DRECO GETS MY SINCERE THANKS

There are hundreds of people in this city and district who cannot get along without Dreco. People who have given Dreco a fair trial and know from their own experience that this great remedy will actually overcome their troubles, have permitted their cases to be published, trusting some other sufferers will read it and seek the same relief by taking Dreco.

lished, trusting some other sufferers will read it and seek the same relief by taking Dreco.

Mr. Wm. S. Small, Janitor of the Sunny Brae School, writes: "Dreco is a medicine which has cured me of my troubles. I had kidney trouble for many years and the pains in the back kept me awake. I was also bothered with stomach trouble, food did not seem to digest properly, and I suffered terribly from constipation, but thanks to that wonderful herbal remedy, Dreco, I am feeling much better, the pains in my back have gone, my stomach is functioning better, my bowels act regular. I can recommend it to anyone troubled as I was."

Dreco is composed of the juices and extracts of many different roots, herbs, barks and leaves, which act on the stomach, kidneys, liver and bowels and purify the blood. It relieves constipation, prevents gas forming in the stomach, increases the appetite, induces sound, refreshing sleep, banishes catarth of the head and takes pain out of rheumatic joints.

Go today to Ross Drug Co., St. John, and ask for Mr. Ranson, the Dreco Expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dreco will benefit you.

Dreco is also sold in other cities as ollows:

Her Heart Skipped **Every Third Beat**

Mrs. James Burleigh, 248 King St. E., Chatham, Ont., writes:—"I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me. done for me. I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat. I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my eldest brother had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it I felt a lot better; could sleep a little and felt stronger. I continued taking them for about three months, and felt better than I had for years. When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like letting everyone know what they did for me."

Chicago, Jan. 9—Dangling in the air for five minutes, while a breathless and helpless crowd stood on the pavement five stories below, Ted Reid, a stone setter, miraculously escaped death recently while working on the New London and Guarantee and Accident building, under construction at the south end of the Michigan avenue bridge. This was the case of Pte. C. Oakley of the 96th Highlanders. Writing to the Zam-Buk Co., he says: "I could have saved myself \$40 if I had only known of Zam-Buk sooner. I had the misfortune to cut my leg very badly. I immediately went to a doctor, who sewed up the wound and attended me for five weeks, during which time I was obliged to give up my work. At the end of that time the wound was no better, and the doctor advised me to go into a hospital for treatment, but as the doctor's treatment had already cost me \$40, and I had received no benefit, I determined to try something on my own account.

While a dozen of his fellow-workmen stood helpless on the ledge of the new by set stones, Reid swayed, sawing in the air with his hands in an effort for grab into something. He was finally able to catch onto a scaffold projecting through a window below. He was released by James Rettie, who pried up the stone, and was pulled in through a window to safety.

"As I swung there I had plenty of time to think about death and all that goes with it," said Reid. "The first thing I thought of as I looked down was to count the stories and see how far I had to fall. I soon saw that I had at least five—looked like twenty—and I could imagine what a mess I would be down in that pile of rocks if my foot tore loose."

The choir boys of Trinity church were gests at a delightful supper treat on Friday last, Rev. Canon R. A. Armstrong and J. S. Ford were guests of honor. The arrangements were under the leadership of Mrs. W. S. Clark, assisted by Mrs. Norman Gregory, Mrs. James Paterson, Mrs. Arthur Henderson, Mrs. Wetmore, Mrs. Willoughby Hatch and Mrs. Storey. One of the pleasing events of the evening was the presentation of a fine umbrella to Mr. Ford by the boys. months ago how risky it is to neglect a cold in the chest. I have always had such good health, that a cold either in the head or chest, while unpleasant, never gave me any worry. Outside an occasional cold, I had never known what it was to be laid up even for a day in all my life, until last December. One afternoon I got a chill and no matter how close I got to the stove, I couldn't seem to get warm. This chill was followed by a cold in my chest. As usual I neglected it and it kept getting worse and worse. Finally I had to go to bed and send for the doctor. His examination showed that I had pneumonia and a bad case at that. By careful nursing on the part of my husband, my children and some friends, I managed to pull through, but the doctor told me I had a narrow shave. And here's where my troubles began. While I was now out of danger, I was anything but well. I was still very weak from the effects of the pneumonia. Although I had lots of life and energy before my sickness, I was now worn out and tired all the time. I slept fairly well, more because I was exhausted. But my sleep didn't refresh me because, while I appeared to be asleep, I was conscious most of the time of what went on around me. Although all kinds of tempting dishes were prepared for me, I had no relish for food. This sickness had already undermined my health to such an extent that I was a living skeleton. I was getting discouraged as nothing I took seemed to do me any good. I wonder if Carnol wouldn't build you up,' a friend said one day, 'it did me a world of good, I was completely run down and you can see for yourself how well I look today. Why don't you try it? Thanks to this friend's advice I am in perfect health again, as healthy and as full of life and vitality as I have ever been.''

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it has't done you rany good, return the empty bottle to him and he will refund your money. 9-622

Stomach Trouble "Indigestion" Relieved By

Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has to pick and choose his food is the most miserable of all mankind.

Even the little that is eaten causes much torture, and is digested so imperfectly it does but little good.

Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.

Mr. Wm. Kruschel, Morden, Man, writes:—"Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even then I generally had pains after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. has done wonders for me after all other medicines failed."
