The Methodist church at Covedale was the scene
of a very pretty wedding on Wednesday evening,
Sept. 26th, when Miss Victoria Colpitts was mar-

perfect as was the manner of the ushers, Messrs
Theodore Girault and Elias Snider. The bride was
arrayed in the customary white bridal frock and
looked charming. The bridesmaid Miss Sadie Col-
pitts wore a dainty dress and looked sweet. Both
bride and maid carried bouquets of maiden hair
fern and roses. The groom is one of the most pop-
ular young men of the Portage and this fact coupled
with the popularity of the bride brought them very
many elegant presents from their score of friends.

Over a hundred guests were present at the wedding
feast at the home of the bride's parents after the
marriage was consummated at the church. The Rev
Charles H Manston tied the nuptial knot. Mr and

tributed largely to the evening's enjoyment. The
foolish drawback to the evening's amusement was
the thought of having to part with their young
friend Mr Girault, who was to leave for New

derstood Mr Girault returns in mid summer 1901

THINGS OF VALUE.

He saw that the mood of the hour called for Con-
cord philosophy.

Happily this was not difficult.
"It matters little," he wrote, "which shoulder you
see the moon over, provided you put the shoulder to
the wheel!"

Insultation told him at once that his literary
fame was now secure.

There never was, and never will be, a universal
panacea, in one remedy for all ills to which flesh is
heir—the very nature of many ills, for being such
that were the germs of other and differently seated
diseases rooted in the system of the patient—what
would relieve one ill, in turn would aggravate the
other. We have, however, in Quinine Wine, when
obtainable in a sound unadulterated state, a remedy
for many and grievous ills. By its gradual and
judicious use, the frailties of the system are led into con-
tinuance and strength, by the influence which
Quinine exerts on Nature's own restoratives. It
relieves the drooping spirits of those with whom a
chronic state of morbid despondency and lack of
interest in life is a disease, and, by tranquillizing
the nerves, disposes to sound and refreshing sleep.

Quinine Wine is the action of the blood, which,
being stimulated, courses throughout the veins,
strengthening the healthy animal functions of the
system, thereby making activity a necessary result,
strengthening the frame, and giving life to the
digestive organs, which naturally demand increased
vigour. Quinine Wine is the natural rate, and,
being the opinion of scientists, this wine ap-
proaches nearest perfection of any in the market.
All druggists sell it.

Friend—Where are you going to with all those
sins and swords and knives.

Plug-Hat Party—I'm going civilization.

There is danger in neglecting a cold. Many who
have died of consumption dated their troubles from
a cold which was not properly treated. It is the
lungs, and in a short time they were beyond the
skill of the best physician. Had they used Bickel's
Anti-Consumptive Syrup, before it was too late,
their lives would have been spared. This medicine
has no equal for curing coughs, colds and all affec-
tions of the throat and lungs.

"Do you believe in church lotteries?" she asked.
"Some kinds," he replied doubtfully.

"And do you mean?" she demanded.
"Well, he answered, I believe in church wed-
dings."

For Nine Years.—Mr. Samuel Bryan, Theford,
writes: "For nine years I suffered with ulcerated
sores on my leg. I expended over \$100 to physi-
cians, and tried every preparation I heard of or saw
recommended for such disease, but could get no
relief. I at last was recommended to give Dr.
Thomas' Eucalypti Oil, a trial, which has resulted
after using eight bottles (using it internally and ex-
ternally), in a complete cure. I believe it is the
best medicine in the world, and I write this to let
others know what it has done for me."

Mr. Askit—Are you studying law, Miss Gab-
belleh?

Miss Gabbelleh—Well I attended court last night.

They Cleanse the System Thoroughly.—Farnel-
le's Vegetable Pills cleanse the stomach and bowels
of bilious matter, cause the excretory vessels to
throw off impurities from the blood into the bowels
and expel the deleterious mass from the body. They
do this without pain or inconvenience to the patient
who speedily realizes their good offices as soon as
they begin to take effect. They have strong re-
commendations from all kinds of people.

"Marie did you bring me a present from Paris?"
Of course, Harry, and I brought a lot of beauti-
ful things for you to give me on my birthday and
our anniversary.

That man has queer notions.
"That so?"

"Yes; he runs a dime museum."

They Advertise Themselves.—Immediately they
were offered to the public, Farnelle's Vegetable
Pills became popular because of the good report
they made for themselves. The reputation has
grown, and they now rank among the first medi-
cines for use in attacks of dyspepsia and bilious-
ness, complaints of the liver and kidneys, rheumat-
ism, fever and ague and the innumerable compli-
cations to which these ailments give rise.

"The party threw me overboard," said the man
with the gloomy cast of countenance.

"And now," asked the professional annoyner, "you
belong to the floating vote?"
