DRURY SEEMS FIRST CHOICE WITH MORRISON SECOND AND BECK IN THIRD PLACE

LIBERALS REPORTED WILLING TO ENTER FARMER-LABOR COALITION

TORONTO, Oct. 29.—The feeling among the Farmers appears to be that E. C. Drury will be Ontario's next Premier. J. J. Morrison, the Secretary and tireless organizer of the U.F.O., no doubt could have the position if he coveted it. But he is doing work of the most valuable nature along other lines and has no desire for the higher honor and responsibility.

Unless the Farmers were most insistent that he was the only man for the job, Mr. Morrison probably would not accept the Parliamentary leadership. He and Drury are the warmest of friends and each would be ready to stand aside for the other. Because Drury is a tariff specialist and already a Federal candidate, the Farmers might make Morrison their first choice with the approval of Labor, but if Morrison makes it plain that he won't take the position, it is likely to go to Drury.

Beck's name this morning was not considered better than third choice. Feeling among the Labor men has

A FEW SWEEPINGS FROM THE VICTORY LOAN "CLEAN-UP"

(By Dinty Moore)

Wear your Victory Loan Buttons. A Salesman may stop you on the street and go after you for another and still another if you don't.

Two things worth while. A good wife and a nice big Victory Bond. If you have a good wife, buy a Victory Bond. If you haven't got the other, it will help you get the other.

And you Salesmen, here's a bunch. The mother and the father's punch, to keep it up they'll eat less lunch, to come on Topholme, Erb, and Brown, help bring that flag we want to town. By "Jiggs."

Hurray! North Waterloo outstripped the rest of the Province and won the pennant for Special Subscriptions. The presentation takes place this week. Notice later.

Let's make it unanimous and all buy Bonds. Next May you will be mighty glad to stroll into your Bank and turn that coupon into real money.

Championship Bond bout takes place this week in the Special Subscriptions Arena between The Lang Tanning Co. and The Kaufman Rubber Co., and Wall Street is betting even money.

An old woman and her daughter-in-law were together at one house called "The Mother and the Father's punch," and she hooked his hat and shoes. His pants and everything; Now, with the interest on his Bonds, He's happy as a king.

There was another guy in town. And he was mean as sin. He said: "For those old Victory Bonds, I will not spend my tin." And so he hung on to his kaler; The poor simp starved to death.

This little column tells a story all its own.

WAIT TILL CLOUDS ROLL BY IS FAVORITE UNION SONG

WESTERN AND EASTERN NEWSPAPER OPINIONS ON ONTARIO ELECTIONS

Ottawa, Oct. 29.—If the Unionists can hold together, there will be no election before the summer of 1923. Governments supporters regard the Ontario election and the Federal by-elections as cyclones which came uncomfortably close. In addition, every Unionist member gets an increasing number of letters from home, mainly from soldiers, voicing discontent with the way things are going.

"Wait till the clouds roll by," is the favorite song of the Administration. Members on the cross-benches, who broke away from the Government in the Budget debate last session on the tariff question, the other hand don't care when the election comes. Most of them regard the recent election as a direct endorsement of their attitude last session. Efforts to work up opposition to them in their own constituencies have had poor success because of the general approval of their actions. They are regarded as the Federal forerunners of the agrarian members to come. Most of them are Liberals now.

Most Federal members are eagerly scanning the newspapers from their own and other parts of the country to get an idea of public opinion. Nearly all newspapers say, the Ontario election reflects the universal spirit of unrest and that they also probably presage an era of group government. The Victoria Times thinks, there is something more in common between the policy of the U. F. O. and fundamental Liberalism than between the

STRIKE LEADERS WELL DEFENDED AT COMING TRIAL

Winnipeg, Oct. 29.—An imposing array of barristers has been engaged to conduct the defense of the eight strike leaders charged with seditious who are scheduled to appear for trial at the forthcoming Assizes on Nov. 4th. The total cost for legal assistance will be \$500 per day.

The list includes, J.E. Bird, Socialist lawyer of Vancouver, now on his way east to appear in defense of several Finlanders under Federal indictment in Port Arthur, Robert Cassidy of Victoria, W.W. Lafleur of Vancouver, known in Labor circles in Alberta and British Columbia, J.T. Murray, M.W. Nabe and E.J. McMurray of Winnipeg.

According to a statement made by a Winnipeg Labor organizer nothing has been done if any of the men are sent to jail on any of the charges arising out of the strike it will only be after legal battle that will shake the whole of Canada.

FOURTEEN PERISH ON LAKE MICHIGAN

Muskegon, Mich., Oct. 29.—Twenty-one persons were officially incriminated for early today and fourteen were known to have lost their lives in the sinking yesterday of the Crosby Line Lake Steamer Muskegon which has driven into the pier by a gale. Six battled across Lake Michigan from Milwaukee in a heavy sea. The Coroner and the Crosby Line officials stated they believed all missing had perished.

