Suits that Stand Up Under Travel
The trouble with many suits is that they appear well in surroundings but fall to stand the test of travel. That's why so many suits "cheap" price are cheap in quality. I make special appeal to men who travel and who expect their suits to stay with them. Not overly expensive either on account of favorable location.

LOCAL NEWS

COLLISION
A collision between an automobile owned by Murray Skinner and a team owned by the Consumers' Coal Company occurred last night about 7.30 o'clock in Renforth. The result was a broken pole on the cart and a bent fender on the automobile.

FOR BRIDE TO BE
Friends gathered last evening at the home of Mrs. C. Pittman, East St. John, and tendered Miss Pearl Quinn a miscellaneous shower. Miss Quinn is to be a principal in an interesting event this month. Games and music were enjoyed and refreshments served.

WAGON DAMAGED
Yesterday afternoon an ice wagon driven by a man named Carpenter, left standing on the ice bridge on Renforth, was struck by an automobile. The rear left wheel of the team was broken and the driver was able to proceed on his way toward Rothesay by obtaining a pole and making a drag.

THE SWIMMING SCOWS
Much satisfaction has been expressed over the new scows and dressing scoops provided recently by the swimming scows in the North End and many more may have the opportunity of availing themselves of an afternoon dip. Much credit is due Mark Burns, the instructor, for the interest he is taking in looking after the welfare of those who use the scows.

REGATTA PLANNED
The Renforth Outing and Athletic Association is planning on having a big regatta on Labor Day. The four-oared crew have been training faithfully for some time and are anxious to compete with a crack team from Halifax as well as local four-oared crews. In addition the club has two single and one double ready to meet any talent in the maritime provinces. The event is being looked forward to with considerable interest.

SCOUTS TO CAMP
A number of the boy scouts of the city went up the river yesterday on the steamer Hampton on their way to the camp at Jenkin's Cove on the Belleisle. The party was preceded several days ago by H. O. Eamans who had gone up with a few scouts to prepare the camp. Nearly all the troops in the city are represented at the camp and there were many from all parts of the province. It is expected that about seventy-five scouts will be in attendance.

MAKING GOOD PROGRESS
With Abner Scord's plough and the big motor truck, much progress was made on the South End playground running track last evening. The track is nearing completion. Mr. Lane, who by the way is an old-time oarsman and keen about good sport, is expected to have his scraper on the ground this evening. As the boat races are to be held Monday evening the resumption of work after tonight will be deferred until Tuesday.

WATER POWER COMMISSION
The New Brunswick Power Commission held an informal meeting this morning in the office of C. O. Foss, one of the commissioners, and chief provincial government engineer. Hon. G. W. Robinson, M. P., chairman of the commission, was present, also R. McMann of Moncton and K. H. Smith, chief engineer of the Nova Scotia Water Power Commission and consulting engineer of the New Brunswick Water Power Commission. It is the intention of the members to visit Musquash and probably Lepreau this afternoon and tomorrow.

DREDGING REPORT
There was a report about the city this morning that the dredge fielding had been ordered to leave here Monday for Liverpool, N. S. Despite the fact that work of cleaning up the berths at Long wharf and at Sand Point has not been completed, one well known captain in conversation with a Times representative, said that the berths had not been cleaned up and that it was an outrage to take the dredge away from here, the chief winter port of Canada, and send her elsewhere. He was so interested that he called upon Acting Mayor Bullock and members of the board of trade and informed them of the report.

MEMORIALS AT MISSION CHURCH
The Mission church has lately had two memorials placed in the church. One a brass plate on an obelisk on the north wall to the memory of the late Mrs. Hurd Peters erected by her children. She was the widow of the late Hurd Peters, city engineer. The other is a solid brass baptismal ewer for use at the font, purchased by members of the congregation in memory of the late A. W. Whitehead, a server and lay reader in the church and a prominent worker. He left here with the company of the 62nd Fusiliers in August, 1914, and later joined the P. C. I. as sergeant and was killed in France in May, 1915. By his will he left a substantial sum to the church, the income of which is being used for special objects.

HOME FOR INCURABLES
A meeting of the board of the Home for Incurables was held yesterday afternoon. Officers were elected as follows: President, Dr. Thomas Walker; vice-president, James S. Gregory; treasurer, F. B. Ellis; secretary, F. M. Mansfield; F. P. Starr, R. B. Emerson and F. B. Ellis were appointed a finance committee and L. E. Ross and John Sealy were appointed an executive committee for the year. An order was passed for the admission of one male member to the home. Two donations were received, one of \$25 from Judge Armstrong for which he was made a life member, and one of \$5 from G. E. Coupe.

POLICE COURT
In the police court this morning Kingi Arao, a Japanese, was before the court on a charge of refusing duty on the S.S. Turret Cape during her voyage from Louisburg, N. S. Captain S. E. McDonald told the court that the accused had refused duty on the ground that he was sick, but when he arrived in St. John a doctor examined him and said he was perfectly well. The chief engineer said that this man had caused considerable trouble among the firemen. The magistrate ordered that he be sent into jail until the boat sails.

Joseph J. Gborenc, charged with stealing a cap valued at \$1, the property of Max Shecter, pleaded guilty and was sent below.

Five men charged with drunkenness pleaded guilty and, with the usual morning lecture from the magistrate, went below.

"DOG DAY" IS NOT POPULAR

Only Dozen of 189 Reported Show Up at Court—Will Have It Earlier Next Year, Says Magistrate.

"Your Honor, I sent my dog to the country," said one man this morning who was summoned to the police court to answer to the charge of not registering his dog. "That excuse is an old one," said the magistrate, "dogs immediately become suburbanites as soon as their owners are summoned to appear in court for not having a license." There were 189 cases reported by the police to be taken up this morning, but the number only a score or a dozen responded to the summons. The excuses offered were very much the same and in most of the cases where the parties appeared the plea of guilty was accepted and the excuse that the dog was sent to the country was made on one case in particular a man said his dog was very sick and he did not get a license. The magistrate said, however, that next year he would see that "dog day" did not come in August, but the first Friday in June, before the unlicensed animals had a chance to destroy garden plots and do other damage around the city. The following were among the names appearing in court this morning and the regular \$2.50 penalty was imposed—Edna Walsh, Stephen Russell, Samuel Lewis, Charles Higgins, James Emery, Richard McLellan, Jeremiah Daley, Walter McLellan, Alexander Conway and Sylvia Seely. The other cases were dealt with and the fines imposed in default of appearance and summons will be issued for collecting the fines.

MORE THAN HALF MILLION INCREASE IN FOUR MONTHS
Customs Figures on the Climb—\$20,155 Has Been Collected in Sales Taxes.

The customs receipts for the port of St. John for the first four months of this fiscal year were \$2,458,680.11 as against \$1,759,791.29 for the same period last year. The fiscal year begins in April. The increase is \$698,888.82. It must be remembered in this connection that the two items of sales tax and steamboat inspection were not included in the 1919 figures. The receipts for sales tax are as follows: June, \$11,986.46 and July \$8,787.76, a total of \$20,774.22 for the two months. The receipts from steamboat inspection were \$755 for the one month of July.
