

## PRACTICAL ANATOMY.

*This Department is under the Superintendence of the Professor of Anatomy.*

The Dissecting Room is open daily from 8 a.m. to 10 p.m., except on Saturday, when it is closed at 5 p.m.

Ample opportunities are afforded for dissecting, fresh subjects at fixed rates being provided by the Demonstrator, who will be in attendance from 4 to 6 and from 8 to 10 p.m., to direct and assist students in their Dissections, and examine upon the work done in the room. The Dissecting Room is supplied with every requisite for the comfort and convenience of students, due regard being observed for sanitary measures. Every possible facility will be afforded the student in this most important department.

No student will be credited with having dissected an extremity until he has passed a satisfactory examination on it before the Demonstrator.

*Books recommended for use in the Dissecting Room*—Heath's Manual of Dissection, Ellis' Demonstration of Anatomy.

## PRACTICAL CHEMISTRY.

PROFESSOR, JOSEPH BEMROSE, F.C.S.

Students must provide themselves with a set of apparatus which has been selected by the Lecturer, and may be obtained for the sum of five dollars; also a note book.

Gentlemen who are not following other courses will be admitted to the Lectures and Laboratory on matriculation.

*Books necessary*—Attfield.

## BOTANY.

PROFESSOR, SAUNDERS.

This subject will be considered in the following order:

Part I.—STRUCTURAL BOTANY.

Part II.—PHYSIOLOGICAL BOTANY.

Part III.—SYSTEMATIC AND DESCRIPTIVE BOTANY.

The general principles of classification will be dwelt upon, and the natural and artificial systems compared with each other. Attention
