WHAT IS CATARRH?

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite *ameba* in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbidity of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxomoea, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat: up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death. Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue. Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers—**Toronto Mail, Messrs. A. H. DIXON & SON,** 305 King St. West, Toronto, Canada. DR. LOW'S WORM SYRUP will remove Worms and Cause quicker than any other Medicine.

Scientific and Useful.

A ROOM crowded to discomfort with furniture and ornaments, no matter how costly, is never restful and homelike, and always suggests the museum or the shop.

To remove the stains of French shoe polish, either from woollen or cotton goods, wash the spot with tallow soap and let it stand for an hour or so, then wash in clean water, and afterwards proceed as with any soiled article.

THE FAITH CURE.—This new theory of cure is rapidly growing in fashion, but is illogical in reason and science. Faith without works is dead. Those who have faith in Hagyard's Yellow Oil have its good works to assure their faith. It is an unfailing external and internal relief for aches, pains, lameness and soreness.

A TEASPOONFUL of borax put in the last water in which clothes are rinsed will whiten them wonderfully. Pound the borax so it will dissolve easily. This is especially good to remove the yellow that time gives to white garments that have been laid away two or three years.

COUGHS and colds are often overlooked. A continuance for any length of time causes irritation of the lungs or some chronic throat disease. Brown's Bronchial Troches are offered with the fullest confidence in their efficacy, giving almost invariably sure and immediate relief. Twenty-five cents a box.

No matter, how large the spot of oil, any carpet or woollen stuff can be cleaned by applying buckwheat, plentifully and faithfully, brushing it into a dustpan after a short time, and putting on fresh until the oil has all disappeared. Never put on liquid of any kind to cleanse such a spot.

DR. A. R. SCOVILL, of Cincinnati, says: "For coughs and all the early stages of lung complaints, I believe it to be a certain cure; and if every family would keep it by them, ready to administer upon the first appearance of disease about the lungs, there would be very few cases of fatal consumption."

COLD MUTTON BROILED.—Cut in thick slices cold boiled leg of mutton; it should not be cooked too much or it will fall into pieces; put on it salt and pepper, and then broil it. Let it be very hot, and add a thick sauce flavoured with fresh tomatoes, or tomato sauce and serve.

WEATHER PROBABILITIES.—The probabilities are that we shall have much damp, chilly, sloppy weather during the coming season—just the weather to contract sudden colds. Be prepared for them by having on hand Hagyard's Pectoral Balsam, a safe, agreeable and speedy cure for colds and their consequences.

RAISED BREAKFAST CAKES.—Scald one quart of milk; into this, while hot, put a piece of butter the size of an egg; when lukewarm add one beaten egg and a teaspoonful of yeast, then stir in flour enough to make a stiff batter; cover and rise over night; in the morning stir, put in muffin pans and rise again; when light bake quickly. They can be made at noon and will be ready to bake at tea-time.

MARYLAND CABBAGE PICKLE.—One large head of cabbage cut fine, three large red peppers, and three large green peppers chopped fine, one piece of horseradish. Sprinkle with salt and let it stand two hours. Drain off the brine, pack in a jar, having mixed one ounce of white mustard-seed through it. Cover with vinegar and it will be ready for use by next day.

THREATENED DANGER.—In the fall of 1884 Randall Miller, of Maitland, N. S., was prostrated to his bed with an attack of incipient consumption. Cough remedies all failed. He rapidly grew debilitated, and friends despaired of his recovery. He tried Burdock Blood Bitters, with immediate relief, followed by a speedy cure.

CORN BREAD.—Put two tablespoonfuls of wheat flour into a quart measure and then fill it with Indian meal. Turn this into a sieve, adding two teaspoonfuls of sugar, half a teaspoonful of salt, two teaspoonfuls of cream tartar and one teaspoonful of soda. In place of the cream tartar and soda, two heaping teaspoonfuls of baking powder may be used. Sift all into a bowl and mix with one quart of milk, one egg and two teaspoonfuls of melted butter; beat thoroughly and pour into a medium-sized dripping-pan well greased; bake in a good oven. When done, cut it in squares and serve hot for breakfast.

Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES.
Is Excellent in Lung Troubles.

Dr. ENOCH CALLOWAY, LaGrange, Ga., says: "I have used Scott's Emulsion with wonderful success in all Lung troubles, also find it has no equal in Summer Diarrhoea of children."
