CITY AND ELSEWHERE.

A new time table will go into effect on the Northern Pacific main line on Sunday next.

St. Mary's Court No. 276 of the Catholic Order of Foresters will hold a regular meeting on Friday evening in Unity Hall.

Rev. Mr. Woodcutter was ordained priest at St. Mary's yesterday and said his first mass in the same church at 8 o'clock this morning.

Next Sunday the members of all the Catholic societies connected with St. Mary's parish will attend the 8.30 Mass to receive Holy Communion in a body.

For fine tailoring go to Wm. Markinski, Rossin House Block, near C. P. R. He does ladies, and gentlemen's tailoring in first class style and at reasonable rates. Ladies furs altered to latest fashions and repaired.

His Grace the Archbishop left yesterday afternoon for St. Isidore, Que., his family home, where his mother died a few months ago and where he hopes to view her remains and settle some family matters. He was accompanied by the Rev. Mr. Gravel, who is going to visit his aged father and a sister who is dangerously ill.

At the meeting of Branch No. 52 of the C. M. B. A. last Wednesday further important resolutions on the present phase of the school question were passed and as a result a circular is this week being sent from both the local branches to all branches in Canada giving a brief history of all the trouble from its inception down to the debate on the second reading of the Remedial Bill.

The many friends of Mr. Felix Chenier, of St. Boniface, are rejoiced to hear that he is slightly better and appears to be gradually recovering from the very serious illness with which he has been prostrated for the past few weeks. The Rev. Mr. Gravel sincerely hopes that the improvement in his condition may be sustained, and that he will speedily recover his old time health and vigor.

There is a great demand for the leaflets which are being circulated by the Catholic Truth society and it is to be hoped that the members of this excellent organization will be able to continue the good work they have thus inaugurated. To do so they must have a certain amount of assistance from outside sources, and one of the best means of helping them will be to attend the lecture and concert to be given in St. Mary's church on Thursday evening the 23rd inst.

Readers of the Review will not forget the two entertainments which are to take place this month, the one at the Church of the Immaculate Conception, on the 16th inst., when the Rev. Father Kavanagh, S. J., will lecture on "the Holy Land" with limelight views and a sacred concert will be given by the choir assisted by outside talent; and the other at St. Mary's church on the 23rd inst., when the Rev. Father Handrick, of East Grand Forks, Minn., will lecture on "Rome" and limelight illustrations of the Eternal City will be given, with other special features to be announced later. Both entertainments are for worthy objects, and should be extensively patronized.

A quiet wedding took place at St. Mary's on Monday morning, the contracting parties being Mr. John Murray, of Ottawa, and Miss Jennie Stewart, of Moosomin.

Ordination at St. Mary's.

The congregation of St. Mary's church turned out in large numbers Tuesday morning to witness the elevation of Rev. Mr. Woodcutter to the priesthood. Among those present were a goodly number of German fellow-citizens to which nationality the reverend gentleman belongs. Seats were reserved near the altar railing for the young priest's father and mother and other members of the family. Three Trappist brothers, Sebastian, Etienne and Joseph, received minor orders at the same time.

His Grace Archbishop Langevin officiated, attended by Rev. Father Guillet, parish priest of St. Mary's, and the superior of the Trappist order in Manitoba. Fathers Messier, parish priest of St. Boniface; Gravel, O'Dwyer and Blais, of Rat Portage, occupied seats in the sanctuary. Immediately after Mass Father Woodcutter blessed his aged father and mother and other members of the congregation who were invited to the vestry for this purpose. Shortly after 10 o'clock His Grace, the newly ordained priest and members of his family sat down to a recherche breakfast provided by Rev. Father Guillet.

Mr. and Mrs. Woodcutter are old residents of Winnipeg, and have the signal honor of being the first family in this city to furnish a member to the Catholic priesthood. Father Woodcutter made his theological studies at the University of Ottawa, and although a native of Germany, speaks English, French, Hungarian and Italian. Owing to this fact, His Grace the Archbishop, has appointed him a missionary to the various settlements of foreigners throughout the archdiocese. Mr. and Mrs. Woodcutter were the recipients of many congratulations. This morning at 8 o'clock Rev. Father Woodcutter celebrated his first Mass at St. Mary's, and the pupils of St. Mary's academy had charge of the musical part under the direction of Sister John.

C. M. B. A.

The members of the St. Boniface Branch of the C. M. B. A. attended early mass at the cathedral in a body and had the privilege of receiving holy communion from the hands of His Grace the Archbishop, who also preached a most eloquent sermon in which he highly praised the objects of the C. M. B. A. and earnestly entreated all who were eligible to join it. During the mass special service was rendered by the choir, and this was the case also at the other services during the day.

ST. BONIFACE CATHEDRAL CHOIR.

The choir of St. Boniface Cathedral is under the able direction of Professor P. Salle, who graduated from the Conservatory of Lille in France. Professor P. Salle has had a very unusual experience in musical training. Becoming quite blind at an early age, he was first trained in the music methods for the blind, and then, recovering his sight, he had to begin his training all over again; so that he now combines, in a rare degree, the tactual, auricular and visual methods. One reading of an elaborate score or one hearing of a complicated piece is enough to give him complete mastery over it. He proved this some two or three years ago, on the occasion when extracts from Felix David's opera, Christophe Colomb, were given at St. Boniface College; though the accompaniment is extremely difficult, he played it all by heart. Professor Salle, besides being an excellent performer on the cornet, is at home in almost all instruments, particularly at the organ, and makes a good bandmaster, conducting the St. Boniface and Industrial School bands with great success. He is also a skilful contrapuntist and composer.

