LEVER BROTHERS LIMITED, TORONTO

K. OF C. HELPED.

Jack McGosheen and Harry Mutter, natives of California, and returned soldiers, received yesterday a gratuity thru the offices of the G. A. C., the Soldiers' Aid and the Toronto military district pay office. Some time ago they unwittingly lost all the money they possessed, and the Knights of Columbus, with palatial rooms for returned men at the Arlington Hotel, took them in the other events following in due order.

A SPRING TONIC GREATLY INCREASES YOUR EFFICIENCY

Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves.

The good old fashion of taking a tonic in the springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. No matter how mild the winter it is a trying time, even in the most favored climates, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and grow increasingly pale as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands at this season of the year.

You can not be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine there is no safer or better tonic than Dr. Williams' Pink Pills for Pale People. These pills make new rich, red blood, which circulates through every portion of the body strengthening tired nerves and run-down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

CURED BILIOUS HEADACHES.

Mr. D. C. McClure, Hefley Creek, B.C., says: "As a spring tonic I know of nothing else that can equal Dr. Williams' Pink Pills. Last spring I felt weak and run down, and suffered a great deal from bilious headaches. I got a half dozen boxes of Dr. Williams' Pink Pills, and after taking them I felt like a new man. The headache from which I suffered had disappeared. I had a better appetite, and was in every way stronger and better than before I began the use of this medicine. Almost everyone needs a tonic in the spring, and for this purpose I can strongly advise Dr. Williams' Pink Pills."

HAS A BETTER APPETITE.

Mrs. M. D. MacLeod, Caledonia, P.E.I., says: "I have used Dr. Williams' Pink Pills as a spring medicine with satisfactory results. Before I began their use I was subject to weak spells, but these have now disappeared. I find that my appetite is better, and I have every confidence in your pills as a blood builder."

STRONG AND WELL AGAIN.

Mr. H. H. McKelvey, Orono, Ont., says: "My experience with Dr. Williams' Pink Pills has been of the most favorable kind. At the time I began their use I was so weak and run down that I could hardly go about. My stomach was also out of order and the food I took did not seem to do me a bit of good. Then Dr. Williams' Pink Pills came to my rescue, and under their use my stomach grew better, my general health improved, and I was soon as healthy and vigorous a man as I had ever been. Dr. Williams' Pink Pills, with the use of Pinkettes as a laxative when needed, is now our family medicine, and we would not be without them."

BUILD UP YOUR BLOOD.

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are, for this reason, an invaluable remedy in diseases arising from bad or deficient blood, such as anemia, rheumatism, neuritis, pains in the back or side and the after effects of influenza or fevers. If you are suffering from any troubles due to weak, watery blood, or shaky nerves, a fair use of these pills will restore you to full health and strength. Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail, postpaid, at 50c a box or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

GAINED WONDERFULLY.

Mrs. Herbert Hanson, Lower Hainesville, N.B., says: "I have the very highest regard for Dr. Williams' Pink Pills. Before I began their use I suffered greatly with sick headache, dizziness and a feeling of depression and tiredness. A short treatment with the pills fully restored my health. My daughter, Blanche, was suffering from anemia, and through the use of six boxes of Dr. Williams' Pink Pills gained wonderfully in weight, strength and general health. We think so much of Dr. Williams' Pink Pills that we are never without them. In the house, and I consider them my best friend."

VETERAN BODIES BAND TOGETHER

G. A. C., Army and Navy Vets., and Naval Vets., Confederate.

Four soldiers' organizations, the G. A. C., His Majesty's Army and Navy Veterans, the Army and Navy Veterans of Canada and the Naval Veterans' Association last night formed what is to be known as the Veterans' League of Toronto, an associated body of veterans which is in no way an amalgamation, each organization having its own autonomy and complete individuality, associating together in all matters of vital interest to the soldier or sailor in Toronto, and representing the opinions of these four organizations. Any other chartered body may join and be represented by five representatives by applying for membership.

The confederation was formed at a meeting held in the rooms of the G. A. C., at 11 Elm street, and Comrade G. R. Sweeney of the Army and Navy Veterans of Canada was elected president; Comrade W. J. Carmichael being elected first vice-president. The following committees were elected to office: Recording secretary, R. B. Hawtreay, and executive, Comrades G. R. Sweeney, A. J. McCausland, A. W. C. COLONEL MACKLEM

ENTITLED TO RANK

Charged With Maintaining a Charities Office Contrary to the Laws of the Country.

