

## HUGH DUFFY HAS PRETTY HARD TASK

Red Sox Minus Many Star  
Performers

Sport Writer Declares Present  
Pitching Staff of Boston  
Team Not Impressive—  
Teams Ending Can. p Sea-  
son.

New York, March 28.—(Canadian Press)—A New York sport writer, who has visited some of the big league training camps in the last few days, in a special article on the Boston Americans outlines the difficulties which confront Hugh Duffy, manager of the trade-ridden Red Sox. He says, in part—  
"It does not seem possible for a one time champion baseball team to have much of the championship punch left after disposing of such stars as Babe Ruth, Carl Mays, Tris Speaker, Harry Hooper, Duffy Lewis, Jack Barry, Larry Gardner, Wally Schang and Ernie Shore. Not long ago all these famous fellows were with the Boston Red Sox, and not long ago the Red Sox were world champions. Now all of them are gone. If all were in the new Sox camp today, even if one or two of them have passed their best days, the Red Sox undoubtedly would be favorites for the 1921 pennant."

"As it is, Hugh Duffy, who has taken the job of leading the Red Sox, is hustling and struggling with a bunch of lesser lights, some of whom have not yet reported because of salary differences."

"The pitching staff is not impressive, Joe Bush is the best looking of the lot and he hardly will turn out games as in his better days. Sam Jones and Elmer Myers will take a turn on the slab usually. Herby Pennock is a good tapaw pitcher, and a good ball player. Allan Russell is a corking spit-flinger a year ago, but has been a treatment for lameness or something out the training trip. Herb Allen, another left-hander, once at New York, and had some games. 'Muddy' Ruel, with the year before, are the catch-outfield is supposed to have left in left, Shane Collins in left and right."

On Americans today left their training grounds at Hot Springs, Ark. They will meet various league teams in exhibition games. On March 28.—The Washington Senators, who were the Americans regular squad, twenty-two, arrived here today to play first exhibition game against the club of the Florida State League. Nationals ended their twenty-six spring training stay at Tampa yesterday. The regular squad will join second team at Jacksonville later in week, and will begin barnstorming tour to Washington through Alabama, Tennessee and Virginia.

Cleveland, March 28.—The Cleveland Indians are prepared to end training up activities at Dallas tomorrow, and on Wednesday on a barnstorming tour.

Mrs. Charles Buckley, of Milltown (N. B.), is spending a few days in the city with her parents, Mr. and Mrs. C. H. Ramsey.

## CASE OF SMALLPOX ON SCANDINAVIAN

When the steamer Scandinavian arrived here on Saturday night was two days out from Southampton a case of smallpox was discovered among the passengers. G. Jacobson, who was taken aboard the liner at Antwerp, broke out in a rash and his case was diagnosed as smallpox by Dr. Jeffs, the ship's doctor. Jacobson was at once placed in strict quarantine. Captain Hamilton sent a wireless to the quarantine station at Partridge Island early on Saturday morning and preparations were made for the reception of the ship. Jacobson and all who had been in contact with him were taken to the island on the quarantine tug and the remaining 108 cabin passengers were placed in quarantine. The liner was thoroughly disinfected after which she was released from quarantine and the remaining passengers landed at West St. John yesterday afternoon.

Among the passengers on the Scan-

dinavian were: Mrs. K. A. Boyer of Hartland, (N. B.), and Master C. K. Boyer, J. Dahlgren of Halifax, (N. S.); Dr. W. M. McLeod of Sydney, (N. S.), and G. P. Strudwick of Apohaqui, (N. B.).

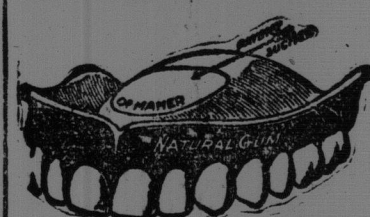

A party of 102 children from the Barnardo Home in London were among the passengers. They were taken to Toronto in three special cars.

## LOCAL NEWS

Sergeant George B. Baxter of the local police force fell yesterday near the ferry floats in Water street and wrenched a wound made in connection with an operation for appendicitis last November. The sergeant was taken to his home by a passing automobile.

A. B. Hawkins of Pennfield, who was killed by a horse here last week, and who has been confined to his room at the Dufferin Hotel since the accident, has recovered sufficiently to be able to go to his home.

The Cornwall and York cotton mills closed down today for a period of two weeks. About 550 employees are affected. Depression in trade is given as the reason for shutting down. The mill has been operating on a four day a week basis for some time. The company operates seven mills in Canada, of which two are in St. John. Office employees of the company are not affected.

Mrs. Charles Robson of the Canadian Council for the Immigration of Women for Household Service, is in the city in connection with port work. She came here from Halifax and expressed herself as highly pleased with the work being done there. Yesterday she visited the West Side docks and spent a busy day among the passengers disembarking from the Scandinavian. She was very favorably impressed with the trade and service and said that the port workers were doing a work such as was not done

in any other land. Mrs. Robson will leave for Montreal this evening.

Fire on Saturday afternoon destroyed the beautiful colonial residence of George McArthur at Riverside. The fire is supposed to have started from a defective fuse and spread very rapidly. With the aid of neighbors Mr. McArthur was able to save most of his furniture and personal effects, though his loss will be heavy. The house, which was finished in quartered oak, was erected about ten years ago at a cost of about \$15,000, and it is estimated that it would cost at least \$30,000 to replace it today. A city fire engine was sent out, but because of the lack of water, was useless. Commissioner Thornton went to the scene to aid in fighting the flames. The loss is about half covered by insurance.

Owing to engine trouble on the ferry steamer last evening service was suspended from 8:30 until 9:40. A hurry call was sent for the chief engineer and he readily located the trouble and service was resumed. Considerable inconvenience was caused to passengers by the hold-up.
