MONTREAL FANS WERE REBUKED

Col. Hanson Told Proxy Sports to Get Into Uniform.—Reinforcements For The Construction Corps

While a large crowd, which included many young men, was watching the bulletin boards in St. James street, Montreal, for the returns of the baseball game in Boston, Lieut.-Col. Paul Hanson, formerly of St. John, who was wounded at St. Julien, appeared at an upper window and made a brief, but vigorous recruiting speech. He told the unattached young men that instead of idling away their time and wasting their opportunities in such a trifling thing as a money-making contest between two foreign teams of professional athletes, they should be doing something for their own land and the Empire, and he urged the slackers to show a real sporting spirit by donning the King's uniform and getting into the greatest and most important game in the world, that of beating the unspeakable German. The applause which followed his remarks was very lukewarm.

The Construction Corps. Lieutenant Simms, who has charge of the work of getting together 100 additional men for the Overseas Engineering Corps, a C. E. R. engineer, in the west, but undertook this new work when the call came to him. He has collected a fine body of men from all the system, and outside it, but mostly from the west. All are well set-up, keen as mustard, and willing to endure hardship, although not a few of them had positions which did not involve manual labor.

THE RIFLE

Worcester, Oct. 15.—Miss Margaret Dean of Cambridge will be eligible for a place on the state rifle team when women are enlisted. She qualified beyond all question at the Bay State Rifle Range yesterday, where she was the guest of her uncle, Lieut. Dougan.

The young woman has long had a fondness for shooting, and has conquered both the regulation and the indoor rifle. Yesterday she and her uncle went to the 800 yard range for an informal try-out. Three strings at nineteen shots each were fired from a prone position, and the following scores resulted: Miss Dean 46 48 40—134 Lieut. Dougan 47 48 50—145

Having beaten Miss Dean by two shots Lieut. Dougan was somewhat inclined to boast of his performance and challenged his niece to beat his score. She quickly responded by making 81 consecutive bullseyes.

THE VICTROLA AND THE COMMUNITY—No. 2

Mrs. Book-keeper

says: "Our home is as musical as any of our friends now. It used to be somewhat of an effort to entertain our friends when they dropped in.

"The Victrola does it now. The children are so easily amused too—and it's surprising how much they learn. There are so many records for children that we have a wide choice and ten-inch, double-sided Victor Records at 90 cents for the two selections.

"One of the new records I particularly enjoy is 'Abide With Me'—a duet by Alma Gluck and Louise Homer.

It is really delightful. We never feel out of it now when our Victrola-loving acquaintances talk of the new music.

HOW WE DO IT!

WE are frequently asked by our Customers, "How do you do it?" It's simple as A—B—C!

"A" The ordinary tailor—selling at \$25 to \$45—disposes of, on an average, 10 suits a week, and has to make from \$10 to \$15 profit on each order. We sell hundreds of suits a week at a minimum of profit—Large Production and Small Profits.

"B" The ordinary tailor purchases fabrics by the suit length and linings and trimmings in small quantities. In consequence he pays the top price. We import our fabrics and linings "Direct-from-the-Mills" and purchase trimmings in large quantities, thereby getting the very lowest cash price—Large Purchasing Power.

"C" We have a magnificent organization and transact our business on scientific lines. Our Designer is second to none in Canada and our Tailors are specialists in the particular branch of work assigned to them.—Satisfaction Assured.
