

Years of Suffering

A Desperate Case of Catarrh in the Head. "My father had catarrh in the head for a long time. It was such a desperate case that he had to give up work, but one of his friends recommended Hood's Sarsaparilla. He got a bottle immediately and began to take it. He commenced to get better and after a few bottles he was completely cured. It was so well pleased he had ever seen a recommended Hood's Sarsaparilla." Dele Alline Begin, Lewis, P. Q. Get Hood's Sarsaparilla today. Sold by all druggists everywhere.

Epilepsy, Spasms, St. Vitus' Dance

"I suffered for many years from what some people call epilepsy. Dr. Miles' Restorative Nervine cured me, and you can imagine how thankful I am." M. I. COFFMAN, Coldwater, Mich. "My daughter was cured with Dr. Miles' Restorative Nervine, after having been afflicted with fits for five years." PETER McAULEY, Springfield, Mass. "For a year my little boy had spasms every time he got a little cold. Since taking Dr. Miles' Nervine he has never had one of these spasms." MRS. MYRTLE DAGUE, Rochester, Ind. "My daughter could not talk or walk from St. Vitus' dance. Seven bottles of Dr. Miles' Nervine entirely cured her." MRS. MANNIE LAND, Ethel, Ind. "Until my son was 30 years old he had fits right along. We gave him seven bottles of Dr. Miles' Restorative Nervine. He has not had a fit since he began on the fifth bottle." MRS. R. DUNTLEY, Wautoma, Wis.

TWO RARE VOLUMES OF BIBLE

Lost for Forty Years They Are Found on Librarian's Desk in Chicago University—From Set of the Complutentian Polyglot

Chicago, Jan. 21.—Two volumes of a rare edition of the Bible have appeared in the library of the University of Chicago, after having been lost nearly 40 years. The books, which are the first and fifth volumes of the "Complutentian Polyglot" containing the Pentateuch and the New Testament, were part of the collection of the American Bible Union, at that time the greatest collection of Bibles in this country. When the union dissolved in 1872 the collection was purchased for the Baptist Theological Seminary of Morgan Park, Ill., which institution later became absorbed by the University of Chicago. When the collection was shipped west, Dr. Conant of New York the collector, retained several volumes to enable him to complete some work he was then doing, and it has always been supposed that the two missing volumes from this set were among those retained. They appeared a few days ago, however, on the librarian's desk, and an explanation is forthcoming. It is thought that years ago they were put among the uncatalogued books by some one who did not know their value, and that they have been brought out just as unknowingly by some worker on the cataloguing force. The Complutentian Polyglot, arranged by Cardinal Ximenes in Complutentia (Alcala de Haenares), Spain, in 1514 to 1517, was the first Polyglot Bible ever printed, and the first Hebrew Bible ever printed by a Christian. It was published only seventy years after the invention of printing and is very crude. The text is written in parallel columns, Hebrew, Latin and Greek. The books are bound in red calf and are well preserved. The value of the set is over \$800, but there are very few in existence.

NEW BRUNSWICK FIGURES IN THIS SUIT FOR DIVORCE

Boston, Jan. 20.—Thomas G. Plant, shoe manufacturer, and until a few months ago, the chief competitor of the United Shoe Machinery Company, was sued yesterday for divorce by his wife, Caroline Dragg Plant, for bigamy. In her behalf, property belonging to Mr. Plant, valued at \$1,000,000, has been attached. Mr. and Mrs. Plant were married in Chicago in 1885. In her libel, Mrs. Plant alleges infidelity with a woman, name unknown. The offences are said to have been committed at Calais and Bangor (Me.) in October, 1902, and at St. George (N. B.) and New York on other occasions. Both Mr. and Mrs. Plant are fond of outdoor life, and they often went on hunting trips together. On one of these, in New Brunswick, they captured a small bear cub, and this cub became the pet of Mrs. Plant at the estate they later occupied at West Manchester. It would have been about the streets. Later it was derailed into the woods and was shot by a man who supposed it to be wild.

PETITIONS AGAINST TWO CITY LIQUOR LICENSES

The liquor license commissioners met in the office of the inspector, Ald. J. B. Jones, yesterday afternoon. Two petitions were presented, one against granting a license to M. J. Nugent, the other against the application of Ernest Friars for a license for the Garnett building, Main street. There was a small attendance. G. Earle Logan appeared for Nugent, but Dr. Hutchinson and Geo. G. Blewett supported the petition against Nugent, and Geo. G. Kierstead spoke against the Friars application. At the conclusion of the hearing the commission went into private session and decided to adjourn till some day next week to take final action. The petition against granting the license to Nugent had been signed by 160 ratepayers and set forth that it was not necessary in that vicinity, it would be contrary to the law to grant it, being in the immediate vicinity of a hospital; being in the neighborhood of a dangerous one owing to the lack of police protection. There was a busy railroad crossing quite near and it had frequently happened that people crossing the suspension bridge at night had been held up by drunks more.

