Marshall, Spader & Co. wired J. G. Beaty, ing Edward Hotel, at the close of the

Oats—Dulness ruled in the oats market to-day. The only feature was the strength of the December option, due to small receipts. Indications point to a small winter run of oats to the primary markets, which will act as a sustaining factor.

Provisions—The market was strong all day, the feature being the extremely light offering. We believe that a good-sized short interest exists, and all indications point to higher prices, and we would advise purchases.

s1.07. grinding in transit; No. 1 hard, a triffe below the market prices prevailing. December, which is not nearly at large a market as deferred months, has covered a wider range of prices. A local bear speculator sold a good line of it today. There has been a revival of the export business that was so dull yesterday. We continue to advise purchases of both wheat and corn on any recession.

Oats—Peas.—68c, high freight, for milling.

Rye—Quoted at about 75c to 76c order.

Rye—Quoted at about 75c to 76c, outside.

Buckwheat—Buckwheat, 56c, eastern freights.

Bro—City mills sell bran at \$18 and cores at \$20 ppc, ton, fo.b., at Toronto. New York Dairy Market.

Reserve Force

In these days of hurry and worry and bustle most people, men and women, are living up to the "limit." That is to say, they use up day by day all the force and energy nature provides, and consequently have NOTH-ING IN RESERVE to meet the extra de. mervous shocks. Of course, this is all wrong, and we must either live differently or assist nature to furnish the RESERVE FORCE we should always pos

It is easy to say live differently, but most people find that the demands of their business er social position render it practically impossible; then we must accept the other alternative and give nature a helping hand. In no other way can this be done so effectively as by taking a course of
