

DON'T HAWK, SPIT, SNEEZE, CURE YOURSELF! BREATHE "CATARRHOZONE"!

Gives Instant Relief, Clears Out Nose, Throat and All Breathing Organs

In this field climate, repeated colds very easily drift into Catarrh. The natural tendency of Catarrh is to extend through the system in every direction.

Colds, sore throat, bronchial trouble, etc., can all be cured right at home by inhaling "Catarrhozone". In using Catarrhozone you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages.

AGRICULTURE

Quebec, Jan. 24—Ontario farmers grow too many varieties of oats and too many varieties of potatoes. That is the great weakness of these most important crops in this Province.

These were the most important announcements in the report of Professor C. A. Zavitz on the results of co-operative experiments with various crops in Ontario in 1913, presented to the annual meeting of the Experimental Union today.

Among these experiments with various varieties of oats, "O. A. C. No. 21" had given the best results. Two years ago 300 men in different parts of the province got one pound each for seed.

The same weakness of too many varieties, is evident in the case of potatoes. No less than fifty-seven varieties of potatoes are grown in Ontario, the most extensive of which is the "Rural New Yorker No. 2".

At the present time 96 per cent of all the barley grown in Ontario was first introduced at the Ontario Agricultural College or sent to the United States through the Experimental Union.

The rural school problem will be best solved by the introduction of agriculture, said Professor S. B. McCready, in his report on the work of the Schoola Division of the Experimental Union.

Delightfully effective remedy for all throat affections, coughs and colds. As safe for the children as grown folk, contains no harmful drugs and effects speedy cure.

DARTMOUTH SCHOOL BURNED; LOSS \$30,000

Halifax, Jan. 28—The Greenvale school at Dartmouth was completely destroyed by fire early this evening. It was a new wooden building with eight class rooms and the domestic science department and 450 children have to be looked after by the school board.

FOURTEEN AFTER LIQUOR LICENSES IN CAMPBELLTON

Campbellton, Jan. 24—The liquor license commission held a sitting in the town hall Saturday at 2 p. m. to take into consideration the applications for liquor licenses in ward 3 of this town. There were fourteen applicants, eight of whom were protested by temperance societies in that ward on the ground that they were disqualified through the violation of the liquor law within a year.

Digby Civic Nominations. Digby, N. S., Jan. 27—(Special)—The following were nominated in Digby today: For mayor, H. B. Short, W. W. Hayden; for councillors, M. C. Denton, F. L. Anderson, W. E. VanBlarcom, W. H. Crook, Geo. W. Wightman, William S. Winchester.

THE MILLERS AND THE TARIFF

Uncertainty, the mark of timid incoherence, is shown in the attitude of the Ottawa government toward the demand for relief from wheat and flour duties. The simultaneous removal of the American tariff, and although this may be moved at any time by congress without regard to Canada's legislation, existing American statutes provide for the automatic removal of the American duties and imposts when those maintained by Canadians on themselves are removed.

Milling interests are also desirous of maintaining the obstacles which permit protection prices to Canadian consumers. It is on account of the obstacles that we see the anomaly of bread from Canadian wheat—dearer in Toronto and London than in London, England.

EVA BOOTH IN CRITICAL STATE

New York, Jan. 28—Eva Booth, head of the Salvation Army in this country, who for more than a week past has been ill in the Salvation Army barracks, here after a nervous breakdown in Elmira, was reported tonight to be in a grave condition.

The Harris Abattoir Co., Limited Fertilizer Department, Toronto, Can. "Benn & Turney Co., Limited, Woodstock, N. B. General Agents in New Brunswick for Harab Fertilizers."

KEEP THEM WORKING

A horse in the field is worth two in the barn. You can't prevent sports, ringworm, scabs, or other troubles from keeping horses in the barn very long. You can get Kendall's Spavin Cure.

Progressive Jones Says: "Good for Your Soil and Your Crops" Your soil will receive the proper plant foods to stimulate your crops, and the land will also be nourished, if you use Harab Fertilizers.

There are other fertilizers which, while they force your crops the first year, impoverish your land and eventually put it in such condition as to be almost worthless. Do not run any risks of this kind. Consider results not only for this year, but for many to come. Harab Fertilizers are true plant foods. They are good for both land and crop.

Be well advised and write to The Harris Abattoir Co., for a copy of their Fertilizer Booklet. That's the first step in the right direction.

Delightfully effective remedy for all throat affections, coughs and colds. As safe for the children as grown folk, contains no harmful drugs and effects speedy cure.

Be very careful with it, PA.

ABE MARTIN

Stew Nugent is out of jail at Bloom center but still in Bloom Center. You can't have a peddle a good thing.

THAT SON-IN-LAW OF PA'S

PA, I WANT YOU TO CARRY THIS PACKAGE INTO THE MUSIC-ROOM FOR ME.

GOSH-BLINK IT! THIS THING WEIGHS A TON!

BE VERY CAREFUL WITH IT, PA.

MM-M—NOW LET ME SEE I BELIEVE IT WILL LOOK BETTER IN THE DRAWING-ROOM AFTER ALL—LET'S TAKE IT BACK—

SAY, MA, WHAT IS THIS BANGED THING ANYWAY?

WHY, IT'S A MARBLE BUST OF OUR DEAR SON-IN-LAW AND IT WAS DONE BY THE BEST SCULPTOR!

IS THAT SO?
