WEDDINGS

Ward-Bellville.
 An interesting event at the St. John's Methodist Church was the wedding of Mr. and Mrs. Joseph Bellville, 95 Thorne Ave., to Norman J. Ward, son of Mr. and Mrs. J. James Ward, 17 Union St. The church was filled with guests for the ceremony which was witnessed by a large audience of relatives and friends. The bride was given away by her father, who was in a traveling suit of navy blue with hat to match and seal stole and wore a corsage bouquet of roses. W. L. Bellville, brother of the bride and Austin Mel, St. John's, were ushers. During the service the wedding music was provided by the church organist Miss M. Sandall. After the ceremony the happy couple left on a honeymoon trip to Montreal, Ottawa, Toronto and other Upper Canadian cities, and upon their return will take up their residence at 27 Celebration street.

The popularity of the young people was shown by the many beautiful presents they received of cut glass and silverware. Among the many gifts received was a handsome Silver Service and Tray, the gift from the bride's association in the New Brunswick Power & Eastern Electric Co. offices. The groom's present to the bride was a seal coat and to the ushers gold cuff links.
 Congratulations and best wishes from their numerous friends accompanied Mr. and Mrs. Ward for their future happiness.

PILES

Are Generally Caused By
CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery. Ninety per cent. are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.
 Piles are caused under three headings, i. e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.
 Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.
 Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles. They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not grip, weaken or sicken.
 Milburn's Laxa-Liver Pills are 25c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Vocational Classes Will Open Tonight

Card Writing, Motor Mechanics, Bookkeeping, Sewing, Dressmaking, etc.

The Vocational Schools will be opened tonight, with the following classes: Show Card Writing, Motor Mechanics, Bookkeeping, Sewing and Dressmaking, Millinery and Domestic Science.

It is expected that the other classes in Electricity, Mechanical Drawing, Building Construction and Chemistry will be opened next week.
 There will be two classes in Show Card Writing, of which one will be held Monday and Thursday nights, conducted by David Lynch, and the other on Tuesday and Friday nights, conducted by J. B. Moore. These classes will be held at formerly in St. Vincent's High School building, 1000 St. John street.

Bookkeeping classes will be held on Monday and Thursday evenings at the Modern Business College, corner of Mill and Union streets.
 Sewing and Dressmaking Classes will be held in the Oddfellows' building, corner of Union street and Hazen avenue, with two classes on Monday and Thursday nights, instructed by Mrs. W. J. Thomson and Miss Katharine McCullough. Two classes on Tuesday and Friday nights, instructed by Mrs. Margaret Corkery and Mrs. Iza Blaine. Two classes on Tuesday and Friday afternoons, instructed by Miss Belle M. Kingston and Miss Mary Mullin.

As many as possible of those who have been enrolled for this course and have not been allocated a class should appear Friday afternoon, the remainder should report on Friday evening.
 Other Classes
 The Millinery Classes will be held in the Oddfellows' building on Monday and Thursday nights and will be instructed by Miss Beatrice Murphy and Mrs. Joseph Carleton.
 The Domestic Science Classes will be held in the Manual Training building on Tuesday and Thursday evenings and on Monday and Friday evenings.

Mrs. James Magee has been appointed an instructor.
 Announcements regarding this and other classes will be made later, but in the meantime only those who can enter the classes who were so notified on making application.

Matter of Regret
 It is to be regretted that no building has, as yet, been secured where the Vocational classes can be carried on together. It is expected, however, that this will be provided in the near future, and the necessary equipment installed. When this is done the evening classes will be more efficient than those carried on at the present time, and it will be possible to meet the requirements of a much larger number of workers. In addition to this it will be possible to conduct day schools, give courses in trades and commercial pursuits for those boys and girls who find it necessary to drop out of the regular public schools.

Letter Received From Lloyd George
 British Prime Minister Conveys Thanks to Loyal Citizens of St. John.

