

Heaton's Annual is a wonderful investment. There are few offices or homes in Canada where questions do not constantly arise which can be answered quickly by looking it up in Heaton.

Dr. A. H. U. Colquhoun, Deputy Minister of Education for Ontario, calls attention in The Canadian Magazine for January to the fact that American historians at last are telling the truth about the American War of Independence and the War of 1812. This he regards as a hopeful sign. The Honorable Charles Langelier makes a plea for respect to Quebec's place in the Dominion, and J. W. Norcross gives strong reasons why the Dominion Government should begin to build a Canadian merchant marine. There are several unusually good short stories by Beatrice Redpath, Horace Annesley Vachell, Blanche Gertrude Robbins and others.

#### THE ROYAL MILITARY COLLEGE OF CANADA.

There are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government Institution, designed primarily for the purpose of giving instruction in all branches of military science to Cadets and Officers of the Canadian Militia. In fact it corresponds to Woolwich and Sandhurst.

The Commandment and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive a practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and in addition, the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent Force are offered annually.

The diploma of graduation is considered by the authorities conducting the examination for Dominion Land Surveyor to be equivalent to a university degree, and by the Regulations of the Law Society of Ontario it obtains the same exemptions as a B.A. degree.

The length of the course is three years in three terms of 9½ months each.

The total cost of the course including board, uniform, instructional material and all extras is about \$800.

The annual competitive examination for admission to the College takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont., or to the Commandment, Royal Military College, Kingston, Ont.
