

The Week.

St. John parties expect to ship one thousand head of cattle to Europe this fall.

Ottawa, Oct. 18.—The first construction train was run over Chaudiere Railway Bridge on Saturday.

Virginia raised 1,550,000 bush. of peanuts this year; Tennessee, 550,000 bushels; North Carolina 120,000. This is the largest crop ever grown in the United States.

In his speech at the Farmer's Dinner, Charlottetown, Hon. J. C. Pope announced that the next Dominion Exhibition will be held in one of the Maritime Provinces.

LONDON, Oct. 6.—A battalion of guards will shortly be sent to reinforce the troops in Ireland. A despatch from Dublin states that a number of hay racks were burned, in Ballysart and Ballinmore.

Archibald Forbes the great War Correspondent arrived in Halifax from New York on Monday. The officers of the North British Society entertained him at dinner at the Halifax Hotel the evening.

Berlin, Oct. 16.—The National Zeitung today discussing the Eastern Question says that Prussia Bismarck maintains that Turkey has the fullest right to exist as a nation, if she fulfils her engagement and Treaty stipulations.

The Montreal Star, referring to the Railway Soudicate, says the Bank of Montreal, it is understood, is deeply interested, and has undertaken to float the first issue of bonds to the amount of £10,000,000 sterling.

A year ago, Messrs. Fleming & Sons, St. John, received an order for nine heavy freight engines. They have already turned out two, and a third is nearly finished. They are fitted with heavy boilers, and six driving wheels.

Change of Day.—The Allan Steamers sailing fortnightly from Halifax for Liverpool, G. B., via St. John's and Queens-town, commencing with the Caspian 25th Oct., will leave at noon on Monday instead of Tuesday as heretofore.

The Secretary of the Halifax Rowing Association acknowledges the receipt of one thousand and seven dollars, being the amount subscribed by the citizens to defray Warren Smith's expenses in crossing the Atlantic to row in the Hop Bitters Prize Regatta.

Cologne, 16.—At noon today the Cathedral festivities closed with a grand historical procession, which proved to be of far greater interest than yesterday's religious ceremonies. In those ceremonies, the only point worth noticing was the Kaiser's speech which seemed to breathe a spirit of reconciliation between Church and State.

Work has been begun upon a new family hotel to face Central Park. New York, on Eighth avenue and extending from Seventy-second to Seventy-third street, which it is designed shall be not only the largest but the completest hotel of the kind in the country. Mr. Edward Clark, President of the Singer Manufacturing Company, is the proprietor, and he proposes to expend over \$1,000,000 in the building alone. The building will be nine stories high, with a peaked roof, and will occupy the whole frontage of the block on Eighth avenue, 204 feet, and will present fronts of 200 feet on Seventy-second and Seventy-third streets. The style will be Renaissance, of the period of Francis I.

Two special trains left this Station for Quebec yesterday, carrying for shipment from that port to England, some of the finest beef cattle that have ever left a Canadian port. What is more important the cattle were obtained exclusively in the Provinces of New Brunswick and Nova Scotia. The first train consisted of ten cars, carrying 150 head; the shipment of Messrs. Coughlan and McDonald. The most of these cattle came from St. John by rail on Tuesday last, having come to that city by steamer from Nova Scotia. Some of them were shown at the Kentville Exhibition. The second special consisted of ten cars of cattle, and one car of potatoes for food, the latter having been purchased at Shediac at fifteen cents per bushel. There were also 150 head of cattle in this shipment, the shippers being Messrs. W. & A. Fawcett, Sackville; H. Humphrey, Sackville, and John Avard, Shemogue.—Saturday's Moncton Times.

CANT PREACH GOOD. No man can do a good job of work, preach a sermon, try a lawsuit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See "Truth" and "Proverbs," other columns.

The Leaflet of Sunday Teaching, A for Younger B for Older Scholars

The release of the Leaflets of Vol. II of the above well-known publication containing lessons on the historical events of the Old Testament Scriptures and on the latter half of the Church Catechism with special lessons for the Christian Seasons, will commence previously to Advent Sunday.

Leaflets for the Little Ones, (The single series already published) are also in course of revision for the year 1880-81.

