BACHELOR OF EDUCATION DEGREE

University graduates are invited to apply for admission to the eight-month program leading to the Bachelor of Education degree and Ontario teacher certification for elementary or secondary schools. Applicants must have an undergraduate degree or be eligible for graduation by September, 1973.

FEATURES

The Faculty of Education occupies a new academic-residential complex, Duncan McArthur Hall.

The Faculty of Education's forward-looking program, in line with current and emergent educational needs, emphasizes the human dimension in education. The students have many options in course selections where, consistent with the importance of personal and professional development, evaluations are based on continuous assessment, not term examinations alone.

The students participate fully in the administration and planning of the Faculty of Education.
