

We provide supplies to camping parties, and having given special attention to this feature of our business for nearly a quarter of a century we know the requirements thoroughly.

Michie's Tourists' Topics is an attractive illustrated little book of information for campers, which we are glad to give a copy of to any one interested.

It helps you select your supplies, and tells about the rent of Tents, Boats and Canoes, as well as about the Railroad and Customs Regulations for Tourists' Baggage, The Fish and Game Laws of Ontario, the Securing of Angle Worms, etc., etc.

Maps and Charts of the water courses are most useful to camping parties, and through the kindness of the author of this book, as well as from other sources, we have in our possession a number of charts. They are not for sale, but we cheerfully place the information they contain at the disposal of our customers.

We also sell Marshall's Maps of the Muskoka Lakes and Northern Lakes of Ontario.
