CUP TO BE PRESENTED TO THE U.S. BATTLESHIP ALABAMA

JAMESTOWN, Va., Aug. 8.—The management of the Jamestown Exposition has just received from its New York jewellers the magnificent cup which was won by the crew made up of officers of the battleship Alabama during the latter part of April. This cup was the only prize offered during the international race, and arrangements are now being made for its presentation to the winning crew.

The cup is 12 inches in height, of solid silver, and rests upon a four-inch solid ebony pedestal. On it is engraved:—

JERRY STUBBS AND GIGGEY

Two St. John Boys Win Their Events at Chatham Y.M.C.A. Games—Latter Makes Fastest Time of Season for the 880 Yards.

Chatham, N. B., Aug. 8.—The first annual Chatham Y. M. C. A. games were held this afternoon under almost perfect weather conditions and were witnessed by more than 500 people. In every case the contestants were close.

The 100 yards was won by Ferguson, of Moncton, in 11 seconds. Howard fell soon after getting under way, but recovered admirably and finished second.

The broad jump went to H. Morrison, of Chatham, with M. S. Benson second. Morrison covered seventeen feet seven inches, and Benson seventeen feet one inch.

The 220 was a pretty race, all the contestants went off with the flash. Bovaud won easily in 24.15, which, though slow, was good for the track.

The 880 yard run was the nicest race of the day. Giggey, of St. John, covered the distance in the fastest time of any man-time meet this season—2 min. 11.35 seconds. Stubbs ran a nice second.

The high jump was disappointing. Benson, who had been going five feet six inches in practice, strained a tendon and dropped out early. Lea, of Moncton, and Watson, of Chatham, went after first honors in which Watson won first place with four feet eight inches, and Lea second, with four feet six inches.

The 400 yards dash was Giggey's with Watling second. The St. John man was nearly disqualified by Bovaud coaching him, but the protest was withdrawn and he was allowed first place.

The junior foot race was won by Archie McFarland, with John Lawson second. The shot put fell to Loggie, of Chatham, on his first throw of 28 feet ten inches. Wood, of Moncton, took second, with a throw of 28 feet four inches.

The mile run was a sharp contest between Downey and Stubbs, of St. John, in which Stubbs came out victor by about ten yards—time five minutes fourteen seconds.

The pole vault crawled to nine feet nine inches, at which Lea and Morrison tied and agreed to split for first place. The relay was won by Chatham in four minutes and seven seconds. The Portland Y. M. C. team, St. John, was drawn owing to

How Good They Are

is the exclamation of those who, for the first time smoke

"LORD TENNYSON" CIGARS---10c.

They can't help being good. Nothing but the finest tobacco is used in them.

Made and guaranteed by S. DAVIS & SONS, MONTREAL

For 200 heads of any cigar manufactured by us, we will give a copy of the celebrated painting "Solitude" by A. S. 23 x 17.

PROTEST NOT CONSIDERED

By Amateur League Executive; Marathons Consequently Are Champions--Portland and Clippers Will Have it for Second--Marathons for Moncton Saturday.

The protest by the Portlanders that the game of the Victoria's of the rail was not a fair contest was not considered by the Amateur League Executive. As a result the Marathons remain their place, and are league champions. The Clippers and Portlanders, however, will have to settle it for second place, and was decided to leave the date of the game to the captain of the two teams.

An effort is on foot to have the winners of the two leagues play off for the championship, and President Harvey was asked to arrange for a supper to the teams, to close the season. Arrangements were also made with Mr. L. Smith, the photographer, for pictures of the teams.

Marathons Meet Victoria Saturday.

The Marathons leave Saturday for Moncton, where they play the Victoria's of the rail way town. The Vics are the leaders of the Moncton City League and consequently the locals will have a tough proposition to tackle. The game will line up as follows:

Marathons. Catchers: R. Stevens. Moncton: Pitchers: R. Stevens. Outfielders: R. Stevens. Infielders: R. Stevens. Stubs: R. Stevens. D. Malcolm. Third base: R. Stevens. Bredbury. Second base: R. Stevens. Copeland. Left field: R. Stevens. Follen. Centre field: R. Stevens. J. Malcolm. Right field: R. Stevens. H. Stone. Manager: Donald will accompany the team.

National League. At Cincinnati—Brooklyn, 6; Cincinnati, 2. At Pittsburgh—Pittsburgh, 1; New York, 7. At Boston—St. Louis, 3; Boston, 6. At Chicago—Philadelphia, 9; Chicago, 4.

American League. At Philadelphia—Detroit, 5; Philadelphia, 3. At New York—New York, 6; St. Louis, 5. At Washington—Cleveland, 4; Washington, 2. At Boston—First game: Boston, 6; Chicago, 1. Second game: Chicago, 6; Boston, 4.

