The City does not bind itself to the execution of any
of the designs submitted, nor does it bind itself to con-
fide the direction of the work to the architect to whom
the first prize may be awarded.

dating all the municipal departments, not only as they
now exist, but with the development hereafter required
by the increase in the size of the City. The building
must in addition contain the Recorder's Court and
offices, the offices of the Police and Fire Departments,
those of the Fire Alarm Telegraph, a Central Police
Station and Central Fire Station, with lodgings for
guardians and others; the competitors to supply ground
plans, sections and elevations or facades, and the details
of the principal apartments, such as the Council Chamber
and Recorder's Court. They shall moreover supply
specifications, bills of quantities and estimates of cost
of the several works and materials. The total cost of
the building, inclusive of heating apparatus, water and
gas service, shall not exceed \$200,000.

The plans and specifications endorsed "Plans for
City Hall," shall be addressed to the undersigned be-
fore the FIRST DAY OF MAY NEXT. Each
design shall bear a distinctive motto and contain noth-
ing capable of designating the author, but shall be

The judges of the plans shall be chosen by the Mayor,
the Chairman of the Road Committee, and the City
Engineer, and their decision shall be without appeal.