BRYAN'S ELECTRIC BELT.

THE ONLY GENUINE.

A SELF CURE WITHOUT MEDICINES

A Marvellous Remedy

Intelligently Applied.

PATENTED 1874 & 1877.

Dyspnoea, Paralysis, Kidney Complaints, Impotency, Weakness, and Physical Prostration.

It Gives New Life and Strength to the Waning Organism.

DWIGHT KING, Esq., Albany, N. Y., says: "I feel that I have fixed my feet." Geo. A. Preston, Esq., Birmingham says: "It has stopped the principal trouble." Edw. Wilkins, Esq., New York, N. Y., says: "It acted soothly and I ran over the 'debility'." Wm. F. Greenleaf, Union, N. Y., says: "It has made a new man of me." M. S. J. PARKER, Oswego, New York, says: "It has done me a great deal of good, and carried me through another year, and I have gained eight pounds of flesh, and my dyspepsia is removed." Any one needing further information is requested to address the office of this paper, or to H. N. MALLOY, 147 E. 15th St., New York City.

SUBSTITUTES!

The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of Pain-Killer, they unobtrusively discover that they are "sold out," "but have another article in its place, if not better," which they will supply at the same price. The object of this deception is transparent. These substitutes are made up to suit the great reputation of the Pain-Killer and being composed of the very best and cheapest drugs, are bought by the dealer at about half what he pays for the genuine Pain-Killer, which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the genuine.

FOR CHOLERA MORBUS, CRAMPS, AND ALL SUMMER OR BOWEL COMPLAINTS

PERRY DAVIS' PAIN-KILLER

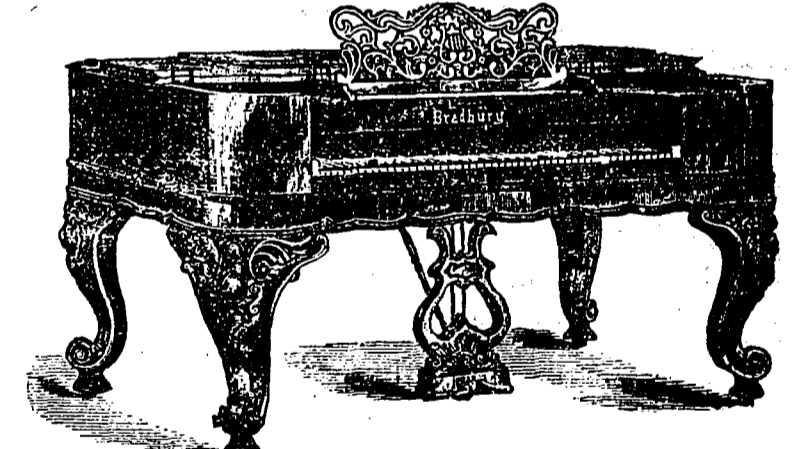

IS UNEQUALLED. IT CURES ALMOST INSTANTLY.

The PAIN-KILLER is put up in 2 oz. and 5 oz. bottles, retailing at 25 and 50 cents respectively,—large bottles are therefore cheapest.

SOLD BY ALL MEDICINE DEALERS.

BROWN BROS & CO. Halifax, Oct 12th, 1880.

Depot for Simson's Concentrated Extract of Coffee.

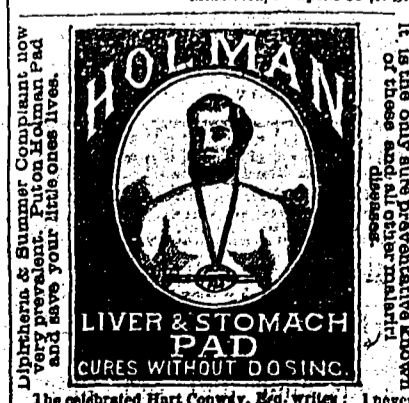

GATES' LIFE OF MAN BITTERS.

AND INVIGORATING SYRUPS.

