

that grandfather Mackenzie was known both as a boy and a man. However, it is natural for everyone to decide for himself by what name he prefers to be called. I am wondering if you yourself are adopting the name of William instead of Lyon.

I am also delighted to know that Arthur has secured his diploma for the Elementary Electrical Engineering course which he has been taking by correspondence during the past two years and that he has been admitted to the University of Colorado at Boulder. I remember Boulder University and, in fact, had something to do with the improvement of the grounds. You may remember at the time I went out to deal with the serious conditions in Colorado, I got the Rockefeller Foundation to vote a large sum of money for the improvement of roads throughout the mining districts. I visited Boulder University at the time and later recommended to the Rockefeller Foundation that part of the money should be used for building roads through the university grounds and round about. This recommendation was accepted and very considerable improvements and made there.

I knew the former president very well, but he has since gone to Cornell as the president of that university, after being president for a time of the Red Cross Society of the

King, Rt. Hon. William Lyon Mackenzie (MG
