Cherry Pectoral,

For Diseases of the Throat and Lungs, auch as Coughs, Colds, Whooping-Cough, Bronchitts, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does

snown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Thront and Lungs, havond any other medicine. The meeting the control of the c cure the afflicting disorders of the Throat and Lungs heyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy, it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is, unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, Children Pecroral is invaluable; for, by its timely use, Pretronal is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It asts speedly and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchits, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection; It may be confidently relied in upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected. PECTORAL is invaluable; for, by its timely use,

OUACKS CONFOUNDED

Rheumatism and Gout have heretofore been considered by the ordinary practising physicians as incurable diseases, and the query has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail, -their long and tedious course of study-if they are obliged to acknowledge that all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations compelling the student to tread in certain well-worn paths, or suffer disgrace and ex-communication from that highly respectable order of mortals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed under the ban of censure by those self-constituted censors for no reason whatever, but that they are innovations upon a stereotyped and time honored prescription It was not so, however, with the proprietor of the

Diamond Rheumatic Cure.

for his high standing in the profession, and the learning and science of an able mind, quickly compelled the canson to succumb, and now physicians generally, all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their patients. Of course the use of the DIAMOND RHEUMATI? CURE, with out the aid of a physician, is a saving in fees to the sufferer, but the really consciention physician should rejoice at this, for the reason of the general benefits arising to mankind from its use.

Messes. Devine & Bolton: Dear Sirs-I with pleasure concede to the Agents wish that I give my endorsation to the immediate relief I experienced from a few dos s of Dr. Miller's Diamond Rheumatic Cure, having been a sufferer from the effects of Rheumatism, I am now after taking two bottles of this medicine, entirely free from pain. You are at liberty to use this letter, if you deem it advisable to do so.

I am, Sir, yours respectfully,

I heard Mr. O'Neill, of the St. Lawtories, Steamboats, Locomotives, rence Hall, speaking of your remedy. I asked him Plantations, &c., mounted in the to get me a bottle immediately, which he did with great kindness. To my great surprise that bottle has cured me entirely, and I never felt better in my life. I attribute the use of my limbs to the "Dia

MONTREAL, 18th June, 1874. DETINE & BOLTON: Gentlemen-Having been one of the many martyrs of rheumatism that I meet on my every day rounds, I was induced to try the celebrated DIA-MOND RHEUMATIC CURE. I had suffered the last five or six weeks the most terrible acute pains across my loins and back, so severe indeed that I bould hardly walk with the help of a stick. I commenced the Diamond remedy, following the direc-tions carefully,—relief came immediately with the first bottle; improved rapidly with the second, and completely cured and free from pain after finishing my fifth small bottle. You are at perfect liberty either to refer to me privately or publicly, as I feel very thankful for the relief, and sympathise with my

fellow-sufferers from Rheumatism. Yours respectfully, J. B. CORDINOE, Sanitary Police Officer, 51 Labelle Street. FURTHER PROOF.

Toronto, March 30, 1874.

Dear Sir—After suffering for the past two years with Rheumatism, I can truly say that, after using two bottles of the DIAMOND RHEUMATIC CURE I find myself free from that terrible disease. I have used all kinds of remedies and Doctor's prescriptions without end, but your simple remedy surpasses all. The effect upon me was like magic. I take great pleasure in recommending your medicine to

This medicine is prepared by a careful experienced and conscientious physician, in obedience to the desire of numberless friends in the profession, in the trade and among the people. Every bottle is warranted to contain the full strength of the medicine in its highest state of purity and development, and is superior to any medicine ever compounded for this

terrible complaint. In simple cases sometimes one or two doses suffice. In the most chronic case it is sure to give way by the use of two or three bottles. By this efficient and simple remedy hundreds of dollars are saved to those who can least afford to throw it away, as surely it is by the purchase of useless prescrip-