From the Roots and Plants of Nova Scotia. For purely manufactured by Mrs. Gates, of Halifax, who was prominent in the case of Liver Complaint and Dropsy by many at that place, who, by judiciously selected herbs from an eminent French physician, she was entirely cured and afterwards cured hundreds of cases for which at first there seemed no hope. We offer these remedies to the public through the permission of those who at present consider they are indebted to them for the preservation of their lives. These preparations have been thoroughly tested in Nova Scotia for the last 33 years, in some of the most acute and apparently hopeless cases, which a few of the numerous certificates we possess, and which will appear from week to week in this paper, fully testify. These medicines are extracted entirely from the roots and plants of the Vegetable Kingdom, such as the Man Roots, Bar aperils, Consumption Soots, and Female Nerve Roots, &c., which make up our compound of different remedies, viz: No. 1, 2, and 3 Bitters, Nos. 1 and 2 Syrups. These are made up in a liquid or solid form, even by children and the Syrup operates as a mild and gentle physic without griping or pain and does not, like many other medicines, leave the stomach and bowels in a worse state than it found them, but will impart a healthy tone and vigour before unknown. These medicines do not contain any calomel or mineral of any name or nature but are confidently recommended and may be taken with perfect safety for all kinds of Humors, Fevers, Biliousness, Jaundice, Scurvy, Dropsy, Rheumatism, Headache, Indigestion, Dyspepsia, Back Headache, Whooping Cough, Croup, Stomach and Pin Worm, Asthma, Heart Disease, Pleurisy, Rupture, Spasms, Stomachic, Menstrual, Kidney and Gravel Complaints, Consumption, Spitting of Blood, Bronchitis, Krysipelas, and all Impurities of the Blood. All admit an effective remedy for Dropsy never was known. If your liver is torpid and hence if you are troubled with the jaundice or any of our medicine, you will find it to be a relief to the liver. It will find in them just what they want. Young ladies in particular just budding into womanhood above all others should never be without them, they are what they want at this critical period. Mothers should see to this and provide their daughters with them. Children crying their little lives away while worms eat up their vitality may be cured, their mothers should see to this and provide their daughters with them. Children crying their little lives away while worms eat up their vitality may be cured, their mothers should see to this and provide their daughters with them. Children crying their little lives away while worms eat up their vitality may be cured, their mothers should see to this and provide their daughters with them.

We do not pretend to offer them to the public as a perfect cure for every disease which every intelligent mind knows is out of the question. We only wish to make known what they positively will do and no more. Therefore we submit this statement to those who are willing to test to make a trial, their judgment we recognize and knowing it must be the same as those who have already given us so many testimonials for our medicine with the greatest confidence. It has become an undoubted fact that when the system becomes infected with malignant diseases, either in either the nervous, muscular, or fluid parts of the body, it can only be made healthy by cleansing the blood; this done the disorder disappears and nature restores her original standard. A medicine that does not therefore attack at the root of all diseases, cannot cure about one fourth of the ailments that attend them. The blood is the grand consideration and when it comes the duty of the strong as well as the weak and unhealthy, to guard well the part on which so much of our comfort depends. No one should neglect especially in the spring of the year, to take a few bottles of No. 2 Bitters and No. 1 Syrup which will extract the water and purify the blood, renovate the bowels, increase the appetite, and renovate the system. Full directions on label and wrapper. For sale everywhere at 50 cents per bottle.

Manufactured by G. GATES, SON & CO. Middleton, Annapolis Co, N. S.

ROLMAN'S LIVER & STOMACH PAD CURES WITHOUT DOSING.

The celebrated Hart Condy, Esq. writes: "I never travel now without my Pad. As soon as I get ill and consequently irritable, despondent and generally disagreeable, on goes my Pad, and in a few days my bad angel has retired into the dim distance and I am on the pleasantest terms with my good one. I don't know but that one should always have a Liver Pad to be put on at once when one feels the Christian Association Young Men's Best Companion, and a far better aid to piety than the treatise on the Crosswalk Era known as 'Baker's' 'Saints' Best' and 'Aid to Christians'." These Pads for the benefit of suffering humanity, are sent free, on receipt of price to 110 1/2 Hills Street, Halifax, with full instructions. Price 25 Cts and 50 Cts. The wonderful Absorbent Patches 50 cents each, receive the credit of curing the most obstinate cases. Dr. Bennett, of London, gives the advice of the office by letter or verbally.