The choirmaster is Mr. Ernest Leveque whose fine bass voice and accurate reading and phrasing place him in the forefront of the local talent. Though Mr. L. J. A. Leveque, of the Indian Department, is no longer a regular member of the choir, he occasionally volunteers valuable assistance, and his expressive mellow baritone is always heard with pleasure. The basses are: in the first place and as the mainstay, Mr. J. C. Auger, then Messrs. Alexandre La Riviere, David and Joseph Senex and Emile Jean. Mr. Millette has an excellent sympathetic bass, but is heard only now and then. The leading tenors are Mr. Edmond Trudel and J. B. Le Clerc, with clear, true voices and much spirit. They are supported by Messrs. George E. L'Eveque, Joseph Jean, F. X. Gosselin and Ramphile Laurendeau.

The soprano and alto parts are taken by Indian boys from the Industrial School. The best soprano is Master Albert Sinclair. Master Alexander Menekenakepi makes a fine alto.

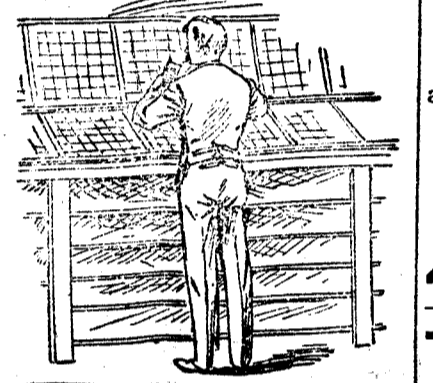

It may not be out of place to remark that, for the lovers of traditional Gregorian, it is quite a treat to hear, on ordinary Sundays at St. Boniface Cathedral, some two hundred children and youths alternating with the choir in the rendering of the majestic plain chant. The effect is most devotional.

A TYPO'S RELEASE

FROM THE AWFUL SUFFERINGS OF RHEUMATISM.

The Case of E. P. Robbins of Welland—A Sufferer for Seventeen Years—His Case Resisted the Treatment of the Best Hospitals and He Had Become a Physical Wreck—His Wonderful Release.

From the Welland Telegraph. The world to-day is both commercial and scientifically inclined towards system, and news, like everything else is gathered systematically. Every newspaper has its staff of reporters to observe and collect the news of its particular locality or district. For some time past a reporter of the Welland Telegraph has been watching the development of a treatment for a serious case of rheumatism on one of the employees of that institution. About eighteen years ago Mr. E. P. Robbins, while at work in the Telegraph printing office, was suddenly seized with sharp pains all over the body, accompanied by extreme swellings. He reached home, but a short distance from the office, with difficulty, and on the doctor being called he pronounced it inflammatory rheumatism. For seven weeks he lay in bed

under the care of the best physician, and at the end of that time he was again able to resume his duties. During the next few years he was subject to frequent slight attacks, and finally thought a change of location might be beneficial. With this idea Mr. Robbins visited the different American cities, sometimes in good health and again unable to get out of bed, until in 1888 he finally settled in New York. Here, for about two years, he followed his occupation with comparatively little sickness, when he suffered a severe attack which left him, until a few months ago, a martyr to that kaleidoscopic disease. Mr. Robbins recovered somewhat after weeks of idleness and went back to the types, but again and again he was laid up, working only about six days a month. Gradually he grew worse, and almost discouraged entered the Sisters' hospital. After spending many weary months within its walls he was discharged with the awful verdict "incurable." More from a sense of duty than hope he tried other hospitals in the city, but with the same result, and resigned to his fate he left for his old home, where he arrived in February 1893, a crippled resemblance of his former self, and was passed unrecognized by his former friends. Here in the house of his father, James W. Robbins, he was bed-ridden until the summer, and then during the warm days was able to walk about with the aid of a spiked cane for a few minutes at a time. When the cold weather approached, however, he was again confined to the house. Pink Pills were frequently recommended to Mr. Robbins, and in December he started to take them. The first box was unnoticeable, but the second produced a slight change for the better. More were then taken and the improvement was daily hailed with joy by his friends. The rheumatism slowly but surely left and has not since returned. In March last Mr. Robbins was once more at work and has not lost a day since; the cane has long since been discarded and "Ed." is one of the happiest, jolliest employees in the office. Mr. Robbins is well known in the county and indeed throughout the whole district, and although, as he says, he has not got the strength of a Hercules yet, Pink Pills have given him for a trifling cost the relief he spent hundreds of dollars in trying to secure. He considers the disease completely out of his system and can eat and sleep well, two essential points to good health. Mr. Robbins strongly recommends this wonderful medicine to other sufferers.

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and especially restore the rich glow of health to sallow cheeks. Men broken down by overwork, worry or excess, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail, post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be "just as good."

FOR OLD PEOPLE.
FOR YOUNG PEOPLE.

Should you find the cold, raw autumn winds chilling you to the bone and making you feel as though it would be almost impossible to stand the still colder weather yet to come. Try say a half-pint bottle a day of our Extra Porter; the cost will be but a trifle over five cents per day and may do you a great deal of good. Porter enriches the blood, warms up the system and generally produces a cheerfulness of mind and a desire to look upon the brighter side of life. Many people say "I don't like porter or lager, if I did I would use it regularly and no doubt be benefited by its use." Now, people, as a general thing, don't use only the medicines prescribed for them, that are palatable or that just suit their fancy, they take anything and everything the doctor sends. So we say to such people take your porter as an article of fully recognized medicinal value, whether you like it or not. Porter—and this applies equally to our ale or lager—is so mild a stimulant that none of the depressing effects sometimes felt after using stronger stimulants is experienced.

Bottled in quarts, pints and half-pints, the latter one glass, no waste always fresh.
