NATURAL GAS AT MEDICINE HAT

MEDICINE HAT, in the Canadian Northwest, is a natural gas city. Twelve gas wells are in operation. One gas well has a flow of 1,100,000 cubic feet per day. Gas is found at a depth of 600 to 1000 feet. The town owns the gas system and sells gas to over 400 customers at seventeen and one-half cents per thousand. On January 24th the Canadian Pacific Railway struck an immense gas flow at Medicine Hat. Medicine Hat is the best place to live in the West. More comforts and conveniences. Medicine Hat wants manufacturers, and wants people. Address F. G. FORSTER, Mayor, for further information.
