

PROFESSOR ANDERSON'S WORKS.

NORSE MYTHOLOGY; OR, THE RELIGION OF OUR FOREFATHERS. Containing all the Myths of the Eddas, carefully systematized and interpreted. With an Introduction, Vocabulary, and Index. 473 pages, crown 8vo; cloth, \$2.50; cloth, gilt edges, \$3; half calf, \$5.

"Prof. Anderson's work is incomparably superior to the already existing books of this order."—*Scribner's Monthly*.

"We have never seen so complete a view of the religion of the Norsemen."—*Bibliotheca Sacra*.

"No such account of the old Scandinavian Mythology has hitherto been given in the English language. It is full, and elucidates the subject from all points of view."—*Presbyterian Quarterly and Princeton Review*.

"The exposition, analysis, and interpretation of the Norse Mythology leave nothing to be desired. The whole structure and framework of the system are here; and, in addition to this, copious literal translations from the Eddas and Sagas show the reader something of the literary form in which the system found permanent record. Occasionally entire songs or poems are presented, and, at every point where they could be of service, illustrative extracts accompany the elucidations of the text.

"Prof. Anderson, indeed, has left little to be performed by future workers in the special field covered by his present work.

* * His work is very nearly perfect."—*Appleton's Journal*.

AMERICA NOT DISCOVERED BY COLUMBUS. A Historical Sketch of the Discovery of America by the Norsemen in the 10th century; with an Appendix on the Historical, Literary and Scientific value of the Scandinavian Languages. \$1.00.

"The book is full of surprising statement, and will be read with something like wonderment."—*Notes and Queries*, London.
