

ANNEX "B"

RESPONSIBILITIES OF THE GOVERNMENT OF THE REPUBLIC OF BURUNDI

I Subject to the following, the responsibilities of the Government of the Republic of Burundi with regard to a specific project shall be defined in a subsidiary arrangement concerning the said project in accordance with the principle established with the Government of Canada.

Without limiting the general nature of the preceding and unless subsidiary arrangements indicate otherwise, the Government of the Republic of Burundi shall provide:

- 1) any official assistance which may be required for the purpose of facilitating the travel of Canadian personnel in the performance of their duties in Burundi;
- 2) demurrage charges due to delays in unloading equipment, products, materials, supplies and goods required for the execution of the project and the personal and household effects of Canadian personnel and their dependents;
- 3) any official assistance which may be required for the purpose of expediting the clearance through customs of articles mentioned in paragraph 2;
- 4) storage of articles mentioned in paragraph 2 during the period when they are held at customs and any measure required to protect these articles against natural elements, loss, fire and any other danger;
- 5) all permits, licences and other documents including costs related thereto, if any, for equipment, materials, supplies or goods required for the execution of projects and to enable Canadian firms and Canadian personnel to carry out their functions in Burundi;
- 6) subject to the relevant laws of Burundi, all necessary visas and import or export permits, as the case may be, for firms, organizations, the Canadian personnel and their dependents and for their personal effects;
- 7) the prompt inland transportation of equipment, products, materials, supplies and other imported