Both Rev. Dr. Hutchinson and Mr. Blewett made it clear that the action of the temperance people in presenting this petition was not prompted by any personal feeling against Mr. Nugent. Mr. Blewett said that within the last six months he had been interfered with twice on the Suspension bridge by drunken men. These men might not have obtained their liquor at Nugent's, but it was a serious matter in view of the fact that many women and children use the bridge. It was also a point of transfer for the street railway, and it was objectionable from that point of view to grant the license. Mr. Logan, in reply, pointed out that there was a caretaker at the crossing whose hours of duty were from 7 o'clock in the morning till 10 o'clock at night. He contended that when the legislature passed the section in the liquor law relating to hospitals they had in mind situations the inmates of which were the inmates of the hospital, and not an establishment like the provincial hospital where all the inmates were supposed to be under guard. He concluded by remarking that many of those who had signed the petition lived a long distance from the saloon. Dr. Hutchinson pointed out that the saloon was not in the immediate vicinity of the house. There were many signs, however, which lived in Douglas avenue. Mr. Kierstead in support of the petition against Friars' application which was signed by ten or fifteen property owners, pointed out the congested conditions at the foot of Portland. It was a busy point, a transfer for street railway and in the summer time much used by picnic parties going to or returning from the park. It could, he said, stand only a few saloons, and this was another reason why the license should not be granted.

HOLBROOKS SAUCE. Imported Absolutely. The Sauce that made the factory. Made in the largest Worcestershire Sauce factory in the world. A few drops impart a delicious flavor to soups, gravies, chutneys, stews, etc. Sole Importers: HOLBROOKS LIMITED, 100, Queen's Quay, Toronto, Ont., Canada. Business Incorporated 1878.

MONCTON WAREHOUSE BURNS

Moncton, Jan. 20.—A large warehouse, owned by Geo. A. Robertson, grocery and hardware merchant, on Duke street, was completely destroyed by fire this afternoon. The contents, consisting of Robertson's stock and considerable household furniture stored in the second story, were also burned. The firemen had a cold fight of it, Chief Ackman having both ears frozen. When the alarm was given the fire had so much headway it was impossible to save the warehouse and efforts were turned to preventing its spread to adjoining buildings, in which they were successful.

The warehouse was worth about \$120,000, insured for \$800,000 in the North, and \$400 in the Hartford. Robertson's stock destroyed was valued at \$10,000 and was insured for \$700 in the Atlantic Mutual. Among those having furniture stored in the building were: J. Holman, \$1,000 worth, insured for \$450; L. Johnson, furniture, \$800, insured for \$200; Mrs. Percy Kinder, furniture, \$200; Mrs. Campbell, manager, Bank of Montreal, Cape Breton, furniture, \$1,000, insured, \$400; N. Proctor, piano and other goods, \$200; A. E. Holsted, 400 chairs, insured, \$100; Police Officer Dunphy, Robert White and G. B. Willett had small losses.

Carmarthen St. Church Anniversary

The forty-second anniversary of the Carmarthen St. church was observed tomorrow. Rev. Hamilton Wigle, B.A., of Amherst (N. S.), will be the preacher. He came from the city of Winnipeg to Amherst last year and has already made for himself a name as a faithful pastor and excellent preacher in that aggressive town. In the city of Winnipeg he served for two years—eight years—Zion Methodist church, the second church in the city in wealth and influence. The subject of his sermon in the morning is "The Empire of the Soul," and in the evening service he will discuss the important subject, "What is Sin?" In the afternoon, at 2:30, there will be an open session of the Sunday school to be addressed by Dr. Campbell. Mr. Wigle will also be present and deliver a short address. Collections at all the services in aid of the trust fund of the church. On Monday, January 23, Mr. Wigle will deliver his popular lecture entitled "A Modern Crusade." The newspaper reports of this lecture are most complimentary. It was prepared in the course of his regular work in Winnipeg, and by request, was repeated several times.

AFTER SUFFERING TEN YEARS. Cured by Lydia E. Pinkham's Vegetable Compound. MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I was suffering for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and I could not sleep. Doctors gave me up as they said my troubles were incurable. I was in despair, and whether I lived or died, I did not care. I bought Lydia E. Pinkham's Vegetable Compound, made in native roots and herbs, containing no narcotics or harmful drugs, and today holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice about your case, write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

IN PARLIAMENT

Ottawa, Jan. 20.—The first reading was given in parliament today to E. N. Lewis bill to require a load line to limit cargoes on the Great Lakes. A. I. Fraser, Conservative, of P. E. I., complained that there was a vacancy in the island's representation in the senate which had existed since the death of Senator Ferguson, two years ago. He said, as the representation of the province in the commons had seriously declined it was desirable in the interests of the island that the representation in the upper house should be maintained. In addition to the vacancy referred to there was another practical vacancy caused by the physical disability of Senator Robertson, who was unable to come to Ottawa. He urged that the vacancy should be filled without delay. Sir Wilfrid Laurier said that there were so many matters of great importance engaging the attention of the government that it might be pardoned for not having filled the senatorial vacancy referred to. He promised that there would be a bill without delay as possible. Mr. Logan was told by the minister of marine that no concessions had been made by Canada relative to licenses in the recent fishery negotiations. The foreign office had expressed the view that Canada could not insist upon licenses being taken out by foreigners, but the United States

Baby's Own Soap. The Whole Family Enjoys "Baby's Own" Soap. And its inimitable creamy, fragrant lather. Made of pure vegetable oils, and lightly perfumed with natural flower extracts. For almost half a century it has been recognized as the standard toilet and nursery soap in Canada. It is best for Baby and best for You. There are many imitations of Baby's Own Soap but no good reason why any should be preferred to Baby's Own Soap. ALBERT SOAPS, LIMITED, MANUFACTURERS, MONTREAL.