FIVE SUSPECTS UNDER ARREST

Cleveland, Oct. 29.—The discovery of a radical plot to spread terror throughout the nation by another series of bomb explosions next spring was announced by the police here today, following the arrest last night of five men and women, suspected of having planned the destruction of the central police station. They are believed to be members of an anarchist circle, that has been working in more than 100 cities.

OPPOSITION TO G. T. BILL IS GROWING

Ottawa, Oct. 29.—The Liberals are still holding up the Grand Trunk bill and it is beginning to look like an endurance contest. The opposition apparently would like to force the Government to withdraw the measure by the end of the session. The House may not be ready to prorogue for another two or three weeks.

The Opposition made its chief fight against the bill yesterday on the point that the agreement was submitted to go to the country on the issue of the bill. The suggestion did not meet with any degree of enthusiastic response, for the aftermath of the Ontario election has not passed away, and talk of elections is generally frowned upon in government circles.

HEARST REFUSES POSITIVE REPLY TO DEWART CHARGE

Toronto, Oct. 29.—A denial to Hartley Dewart's charge that appointments to Government positions had been made since the election on October 20th, was issued by Premier Hearst this morning.

"The appointments of Mr. Baly and Mr. McElroy to which Mr. Dewart refers were both made and approved by the Government before October 20th," said Sir William.

"Were they published in the Gazette prior to that date?" asked the reporter.

"I cannot say," Mr. Dewart says they have not been published in the Gazette and that may be correct. The Gazette publication is not obligatory, even though it is done in most cases.

"Have any appointments been made since the election?"

The Premier declined to answer this question or to discuss the subject at any greater length.

LITTLE LINERS

The line up of officers appointed by the hockey club last evening shows a strong personnel. In Mr. F. H. Boehmer there is a valuable president. The idea of "three-in-one" is good. Each team of course retains its own manager and secretary.

Rumor has it that a knitting factory may locate in the former building of the Goulay-Fogelberg Shoe Company.

The local LaF-Lot Club know how to do things still better.

The work of the ladies of the auxiliaries of the Kitchener and Waterloo Hospitals, need no comment. What would we do if the ladies did not lend a hand?

What about doing something to enable the city to go out after worthy industries properly? Where is the civic patriotism? Remember what Hamilton is doing, also Welland, Windsor and a score of others! Let's have action!

What has become of the idea to plant trees in Victoria Park in memory of the fallen soldiers from the city?

Victory loan! All is well. But share in the honor of lending a hand.

The Victory Loan campaign in many cities and towns, was given a noisy start.

TORONTO BARGE AND EIGHT LIVES GO DOWN IN GALE

ROCHESTER, Oct. 29.—The finding at daybreak today of two bodies on the shore of Lake Ontario, wearing lifebelts bearing the name of the steam barge Homer Warren of Toronto, reveals the total loss of that vessel with her crew of eight. The shore was strewn with wreckage.

The Warren, in charge of Capt. Sealer, of Toronto, left Oswego homeward bound yesterday morning with 500 tons of coal. She was last seen off Pultneyville, thirty-five miles east of here, at 11 a.m. yesterday, while the gale was raging furiously. She is believed to have gone down during the night. The bodies found have not been identified.

CATTLE ENLARGE AT WINNIPEG

WINNIPEG, Oct. 29.—An embargo has been placed on cattle at the Union stockyards. Heavy local receipts and the large number of cattle shipped to France and Belgium are the cause of embargo. Sheep receipts have trebled during the past weeks but hog receipts are light.

Two young men arrested in an empty cottage about three miles from Goderich, are suspected of being O'Brien and McPherson, who escaped from Stroud jail.

GOOD WORK AT HOSPITAL SEEN IN ANNUAL REPORT

Meeting of Trust Held Last Evening. Despite High Cost of Maintenance, a Splendid Showing Is Reported.

TRUSTEES WERE REAPPOINTED.

The annual meeting of the Hospital Trust, which was held last evening revealed another year of growth at the institution in a period in which the difficulties financially have not been eased by general conditions. The reports that were presented were, therefore, particularly gratifying. The Board and Ladies Hospital auxiliaries were the recipients of commendation from the Trust for the excellent showing that they made. These reports are given elsewhere in this article and they speak for themselves.

The meeting of the Trust was presided over by the president of the Board, Mr. E.C. Kabel. Others present were Mr. J.B. Hughes, Mrs. M. E. Boswell, Miss L.M. Bruce, Mrs. Gabel, Mrs. L. Sattler, Messrs. L.D. Merriek, George Diebel, R. Smyth, Mayor W.H. Kutt of Waterloo, Deputy Reeve M. Stroh of Waterloo, C.A. Boehm, Dr. J.A. Honsberger, W.G. Cleghorn, A.R. Kaufman, J.H. Baetz, R. He alluded to the necessity of keeping up the good work next year when the work will again be important and pressing.