The case of Colonel O. L. Macklem, touched upon in the press of yesterday, has aroused interest among returned men. It was pointed out by many returned men that there was apparently a disposition to belittle his title in the reports of the latest worry suffered by the inventor. From interviews given by The World yesterday, it was practically confirmed that Colonel Macklem's claim to the title he bears has been confirmed by the government. It was granted to him on the strength of one or two important inventions which proved of invaluable service to the allied cause.

MEREDITHS INJURED.

Harold Meredith, president of West Toronto G. W. V. A., his brother and others were the victims of Thursday night of a disfiguring accident at the intersection of Montrose Avenue and Bloor street, when two cars collided. Harold was hurt in the face and at the knee, and his brother Bob suffered a deep cut on the lip. It is understood that Bob may never again be able to play the cornet, his favorite instrument. The accident occurred while the brothers were en route for the West Toronto G. W. V. A. grand concert.

SENATOR BLAIN IS SANGUINE UNIONIST

Tells Ward Four Liberal-Conservative Government Will Ride the Storm.

Senator Richard Blain has sanguine hopes that the Union government will pretty well run its full term. Speaking at a largely-attended meeting of Ward Four Liberal-Conservatives in the Grand Hall, Spadina avenue, last night, he declared: "Some people venture to say the Union government is not doing very well, I am here to give an emphatic denial to that statement. The Union government, as far as I know, is as united as it was when it was formed. While I am not a prophet, I venture to say that the Union government, as formed by Sir Robert Borden in 1917, will live out its full term, if not its five years in this country." Previous to his coming to the meeting, he remarked that if he were wanting a platform for the Conservative party, he would say: "It is to the credit of the Liberal-Conservative party that our government and our leader were able to lay down a policy that was so good that it invited from the ranks of our opponents some of their strongest men, and they came in without asking to change the policy one iota."

The speaker devoted considerable attention to what had been said and was being done for the soldiers, and stated he believed that in ninety-five cases out of one hundred the returned men would say the government had done well for them. As regards land settlement, he said, 125 soldiers in Canada had taken advantage of the legislation, with allowances out of the treasury of \$1,688,105. The pensions board, he also declared, employed in the city of Ottawa 375 people in their offices, 749 being returned soldiers or dependents of soldiers.

Referring to by-election results, Major Hart said the Reform party did not bring out a candidate, but a camouflage candidate was brought out. "Oh, no; he was a Grit," he was an independent fellow." Speaking of the ideas of the returned men, he said: "This country does not owe us a living, but this country does owe every returned man an opportunity to make a living."

They were all decorated with a wide streamer of scarlet and white, and the walls of the hall were filled with unshaded candles, silver bowls of arum, lilies, catkins and daisies; flags on the walls; the Cross of St. Andrew on the wall at Dr. Macdonald's back, which was also repeated on his table. Spanking Doesn't Cure!

Don't think children can be cured of bed-wetting by spanking them. The trouble is constitutional, the child cannot help it. I will send FREE treatment, with full instructions, if your children trouble you in this way, and no money, but write me today. My treatment is highly recommended to adults troubled with urine difficulties by day or night. Address: Mrs. M. Summers, Box 65, WINDSOR, Ontario.

HYDRO MAKES HOUSEWORK LIGHTER

THERE is no servant problem in the electrical home, for electricity is the most willing, tireless and economical servant that a housewife can employ. Electricity takes the drudgery out of the housework. Instantly available when wanted.

Electricity is as obedient and responsive to a woman who touches a tiny button in the home as to a man who throws a monster switch in a factory.

An Electric Washer cleans clothes quickly without back-breaking work; an Electric Iron permits continuous ironing and saves expensive, needed fuel; an Electric Vacuum Cleaner is a vast improvement over the broom, and an Electric Sewing Machine is a wonderful convenience. An "Electric Home" is easily kept up and span with plenty of time left for other duties. The low cost of Hydro Power makes it economical to use.

HYDRO Quality Lamps are tested in the laboratories of the Hydro-Electric Power Commission of Ontario. They give their full rated lighting power at a definitely known current consumption. Their durability is assured.