LESSONS FOR CANADA FROM OTHER LANDS

Interesting Address by W. F. Hatheway, M. P., at the Every Day Club Last Evening

That Canada may learn valuable lessons from Australia, Denmark and Germany, and that in St. John, the institution known as the Every Day Club should not be overlooked by contributors to foreign missions, were statements made in the course of an address by W. F. Hatheway, M. P., in the Every Day Club hall last evening. As if to illustrate the need of supporting such institutions as the club, a mere 1000 very much under the influence of liquor entered the hall, and was guilty of such offensive conduct that he was finally ejected. He was one of a group who give the club more or less trouble, although its rooms are gamester's dens. Mr. Hatheway, speaking of Australia, told how an association of fifteen hundred men, chosen for that purpose, had petitioned the Canadian government to admit the name of Canada, when he was introduced to them as a Canadian. Describing the conditions in that country, he quoted a statement in a letter from Hon. Mr. McGowan who stated that there was a postoffice in New South Wales. Mr. Hatheway contrasted this with conditions in New Brunswick and other provinces. Continuing to speak of Australia, he referred to the eight-hour day, the banking act, which enables a man to get money at 4 per cent for thirty years to aid him in building a house for himself; the land laws, which encourage men to take up land; the wages board act, graduated income tax, the land tax, the old age pension act and others. He told of a large government, which Australia in sheep, cattle and horses, and named the fact that the Commonwealth was a large government, which had a blacksmith for not many years ago as premier. Mr. Hatheway also spoke of Denmark, where intensive farming and co-operation had done so much. Of 250,000 peasant farmers 170,000 have less than 40 acres each; 60,000 have from 40 to 100 acres; 8,000 from 100 to 600, and 22 have 600 acres. The farmers control the government. While the export of butter, bacon, lard and eggs from Canada had the United States in decline, that of Denmark is growing, as the following shows:

Exports 1878. Exports 1908. Bacon and lard... \$700,000 \$26,500,000 Eggs... 250,000 6,500,000

There are 1,500,000 depositors in the bank of Denmark. Mr. Hatheway spoke of the splendid educational system of Denmark and Germany, and expressed the hope that Canada would soon give more attention to technical education. Referring to the Every Day Club, Mr. Hatheway expressed the hope that the churches which contribute so generously to foreign missions would eventually aid in providing this institution with a home suited to its needs, for it was designed to do a work of the highest value, if the citizens would place it in a position to carry out that work.

TEMPERANCE MEETINGS

Rev. Dr. Hutchinson will speak at the Every Day Club tomorrow evening at 8:30. The gospel temperance meeting of the Granite Rock Division of the Sons of Temperance will take place Sunday night at 8:15 o'clock in their hall, Market Place, West End. The speaker will be R. Bruce Addison. Evangelist John Lord, now conducting special services in Coburg street church, will address the Thorne Lodge gospel temperance meeting Sunday afternoon at 4 o'clock in Haymarket square hall. Rev. J. J. McCall will be the speaker at the temperance meeting in Loyalist Division hall, Paradise row, tomorrow evening at 8:30 o'clock. Two-week-old Harold Brandt has just Adams County, Pa., has just been cut down. It stood on the farm of John R. Sadler. From the trunk of the tree 1102 large wood spokes were made and 12 cords of wood were cut from the top out by foremen, but the United States

RED CROSS GIN. MADE IN CANADA. Will protect you against colds, coughs and sudden exposure to variable weather, by means of the surplus of natural heat it generates in your organism. It is a Canadian product for the use of Canadians in our Canadian climate. Fully matured under Government supervision. Boivin, Wilson & Co., Agents 520 St. Paul Street, Montreal.

When You Think. Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is a woman who would not gladly be free from the recurring period of pain. Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, soothes inflammation, heals ulceration and cures all female weaknesses. Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, Dr. Pierce, M. D., President, Buffalo, N. Y. If you want a book that tells all about women's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing copy, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 50 stamps. A REVISED VOLUME. Familiar Trees and Their Leaves, by F. Schuyler Mathews, will appear presently in a new and much enlarged edition. This standard manual has been revised throughout, and a supplement has been added, containing information about many trees which were not discussed in the earlier editions, and also new data about our familiar trees which has come to light since the book was written. The new volume, which will have twenty new illustrations, is announced by the Appleton Company for publication early in February.