HOW TO SWIM

Valuable Instruction for Readers of The Times

VI. HINTS FOR RACING. THE START.

Just as a sprinter in a pedestrian contest must obtain as great an advantage as possible at the start as possible on the "break away," so, in similar manner, should the swimmer secure all the benefits of a spring-off in order to have this his most powerful ally, and with all his straining muscles set, from the ball of the sole under the toes, and spring with all the power at his command as far outward, and in the air, as possible, and reach the water so as to cut into and through it like an arrow, and at such an angle as will allow the body to come to the surface elongated and moving swiftly at as great, if not a greater, impetus or pace than in ordinary fast swimming.

HOW TO BREATHE WHEN IN THE WATER—ITS IMPORTANCE.

Nineteen times in twenty one sees and far too unmetaphorically the competitors blowing out and in during the very brief time between each stroke, each breath seeming like a puff and gasp. That is not breathing. It is supplying in an intermittent, and very inadequate manner, the functions and requisites of heart, lungs, and of course, blood. The lungs cannot be inflated with a gasp, nor emptied of carbonic acid gas or used or poisoned air by means of a sudden puff any more in the water than on land. One must avoid all hurried, spasmodic, and irregular, and be more systematic in water than on terra firma. The vulva at the back of the tongue must at all times act as a valve, not only to regulate the supply of air, but also to resist any ingress of water. As a matter of fact, by paying attention to this detail, one can be submerged, not only with his life apart, but he under water with his mouth wide open and not swallow one drop.

Breaths regularly every stroke, and never in case of any great effort or close race be tempted to run two strokes on the one breath. The penalty for doing so is a slight mishap to man or retard the progress of the race. Once the regularity of breathing has been broken it cannot be resumed without slowing down, which means one has a very commanding lead, unless being out of the race.

Persons wishing to receive instruction in correct swimming and life saving may communicate with Prof. Wilkinson at 545 Main street.

the latter team, 54. Miron, Aubertin, and the other members of the team, were the crack local players are with the Mines' team.

Wilkey, the Montreal lad who was signed to play for the Montreal team, though something of a last week's manager of the Shaw, Pa., team went to Pittsburgh to play for the Pirates.

President Dreyfus, but he was not for sale.

Montreal may be at the bottom of the league, but it is in the Eastern League in a like position would not begin to draw as well as the locals. It would do some weight the race. Once the regularity of breathing has been broken it cannot be resumed without slowing down, which means one has a very commanding lead, unless being out of the race.

Miller is playing his first year of professional ball, having been a member of the Salem, Mass., team last year. He is 20 years old, but is considered the best of the pitchers in the Copper league.

The Athletics have tied Chicago for second place, only a peg behind the Detroit leaders.

Harry Merrill, the famous baseball writer of Wilkesbarre, Penn., was at the game yesterday and called on his old friend, Jim McGuire.

The champions are now in grand good form and playing for that big prize, the team has the proper nerve.

Thomas Stankard, the Holy Cross star, will probably be a member of the Boston National League team next spring. He is playing good ball for Springfield of the Connecticut league.

MIKE SCHRECK AND AL KAUFMAN

Matched by Frisco Promoters ---Bout Aug. 30---Big Fellows Leave for Battle Ground at Once.

Jack Curley, representing Alex Gregains, of Francisco, Wednesday at Chicago signed up Mike Schreck to meet Al Kaufman for the San Francisco A. C. for August 30. Hogan, manager for Schreck, is out of the city at present, and was telephoned to come at once. He and Schreck sat last night for the west. Benny Yanger, who meets Paddy McFarland Aug. 20, leaves tomorrow for his training camp. Dave Barry, his sparring partner, will go with him. McFarland will train in Chicago, under Harry Gilmore's eye. Yanger says he will have no trouble keeping strong at 130 pounds at noon.

WEEKS AFTER ATTELL

From Colorado reports it seems that Freddie Weeks, the pride of Cripple Creek, is having a hard time to get a match with Abe Attell, the popularly admitted cham-

ption of the featherweight class. The Goldfield Athletic club has made several efforts to get Attell's signature to a contract to fight Weeks at the Nevada mining city Labor Day, the same spot where Gans wrestled back the lightweight champion from Battling Nelson. So far, their efforts have been without success, Attell failing even to answer the Goldfield telegrams.

FROM THE RINGSIDE

Young Corbett is now a betting commissioner for an actor in New York. Harry Forbes, the clever ex-banquet of Chicago, has become a promoter at Bloomington, Ill.

Tommy Burns cannot figure how he will gain anything by boxing Al Kaufman, so he has taken no notice of the latter's challenge.

Steve Kinney, whom the Milwaukee sports folk upon as a great lightweight, has been matched to box Eddie Tanciel in that city Aug. 31.

Jeff O'Connell, the English featherweight, who has put some good bouts in the east, has been signed to box Kid Wollast at Racine, Wis., Aug. 23.

