

But this sum represents the interest and money of only a small number of our congregation, and we appeal to all who in the past have not taken any active interest in missionary work, to come forward and find out for themselves what a fascinating field of labour it is, and to bear their part in responding to our Lord's command: "Go ye into all the world, and preach the Gospel to every creature."

THE SEWING SCHOOL.

The Sewing School opened as usual the first Saturday in October. There are 175 children on the books in attendance varying from 90 to 130. The increased attendance made it necessary to occupy the large School-room which has proved a very beneficial change. We record, with much regret, the resignation of Mrs. Wyld and Mrs. Campbell, in former years president and manager. Since then Mrs. DuMoulin has acted in both capacities, assisted by Miss Cook and Miss Himsworth. Up to the present date, March 15th, 260 articles of clothing have been cut out by them, and a very large number of handkerchiefs hemmed by the younger children, some only five and six years old. The funds have been provided as follows:—\$3.73 in hands since last year; \$33 subscribed by different members of the congregation; a grant of \$18 received from the Dorcas Society; \$50.61 paid by the children. Most of the materials are sold at half price. The School will be continued till the end of May, when it will break up for the summer. Prizes will be distributed for good work and attendance. The ladies connected with the School are:—Mrs. Grasett and Mrs. DuMoulin, Patronesses; Mrs. DuMoulin, President and Manager, assisted by Miss Cooke and Miss Himsworth.
