THE above engraving represents a Four Roller, Two Revolution Press of our New Series.

This machine is for fine illustrated book and color printing, and can be run at a high rate of speed.

It is especially valuable on wood engravings, photo-engravings, half tone and zinc etchings, where a clean, even impression and a fine distribution of ink are required. A large part of the illustrated catalogue and book work of the United States is printed on this Press. Quality, speed, and ease of handling are the causes of its great popularity.

We build all sizes, styles and varieties of machines, and make a specialty of Flat Bed Perfecting and Rotary Web Presses for fine work. We would be pleased to mail our illustrated catalogue to anyone on application.
