DEAR SIR,-I have been informed that before having Montreal for New York on Friday last Mr. Nordheimer, who came here on business connected with the expose of the Hamburg-Signway matter induced the publisher of Canada First to print for him a dozen slips of the following paragraph, which he wrote, as be stated, for the purpose of showing to Steinway and others in New York that the parties who and control in the New York and Canadian papers had backed out, were sorry, and duly apologized, etc., etc., and with these slips in his possession he left on the afternoon wain for New York. The following is the article as handed me by the proprietor of Canada First :

THE "MUSIC AND DRAMA" PIANO ARTICLE.

AR EXPLANATION—WITHDRAWAL OF THE IMPOSITIONS AGAINST THE MESSES. NORD-

PUT-TIONS AGAINST THE MESSES. NORDHEIMER.
In our last issue, dated the 27th of January, an article appeared, copied from the Music and Drama of New York, which was written by their Montreal correspondent, Mr. A-thur J. Graham, and the various charges therein mentioned, which as seriously affected the mentioned, which as about a purple which the well-known firm of A. & S. Nordhelmer, but the store of the article in Music and Drama as well as the party therein reterred to as having purchased the plane have written letters, which purchased the plane have written letters, which we have seen, retracting the various statements, which they acknowledge were rash and unstoned it is, therefore, but right that we should make due applogy to Me srs. The above article looks incredulous in the light of the acknowledgments made by Messrs. Steinway in the New York papers this morning, that he has been shipping plaues from the Hamburg factory to A. & S. Nordhelmer, of Toronto. After explaining the whole business to his own satisfaction, Mr. Steinway goes on to say that his planes "having been partly made in the Steinway factories of America. they would stand the effects of the American elimate; but the import duty of 30 per cent is an insuperable barrier, and thus far nota single specimen has been imported into the United States. A few of them, however, have been imported into Canada by Messrs. A. &. S. Nordheimer, of Toronto"

(The italies are mine.) In the face of this statement, Mr. Nordheimer wishes Canada First, who reproduced most of the article from Music and Drama, to apologize, and throw the blame of its insertion on the N. Y. Piano Co. This Canada First declines to do. Had Mr. Nordheimer known at the time, that Stefnway, being pushed to the wall for explanations, had made a confession of the whole business in New York, he could have saved all that trouble and expense. Mr. Steinway says that "30 per cent daty is an insuperable barrier" to the importation of their Hamburg Planos into the United States. How is it that the higher duty of 35 to 40 per cont imposed by the Dominion Government is no barrier to those same Hamburg pianos being imported into Canada? The disposition to drag the N. Y. Piano Co into the controversy is easily explained. They are the ompetitor of acenis of Weber, who is the the Steinways on this continent. Put the statements of Steinway and his agent together, and we have the admission brought out by the Heward business that the Steinway Planos sold in Canada are "partially made in New York, put together in Hamburg and varnished in Toronto "

On this Hamburg-Steinway Plano business we Canadians want MORE LIGHT.

THOSE HAMBURG PIANOS.

To the Editor of THE POST and TRUE WITNESS : DEAR SIR, -The article referred to by your correspondent, " More Light," having appeared in the issue of Canada First, published yesterday, I have thought it necessary to write to the editor of that paper to correct a misstatementas to my own action in the matter. As you have published the article in your paper I shall ask you to give the same publicity to my letter.

Fraternally, ABTHUR J. GRAHAM.

To the Editor of Canada First:

Dran Sir,-You publish in your last issue an article upon the Nordheimer piano diffioulty, in which you make a statement with reference to myself, which needs correction. I have never comowledged to Meesrs. Nordhelmer or any one else that my statements in the letter to Music and Drams were "rash and unfounded," inasmuch as they were neither one nor the other, the foundation being the detailed account given me by Mr. Heward Limself, and the rashness not enter-

ing at all into the question.

I did write a letter to Messrs. A. & S. Nordheimer at their request, saying that Stein way & Son's letter and Mr. Heward's withdrawal of his charges, put a new aspect on the matter, and I further acknowledged myself satisfied by the evidence produced that the planes in question were made and recognized by the Steinways as the genuine article, and that I regretted having done thus any injustice in suggesting that the Steinways knew nothing relieve the poor little sufferer immediatelyof their importation. It now appears from Mr. Steinway's own acknowledgment that the planes are partially made in New York, finished in Hamburg, shipped thence to To-ronto and varnished in this country. Now Nordbelmers as their agents are entitled to place the onus upon the shoulders of their principals. This and this slone is the true interpretation of the ground I have taken in the matter, a fuller exposition of which will appear in next week's issue of Music and

Diseases of the Throat and Lungs.

In diseases of the pulmonary organs a safe and reliable remedy is invaluable. AYER'S CHERRY PECTORAL is such a remedy, and no othersoeminently merits the confidence of the public. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergymau's Sore Throat, Asthma, Croup, and Ca-tarrh, the effects of Ayen's Chemry Pec-ronat, are magical, and multitudes are an-mally preserved from serious illness by its timely and faithful use. Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which as they contain no curative qualities, can afford only temporary relief, and are sure to decrive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trifled with, become deeply seared or incurable. Use AYER'S CHERRY PECTORAL, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is as cheap as its careful preparation and fine ingredients will allow.
