AutoStrop Razor

-sharpens itself

ALL safety razors seem alike because of the similarity in size and appearance. As regards the AutoStrop Razor, however, the resemblance ends there. Its peculiar and additional advantage is, that without being larger than any other safety razor, it combines within itself a self-stropping feature that enables the user to keep the blade sharp without taking anything apart. It thus prevents dull blades and the expense of buying new ones.

You may not be interested in economy of blades, but surely you want a good shave and that is only possible with a stropped blade.

Any dealer will demonstrate the AutoStrop Razor to you, guarantee satisfaction or refund of purchase price. Only \$5.00—complete with strop and twelve blades in an attractive assortment of cases.
