### The Nurnberg's End

London, Jan. 10th.—Captain Allan of H.M.S. Kr. 01, which sank the German cruiser Nurnberg off the Falkland Islands, describes in a letter to a friend exactly how the Kent chased, engaged and sank the Nurnberg. He says: 'It was a single ship action, as there was no other ship in sight at the time. The action commenced about noon and the action began at five p.m. After a sharp engagement, in which the Kent was struck by 36 of the enemy's shells, the Nurnberg sank at 7.25 p.m. The Nurnberg was a faster ship than the Kent. I appealed to the engineers and stokers to do all in their power to catch her. Finally they responded and the Kent went faster and faster until she was making 25 knots, more than a knot faster than the enemy had gone before. She drew nearer and nearer until we got the Nurnberg within range of our guns, and then our shells began falling thick and fast around her and she was struck many times, until at last she was in flames. The enemy continued firing their guns until the ship was sinking. As she disappeared below the surface, some of the brave men on her quarter deck were waving German flags.'

### Fish Market

Transactions between fishermen and merchant are over, but an occasional parcel of fish from out-ports planters and business men finds its way into St. John's. The price for this varies somewhat—the most of it is taken on a talqual basis, the figure being from \$7.60 to \$7.80 for good, dry, large Merchantable and Madrya. West India goes at \$4.00, and Labrador (soft) at \$5.50; Labrador, (hard) is quoted at \$7.00, if well dried. Codfish is quoted at \$82.00 to \$85.00 per tun, and lobsters are not being handled at any price at present.—Trade Review, Jan. 23.

### Demands Inquiry

London, Jan. 14.—The Morning Post to-day follows up Admiral Lord Charles Beresford's letter of yesterday concerning the sending of warships into waters where there are submarines without an accompanying torpedo boat destroyer with a demand for a formal enquiry into the loss of the battleship Formidable in the English Channel. The newspaper calls for an answer to the following specific questions:

'Why was the squadron at sea at night? Why was it deprived of its proper defence of torpedo boat destroyers? Why was it steaming at slow speed? Why has the Admiralty withheld all detailed information regarding the disaster? Why has no court of enquiry been held? And what guarantee is there that a similar disaster will not occur in the future?'

### Predicts Long War

Rev. Hiram Hall Expects to See It Extend Over Two Years

'I believe that Germany and Russia were mobilizing their troops for more than two weeks before war was declared,' said Rev. Hiram Hall, of Toronto, recently. Mr. Hall was visiting friends in Germany when war was declared. He stated that 'it was all rubbish to believe that a long war in regards to foodstuffs,' and said that he believed the war would last for at least two years. The people of Germany hated the British for entering the war, and they were intensely loyal to the fatherland, and it would be a great sacrifice on the part of the allies before Germany was finally humiliated. 'I believe that Canada is not doing all she should in supporting old England,' said Mr. Hall. He urged that all young men should gladly sacrifice everything for the empire in this national crisis.

### Trade Shows Decrease

The first decrease in the total business of the colony, indicated by the annual figures of exports and imports in more than a decade, is shown by statistics for the last fiscal year, made public recently. Although exports increased by \$401,654, there was a decrease in imports of \$1,018,630, the total figures being: Exports, \$15,134,543; imports, \$15,193,721.

Shipments to the United States showed a falling off of \$348,805, due to inability to market as large quantities as usual of sealskins, cod liver oil and other fisheries products. The United States was the only country from which imports were greater than in the previous year, the increase being \$223,163.

The higher prices prevailing for fish brought about an addition of \$547,557 to the value of exports to South America, the West Indies and Mediterranean ports.

Chiefly because of the war, all industries except the pulp and paper mills, have diminished their output. A wider market for fish is anticipated this year, in view of the absence of French competition in the Atlantic cod fishery, resulting from the drafting of the French fishermen to serve on warships.

### Printed Forbidden News

Ottawa, Jan. 19.—The department of justice has under consideration the case of a Montreal newspaper which last week printed a story about the building of submarines in Montreal for the British navy. The printing of news in regard to naval plans, etc., is a violation of the censorship regulations based on an order in council passed last August. A penalty of \$5,000 fine or five months' imprisonment is provided for in the order in council. The censors are now investigating the case in point.

