REV. DR. GERMAN'S RETURN.

Resolution of Welcome to the pastor of Elm-street Methodist Church.

The members and congregation of the Elm-street Methodist Church have passed the following resolution of welcome to the pastor of the church, Rev. Dr. John P. German.

That we, as a congregation and members of the Elm-street Methodist Church, extend to our beloved pastor, the Rev. Dr. John P. German, a hearty welcome back from the sunny land of California, to his home and people, and it is with unqualified joy that we look back over the last four years of his pastorate, which has been so successful, and with gratitude to Almighty God that he was sent amongst us.

His high standing as a Christian gentleman, and earnest teachings as a minister, have captured and won our hearts, and only regret is that his time to be with us is drawing to a close. We are sure that as we are voting the sentiments of the members and congregation when we say that he will be missed, but the conference would say, "No, for five years is the limit," but we feel that our church in all its branches is in a most flourishing condition, due to his personal supervision, his character, and wherever he may go we are confident that he will have the earnest prayers and goodwill of a devoted and loving people.

Dr. German, in rising to reply, was greeted with loud and long applause. He thanked the mover and seconder for the very flattering words expressed, but thought that such a good feeling prevailed among pastor and people, that he was happy and contented in his work, and had always had the cooperation of his officials and members of the church. He thanked them again for their kindness, and set down amidst applause.

HOW CANADA IS ADVERTISED.

What the C.P.R. is Doing in Making the Dominion Known Abroad.

Mr. J. C. Holden, president of the Ames-Holden Company, who recently returned to Montreal after a two-and-a-half-years tour around the world, recorded an interview in The Montreal Gazette by stating:

"Two things in particular are making Canada more widely known and more highly considered the world over. First her part in the war, which has excited interest not only in England but in every part of the globe; secondly, the widespread advertisement of the C. P. R. Whenever Mr. Holden went he found the pamphlets of the great railroad. He found them in Russia, in Norway, in Turkey. When the P. and O. steamship reached Hong Kong all the passengers picked it possible to go on by the Empress boats; after experience of the ships of many lines and many nations, Mr. Holden declares them unsurpassed for comfort, table and attendance. Even in out-of-the-way up-country lines in Japan, where guests are forced to eat and sleep on the floor and their diet consists of fish in every possible form, the C. P. R. advertisements were found. Canada's reputation has never stood higher than now."

THE BABY'S COLD

What is to be done? Upset the stomach with syrups and home mixtures, and make a bad matter much worse? No, for there is a better, a far better way.

It's by using Vapo-Cresolene.

Just put the Vapo-Cresolene in the vaporizer, and light the lamp beneath. Soon the healing, soothing, penetrating vapor is given off.

Put it on the table near the baby's crib where he can breathe-in the vapor as he sleeps. You see this vapor passes right over the inflamed membranes in the nose and throat, then it goes down into the bronchial tubes, destroying all germs and quieting all inflammation.

For whooping-cough, croup, asthma, hard colds, diphtheria, influenza and hay fever, it is the one certain and safe remedy.

For a number of years a Vapo-Cresolene apparatus has been under my observation. I have found it of such great value in cases of whooping-cough, croup and other spasmodic ailments, that I have instructed every family under my direction to secure one. Children suffering from such diseases can continue to be relieved by the use of the above apparatus, and thus save being wakened and disturbed by the administration of internal medicines. A family once possessed of one will never be without it.
