Montreal Stock Market.

DULUTHS PROMINENT—STREET RAILWAY REACTS SLIGHTLY—COTTON STOCKS WEAK—MARKET GENERALLY FIRM.

Business was active and well distributed, orders amongst the Brokers being plentiful. This was especially noticeable during the opening hour of business. Up to 11 o'clock as many as nine different issues were dealt in, but interest centred in Duluths, which sold heavily at 5 and 4½ for the common, and 12½ to 13 for the preferred. In New York it sold up to 5½ for the common and at 13 for the preferred.

Canadian Pacific was quieter than yesterday, although it was well held and firm. The buying was of a distinctly good character around 90, mostly by one leading firm whenever there was any offering under 90. It was not dealt in at all on the New York board this morning. It, however, closes with a strong appearance and looks like going higher.

The weak features in the market were Colored Cotton and Street Railway. They were not, however, heavily dealt in. Montreal Street closed at 328½ asked and 327 bid for the old issue and 328-327 for the new.

Payne Mine was inclined to react from best. It lost nearly half of its former gain of yesterday, but quickly regained its decline. It closed with sellers asking 390 and buyers offering 356.

A few bank shares were traded in at steady prices. Seven shares of Bell Telephone selling for 176. 25 Royal Electric for 18½ and 100 shares of Richelieu at 109½ to 110. Prices on the whole were well maintained for the half holiday. The market closing with a strong tone more especially so in the speciality issues.

War Eagle was dealt in to the amount of nearly 15,000 shares, it was however traded in on a downward scale, after having opened at 360, it sold steadily down to 364 where it closed.

Montreal-London also suffered in like degree during the early sale 72 was recorded, but on the sale of some 1500 shares it lost a couple of points and closed at 70½.
