A VALUABLE WORK

FOR MINISTERS AND STUDENTS

The ever-growing interest in New Testament subjects—so generally and so intelligently discussed now-a-days—makes it desirable that the general reader, who would be well informed on current topics, should have some acquaintance with the relation of the standard English version to the original text, while a still more intimate knowledge on the part of the clergyman and the Bible Class teacher would seem almost imperative. Toward this end no aid is likely to be more helpful than the Interlinear New Testament.

There are many other reasons, scarcely needing mention, why the Interlinear New Testament should be at the elbow of every intelligent person who either is or hopes to be posted on general topics. Not the least of these reasons is the facility with which it enables one, even if rusty in his Greek, to put his finger on the original Greek word or phrase, and at the same instant upon an absolutely literal rendering. To many it will promptly repay its cost in the time saved from turning to a Greek lexicon.

The Interlinear New Testament will be needed by every minister, and Theological student, as well as by many students of Greek in Schools and Colleges. Of course, no working library is complete without such a book.

As in 1st Corinthians XIII., the word "charity" must be read "Love," so in thousands of similar instances some other word will enable the Bible teacher to clarify the text. In all these instances that other word "the word that illumines" is brought to the tip of one's pen at a moment's notice by

The Greek-English Inter-linear New Testament

Royal 12mo, 670 pages. With Footnotes. And with the standard English version arranged in the margin of each page in a column parallel with the interlinear page and furnishing an ideal New Testament in every respect.