John L. Sullivan, while in Columbus the other day, had an idea that he could secure a pardon for Frankie McHugh, the Cincinnati lightweight who is serving five years for robbery. The governor was when Sullivan called, but the "big fellow" left money with the warden to purchase a suit of clothes when McHugh should be released.

SONOMA GIRL MAY LOSE CASH

Protest Lodged Against Money Going to Her on Tuesday's Buffalo Races--Action to Tie All Money Up Till December

The board of review of the national trotting association will have to decide whether first money in the \$10,000 trotting race at Keenelworth Trotting goes to Sonoma Girl or Wyn.

Wednesday night George Loomis, driver of Watson, lodged a protest with the judges against the Buffalo driving club's paying first money to Sonoma Girl.

Loomis states that the decision of the judges in placing Sonoma Girl in the third heat after straight heats did not start, and that she was not in second with the rules of the national association, inasmuch as the mare was the offender and should suffer the penalty of her mistake.

Loomis' action ties the entire purse money up until the board meets in December.

With the elements in their favor, a good track, no runaways, smashups or the slightest mishap to man or retard the sport, it took the officials of the Gentlemen's driving club three hours to dispose of five races, lasting 10 heats, at Radcliffe, yesterday.

The Grand Circuit.

Buffalo, Aug. 8.—Ed. Geers, "the silent man" from the south, won two races and got third money in another race at Keenelworth Park this afternoon. The feature of the day's card was the 2:30 pace, valued at \$1,000. Blacklock did not start, and Geers' Ardelle went to the wire a hot favorite. She rewarded her owner by winning in straight heats. The best flag was made in the last heat, when Cox, driving Nervola, forced Ardelle to pace a mile in 2:04.

Woonsocket Races.

Woonsocket, R. I., Aug. 8.—Of the three races on the card at the Woonsocket half mile track today, only two were finished. The free-for-all pacing event went over until tomorrow after six heats had been raced. The fifth heat in this race was declared a dead heat between Ben Como, the favorite, and Gloria. The 2:14 pace went in straight heats to Young Chimes, the favorite, making the good time of 2:14.2 in the last mile.

Don A. Won at Fort Fairfield.

Don A., by Lord Dufferin, owned by John McJoy, of Fredericton, won the 2:30 class at Fort Fairfield (Me.) Wednesday, taking a new mark, 2:19.14.

GOLF SLICING IN GOLF.

The one fault in golf most in evidence among the general run of players is slicing. Says Walter Travis in Country Life in America: "There is another more common, perhaps, but not so noticeable, and that is missing the head a fraction of a second. This is a technical fault called 'taking one's eye off the ball. Slicing, however, is different and springs from a variety of causes, residing both in the player and his club."

ATHLETIC HON. MR. WEIR HELPS ATHLETICS.

The Hon. W. A. Weir, of the Quebec government, has presented a silver cup to the Caledonian Society of Montreal for their forthcoming Caledonian games. The society has placed it for competition in the five mile foot race.

ANGUS POINTERS' FAST MILE.

Angus Pointer's mile in 2:03.14, the fastest competitive performance of the year, was the one bright spot in Wednesday's racing at Keenelworth. The sport was far from Grand Circuit calibre, and once more emphasized the fact that high class racing material is scarce.

That Angus Pointer should win the open pace was no surprise, but no one looked for the New Hampshire whirlwind to have practically a walkover.

FOLLOWED HER MOTHER'S EXAMPLE.

AND KEPT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY IN THE HOUSE.

Mrs. W. J. Wilson, Tensler, Sask., tells of her experience in the following words: "I wish to tell you of the good I have found in Dr. Fowler's Extract of Wild Strawberry. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. Fowler's in the house, when I was a child, I seemed to follow her example, as I always have it also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses were taken was completely cured."

Dr. Fowler's Extract of Wild Strawberry imparts a healthy tone to all mucous surfaces, corrects and heals all forms of catarrh and counteracts all tendency to pain and inflammation, while it gives tone to the debilitated system when weakened by excessive discharges and of whatever nature, thus making it the best and safest remedy for Diarrhoea, Dysentery, Colic, Cramps, Pain in the Stomach, Sea Sickness, Cholera, Infantum, Cholera Morbus and all Summer Complaints.

Price 35 cents. Manufactured by The T. Milburn Co., Toronto, Ont.

Right in Season

Makes no difference what time of year *steak pies* are always in season, right in season other ways too! The clear fresh steak that goes in the pies, gets a season that make it tasty and pleasing to the palate. Lots of people find them right in season when a quick bite is needed. Not only that, they know they're right to seize-on-to at the price 5 cents.

Lots of mothers who had bothers, always making bread find less labor and more pleasure, eating *Scotch Zest Bread*.

No bread-baking bothers for mother now! *Scotch Zest Bread* fills a longing want.
