Ladies' Aid.

In presenting our report for 1897, we indeed feel grateful to our Heavenly Father for the measure of success which has attended our efforts. Progress can be noted in every department of the work. Twelve meetings have been held during the year, with an average attendance of nine. We have twenty-one members on the roll, four of these were added lately. Our meetings have been very interesting and instructive, as we have been endeavoring to acquaint ourselves with the needs of the people in the yet unchristianized hands.

The sum of two hundred and sixteen dollars (\$216) was handed over to the building committee, sixty-one dollars and forty cents (\$61.40) of this amount was raised by monthly contributions, eighty six dollars (\$86) was proceeds of socials, three dollars and fifty cents (\$3.50) members' fees, and twenty-one talents when returned amounted to eighty-eight dollars and eighty-five cents (\$88.85).

There were some special contributions as well. The Auxiliary sent \$10 00 to the Treasurer of the Presbyterial Society and clothing valued at thirty one dollars (\$31.00) was sent to the North West.