### Making British Shells

The FRASER Motor Engine Company, of New Glasgow, whose plant at their liquidation sale was bought in by Walter P. MacNeil, have secured an order from the British War Department for one million dollars' worth of shells to fit the bore of high-grade artillery. Those shells must be ground to the thousandth part of an inch. It takes the finest lathes in the world to do this work. A great deal of new machinery has been placed in the FRASER factory for making these shells. The FRASER engines will also be made by this new machinery. They will, therefore, be better than ever, and the factory will run on a larger scale than ever.

Mr. MacNeil, the new owner, is a very enterprising young man, taking over his father's steel bridge building business a few years ago, which was then small. It expanded until last year, becoming one of the strong competitors of the Dominion Bridge Company they were bought out for \$300,000.00. This money Mr. MacNeil is using in building the famous FRASER engine and making British shells. FRASER engines and parts of every description will be supplied as usual by Franklin's Agencies, Ltd., St. John's—adv., 14

### Ten Dry States

The people of Virginia adopted prohibition by a majority of some 35,000. This brings the honor roll up to ten—Georgia, Kansas, Maine, Mississippi, North Carolina, North Dakota, Oklahoma, Tennessee, Virginia and West Virginia, placing over 17,000,000 under a prohibitory regime. The mother State thus follows the good example set by her daughter, West Virginia, which passed a prohibition amendment two years ago by over 29,000, the largest vote given by any State yet. The West Virginia law went into effect July 1 last; the Virginia law will take effect Nov. 1, 1916.—The Independent.

### SHE WAS IN BED FOR SEVEN WEEKS

Then Dodd's Kidney Pills Cured Madam Berube

Montreal Lady Tells how, After Four Years Illness, She Found a Complete Cure for all her Troubles.

Montreal, Que., Jan. 27th (Special).—Madame J. Baptiste Berube, residing at 1393 Logan Avenue, this city, asserts that after four years' suffering from kidney disease she has been completely restored to health by Dodd's Kidney Pills. 'I had a pain in my left side around the heart,' Madame Berube says in her statement. 'I suffered constantly with headache and backache, and for seven weeks I was in bed with kidney disease and feebleness. The doctor could not help me, so I decided to try Dodd's Kidney Pills.'

After the first box I was some better. I continued to use Dodd's Kidney Pills till now the palpitation has left me, and I am a well woman, able to do my work. Dodd's Kidney Pills cured me and I recommend them to all persons who suffer as I did.'

Notice how many women are rising to tell their suffering sisters they can find relief in Dodd's Kidney Pills. The reason is that nine-tenths of women's ills spring from diseased or disordered kidneys. Every woman whose kidneys show signs of weakness should use Dodd's Kidney Pills.

### First Nfld. Regiment

### CALL FOR RECRUITS

Your KING and COUNTRY Need You

### WILL YOU ANSWER YOUR COUNTRY'S CALL?

At this very moment the Empire is engaged in the greatest War in the history of the world.

In this crisis your Country calls on her young men to rally round Her Flag and enlist in the ranks of Her Army.

If every patriotic young man answers Her Call, Great Britain and the Empire will emerge stronger and more united than ever.

Newfoundland has already equipped and sent to the front her First Contingent, 540 strong. But we must not stop at this. Further drafts are urgently needed to reinforce our numbers on the battle line, and must be sent forward at the earliest possible moment.

Suitable Recruits between the ages of 19 and 36 will be accepted and trained in drill and shooting so as to fit them for military service. They will then be formed into regular companies of the Regiment, and will be given the option of volunteering for service abroad, if required, on the same terms and conditions as the men of the First Contingent. Pay will commence when men are actually enrolled for service abroad.

Recruiting Offices will be opened in St. John's, and at the offices of the different Magistrates, and at other suitable places in the Colony, (as to Recruiting, in case of doubt write to the Recruiting Officer, St. John's). Where not less than fifty men offer for enlistment at any recruiting centre, a drill instructor will, if possible, be sent to the District to train them.

'The questions which are dealt with in the "Self and Sex Series" of books are always being asked, and if the answer is not forthcoming from pure and wise lips it will be obtained through vicious and empirical channels. I therefore greatly commend this series of books, which are written lucidly and purely, and will afford the necessary information without pandering to unholy and sensual passions. I should like to see a wide and judicious distribution of this literature among Christian circles.'
