

The Selkirk District, connected with Winnipeg by electric railway occupying as it does the picturesque and wonderfully fertile lower Red River Valley, affords the most desirable location in Western Canada, without exception, for suburban homes, market gardens, dairies, and small farms. The photograph shows a characteristic home of this class near Selkirk. Selkirk will appeal to you.

See description Selkirk, St. Andrew's and St. Clement's municipalities, pages 27-28.