Dr. Honsberger referring to the Superintendent's report, termed it one of the best ever presented. He also said that the introduction of the training school for nurses had been proven justified. Advancement

SLOW SAILING FOR G.T. BILL

(Special to Record.)

Ottawa, Oct. 29.—The Grand Trunk Bill has for the past few days made slow progress against head winds. It is anticipated, however, that it will shortly arrive in the haven of third reading and then proceed on its more dangerous voyage through the uncertain shoals and uncharted rocks of the Senate.

Pilot Meighen is to-night more hopeful that the obstacles will be finally navigated round in safety, than he was at the beginning of the week when the skies looked outcast in the direction of the Senate and when nasty weather promised.

There has been no real obstruction of the bill by Opposition members as yet and there is not likely to be. It is conceivable in that the Government after promising free discussion will resort in the end to closure.

J. H. Burnham of West Peterboro from the crossbenches created a dilemma by insisting the Government go to the country on the issue of the bill. The suggestion did not meet with any degree of enthusiastic response, for the aftermath of the Ontario election has not passed away, and talk of elections is generally frowned upon in government circles.

NEW MEMBERS WILL SOON TAKE SEATS

OTTAWA, Oct. 29.—It is anticipated that before prorogation comes, the five new members elected on Monday will be able to try out their new seats. About a week must elapse before the various formalities which precede the return of the writs are complied with.

The question as to who will introduce the Farmer members and as to where they will sit is arousing some interest. To-day there is no man in the House who was elected on the Farmers' ticket or is representing the new agrarian political movement.

It is anticipated, however, that Hon. A. T. Crerar will perform the small formality of announcing to Mr. Speaker that the three new members have signed the roll, taken the oath and desire to be seated. It is likely also that they will sit with Mr. Crerar on the cross benches, when that permission has been graciously granted by the First Commoner.

IS DOING WELL

Friends will be glad to learn that Mr. Nathaniel Shane who lost his right arm in a breaker at the Doon Twines a few days ago and who is at the hospital is doing nicely. The accident which happened a few days ago cost Mr. Shane the limb, which had to be amputated above the elbow.

Henri Hoch, aged twenty, of Montreal, was accidentally shot in the head by his father when out hunting together, and is in a serious condition.

PLANS FOR RELIEF IN SASKATCHEWAN

REGINA, Oct. 29.—The Provincial Government has now completed its plans for the relief of needy settlers in those portions of the province where the crop was a failure. The relief will consist of coal, flour and clothing. The value of the coal and flour will represent a loan to the individual settler and the clothing is being gathered free of charge by the women's organization of the province and is being distributed free of charge through the Provincial Bureau of Labor.

In rural municipalities the distribution of relief will be undertaken by the rural municipal council. Assistance by way of guaranteed credit for this purpose is provided by the Government which will also exercise supervision over the quantities distributed and prices paid by the municipalities for the goods.

The plan involves municipal responsibility and also the use of local sources of supply as far as possible. In unorganized areas, the distribution of relief will be undertaken by the department of agriculture through its field representatives.

FEDERAL PROPOSAL FOR BONDREDY LAW NOT LIKED BY D. A.

OTTAWA, Oct. 29.—There is no indication that the Government has any intention of introducing as the Dominion Alliance asks, a bill to prohibit the manufacture, importation, exportation and interprovincial shipment of all intoxicating liquor for beverage purposes.

In fact, the Government seems to resent the opposition of the Temperance people to the two bills now before Parliament. They say that this course is going to make it all the harder to get the present legislation through.

The principle underlying the Government's legislation is that the Province should be made dry to whatever extent they themselves may decide. The Dominion Alliance want a Dominion-wide Act.

Despite the temperance vote in the Ontario referendum, the Government that brought in the legislation was defeated. The Ontario Temperance Act is quite a different thing from total prohibition of the manufacture and importation of liquor all over the Dominion.

The literature of the Dominion Alliance uses hard terms in reference to the Government's bills. It calls them "compromising, temporizing and procrastinating." It says "they cannot be effective and they are not worthy of the parliament of Canada in this national crisis."

LONDON, Oct. 29.—The German Peace Treaty may come into effect on the anniversary of Armistice day, it was announced by Cecil Harmsworth, Under-Secretary for Foreign Affairs. The Government hopes the treaty will be formally ratified on November 11, and come into force the same day.

TOLEDO, Oct. 29.—A plot to kidnap Edsel Ford, son of Henry Ford, was frustrated here by the arrest of four men. The alleged conspiracy was exposed by a long agency detective, who posed as an ex-convict to gain the confidence of the men. A bell boy in a Detroit hotel hatched the plan. It was intended to drug young Ford and hold him for \$200,000 ransom.

ANOTHER MOUSE BORN

OTTAWA, Oct. 29.—That the Mounts has labored and brought forth a mouse is the opinion expressed by the G.W.V.A. executive in Ottawa this morning with regard to the report of the Calder committee on soldiers' civil reestablishment made public today.
