CUT THE WIRES OFF

Big Kick for Water, and Result is That Nominee is Selected to Consult With Attorney.

HAMILTON, May 22 .- (Special.)-The police announced a theft this evening, which they think takes the cake. One night last week an enterprising and cheeky gang of thieves stole several hundred feet of copper wire that is used to convey the electric current for the Hamilton, Grimsby and Beamsville Railway. The gang cut the wire right of the poles about three miles east of the city, while it was carrying a heavy current. How it was done is a mys-

current. How it was done is a mystery to the police.

This evening they arrested a man, who gives his name as Harry Smith, and locked him up on the charge of having had a hand in the theft.

At a congregational meeting in Zion Tabernacle this evening, the follewing were elected to the quarterly board. G. F. and T. M. Elliott, A. W. Heath, W. O. Clark, F. Wilkinson, R. Harper, R. J. Campbell.

Want Investigation. The fire and water committee this vening ordered an investigation into evening ordered an investigation of a boiler compound deal. Jomes McFarlane, engineer at the Beach pumping house, signed a requisition for two house, signed a requisition for two barrels of the compound, and this was endorsed by the city engineer. No or der from the secretary or the chairman was obtained, and they did not know anything about the deal until the two barrels arrived, with a bill for the stuff was refused, and the committee endorsed that action this evening evening.

Mr. McFarlane will be asked for an explanation of his action in ordering the high-priced compound.