It will be remembered that at the citizens meeting in Queen's Hall on the last Sunday in November a resolution of sympathy with and endorsement of the policy of Lloyd George was unanimously passed at a public meeting held in that town. Such a message is of great encouragement to Mr. Lloyd George, and is much appreciated.

Yours faithfully,
 P. L. STEVENSON,
 To the Citizens Committee.

Smith Didn't Die of Starvation

Englishman Who Claimed He Was Starving Died at Hospital of Kidney Disease.

John Smith did not die of starvation, but of kidney disease aggravated by exposure, Dr. Abramson, provincial pathologist, stated yesterday. The vagrant was sent to the General Public Hospital last Friday night after being found seriously ill in the Union depot. The man was admitted to the hospital at a little before 6 o'clock and passed away in the first hour of the New Year.

Prior to his death he stated that he had not eaten for over four days until he found a crust of bread on the street. It was after eating this that he became ill.
 The hospital doctors were convinced that he did not die of starvation but could find no other cause for his death, as all the organs examined proved sound. Dr. Abramson performed an autopsy at the request of Coroner H. A. Porter, and as a result of his finding an inquest was not deemed necessary.
 Smith, who had neither friends nor relatives in this country was buried in the Pottery Field Tuesday.

IN THE EDITOR'S MAIL

St. John, N. B., Jan. 5th, 1921.

To the Editor,
 Dear Sir:—Kindly permit me space in your valuable paper to say as briefly as possible my reply to certain statements contained in an article which appeared in the St. John Standard of Monday, Jan. 3rd, headed "Maritime Nails Closed." The first intimation of any close down of the plant the employees saw was the posting of a notice on Thursday, Dec. 30th, p. m., and the plant closed at 4 p. m., Dec. 31st. Particular reason given for this close down, coming presumably from the management, are prohibitive wages, shorter work day than similar establishments and the fact that this plant is the only "union shop" of its kind in the world? It is news to the employees of this plant, speaking generally, that their wages were any higher than wages paid some similar industries in our own city. Reference is also made to certain market conditions and the trend of events regarding working conditions possible in certain sections of the industrial world.
 The men of the Maritime Nail Plant were organized in the year 1912. Prior to organization, and more particularly during the past eight years of organization of the plant, our relations with the management have been, to say the least, agreeable. This has been attested to on more than one occasion by the management. Any matter of new working conditions were always discussed fully, frankly and openly between committees, representing the organization, and the company, and we stand prepared at present to follow the same plan of action and have so justified the management.
 The policy of conciliation has always dominated the activities of our organization. We feel strongly that, in as much, as we have been taken into the confidence of the management in the past, it might have been only fair to have followed the same course in the present situation. In conclusion we desire to again state that we are prepared to meet the management and discuss the existing situation in all its phases and in requesting action along these lines we feel we are acting in the best interests of not alone ourselves but the Maritime Nail Co. and the city generally.
 Thanking you, Mr. Editor, for your valuable space, I beg to,
 Remain,
 JAMES A. McEACHERN,
 Secretary, Nail Makers' Union No. 14199.
 75 Coburg St., St. John, N. B., January 4th, 1921.

Sir:—On the removal of No. 1 Canadian General Hospital from Etaples to Trouville as the result of a severe

bombing, a New Brunswick Hut ward was purchased by the British Military Authorities for \$500. The equivalent of this sum \$2,433.33 was received by me.
 Those who so kindly contributed have been consulted as to the disposal of the fund and it has been distributed in the following manner: N. B. Canadian Red Cross with interest, \$572.73; N. B. St. John Ambulance Association with interest, \$1,452.97; Brunswick Chapter I.O.O.F., Follow-up fund, \$473.33; Young Women's Christian Association, \$25.00; Grand Orange Lodge Orphans, \$91.06; Olive Rebekahs, \$24.63.
 Yours truly,
 MURRAY MACLAREN.
