gool. So far as this quistion is concerned the Dominion Rales provide that all left ers or entries bearing the post mark of the day of closing shall be cligible. In reference to the cheque, "A Victim" thinks the President of the P.D.P.A. knew perfectly well that Mr. Williams' credit was good for the amount of the paltry entrance fee. This is the gist of our corres- seems to have Gulston on the brain. pondent's letter, leaving out some personal recriminations which would answer no good purpose to publish. Both parties have now had their say in the Sporting Times, and so of any practical value, we would willingly allow both the principals space ad libitum. Owing to the disorganized condition of Torf management in Canada there is no and cap. body or court to which such disputes can be referred for settlement, and so far as the general public are concerned, they are only interested in the matter as a soundal.

OGDENSBURG RACES.

The Oswegatchie Agricultural Society publish in to-day's paper the programme of THE UNCERTAIN KENNEBECCASIS. the speed premiums that will be given at tuir eighth annual fair on Sept. 10th, 11th and 12th next. The sum of \$8,575 is offered for twelve different events, comprising running, hurdling and tretting. The trotting classes are graded as follows: 2:50, 2:10, 2:84, 2:28, free for all, and a four year-old race. The speedief class is provided for by dashes of 1½ miles, 1½ miles, 1 mila and 75 yards, and mile and a half heats. The mile and a half dash is for horses bred in the Doracing stake to be known as the Produce minion of Canada, and has an allowance for maidens and horses that have never won over \$100. It will be run under American Jockey Club weights, which are as follows: 3 years, 103 lbs.; 4 years, 119 lbs.; 5 years, 124 lbs.; 9 years and aged, 126 lbs. of the world should make up their minds The hurdlers have two races, both handi-caps, two miles. TRAMP'S GOSSIP.

Good racing at Saratoga this last week, a emple of "lastest on record" having been made, the very neatly pamed Bonnie Wood winning a 5 furlong race in 1m. 21s., and Duke of Magenta making best time at 14 miles for a thros-year old with 118 lbs. up. The Flash Stakes was also run in good time, Harold, by Leamington, winning in 49 ts. Grey Cloud found Trouble rather too troublesome for nim at Saratoga. The Texas horse, General Phillips, must have sadly disappointed his party.

One good result of the Hanlan-Ross match is that the folly of going to St. John to row is completely established. Hitherto the oarsmen of that town have justed, when beaten the Kennebeccasis River, and they have gommonly found opponents silly enough to go there and try their mettle. The result has been that when a man cannot be beaten he is worried to death. The nervous strain which Haulan has undergone for the last few days of continuous expectation and continuous postponement is enough to break down anybody made of flesh and blood. Ross is at home and knows what to expect, and therefore he can take the delay cooly. Let this race turn out as it will, the boatmen that their St. John rivals must be content to learn to do their best on other courses or else Pools will be sold always insisting upon having races there is

The owners of the horses which have been doabtless will be pleased to learn that Mr. Vail, the Secretary of the National Trotting Association, is keeping a list of which he will make good use. Every horse which starts in a race in which the time is suppressed, is, by operation of the rules, expelled from associate tracks. In endeavoring to be penny sharp, these owners are pound foolish. Stop the "no time" business or take the consequences .- Turf.

The well-known pross-country rider. Dick Young, received a pretty severe tumble at Saratoga, on Saturday last. He was riding ly recovering from the effects of the kale Mr. Mead's mare, Passion, by Red Eye, dam Sympathy, in the hurdle race, when she struck and fell at the third hurdle, coming down on top of him.
