

METHODISM IN COLLEGE HALLS

An Enormous Idea—Charles F. Allison—Founding of the Mount Allison Institutions—Distinguished Missionaries—The List of Teachers—The Outlook.

By REV. DR. WILSON.

Methodism for many years and by... the embodiment of uneducated goodness, and her ministers however godly and effective as preachers could make little pretensions to scholarship.

But the benedictions of this worthy man to this worthy cause did not end here—they were continued—until they reached the handsome sum of \$20,000.

"The foundation stone of this building I now proceed to lay, in the name of the Holy Trinity, Father, Son and Holy Ghost. And may the Education here furnished by the institution be conducted on Wesleyan principles, to the glory of God and the extension of His cause, Amen."

BECOMES OF ORIENTAL TYPE

LONDON, Aug. 4.—The extraordinary case of an Englishman whose appearance changed to that of an Oriental is described by Dr. H. Wark Dodd, an ophthalmic surgeon, in this week's Lancet.

"It was after this illness that the changes of appearance began to take place, and these have continued, until now he has practically changed his identity, for from being a finely developed, erect man of 5 feet 10 1/2 inches in height and 16 stone 4 pounds in weight, 'Victor' is now a thin, feeble creature of a light brown color, a long blond moustache, and altogether fair in appearance, he has become in a few years smaller, stooping, 5 feet 8 inches in height, weighing 11 stone 11 pounds.

Dr. Dodd mentions another case of a similar type, and says he remembers other patients who should be included in the same category. It would seem, therefore, that there is some obscure disease, at present unknown to the medical profession, which has the effect of changing Europeans to an Eastern appearance.

SYDNEY, Aug. 4.—The inter-state agreement between New South Wales and Victoria which permits a certain amount of water annually to be drawn from the River Murray for purposes of irrigation will have the result of making large areas of land available for settlement.

others who from the first ranked among the most distinguished scholars and controversialists of their times. The Methodists in the Maritime Provinces in common with their co-religionists elsewhere, recognized at a very early date the need of an institution where their children could acquire a first class education amid surroundings that would not tend to alienate them from their own church or weaken their faith in the great truths of the Bible.

Botsford, Crane and Wood, who early gave up the practice of law and devoted himself to mercantile pursuits, is a staunch supporter of our institutions, and stands high in public estimation.

ST. JOHN, N. B., Jan. 4, 1889. TO REV. MR. TEMPLE: Rev. and Dear Sir—My mind has late been much impressed with the great importance of that admirable work of the wise man, "Train up a child in the way he should go, and when he is old he will not depart from it."

Turning from the man to his work it is not necessary to say that these very generous proposals were promptly and appreciatively accepted, and the committee which had been appointed to carry on the work met in Sackville on the 17th of January, 1840.

If my proposal should be approved of, and the offer I now make be accepted, I will proceed at once to make preparation, so that the buildings may be erected during the course of the next year, and I will, as a further inducement by the blessing of God, give towards the support of the school one hundred pounds per annum for ten years.

I shall be glad to hear that my offer is accepted, and to have the earliest information of your success on this subject, and am, my dear sir, Yours sincerely, C. F. ALLISON.

From among the more than 400 who have graduated and the many others who have studied at Mr. Allison's school, who have won distinction in the various walks of life, special mention may be made of the following: David Allison, L. D., who as president for many years of the institution at Sackville, and for a time chief superintendent of education in Nova Scotia, has proved himself to be a wise and competent leader.

MOUNT ALLISON MALE ACADEMY

New Brunswick Legislature, Albert S. White, a former Attorney General of this province, Richard C. Weldon, Professor of Law in Dalhousie College, and for some years a member of the House of Commons, Hon. Senator Wood, who early gave up the practice of law and devoted himself to mercantile pursuits, is a staunch supporter of our institutions, and stands high in public estimation.

Rev. Humphrey Pickard, D. D., was president from 1843 to 1857, when he was succeeded by David Allison, LL. D. Mr. Allison held the position until 1878, in which year he was followed by James R. Inch, LL. D., who remained in charge for the next thirteen years.

cannot fail to be favorably impressed by his surroundings. The prosperous region, the goodly dwellings, the well kept premises, and above all the several stately buildings now needed to carry on the great work demanded by the men and women of the immediate future, awaken within him new and indescribable emotions.
