

For Horses, Cattle, Cows, Sheep and Pigs

As a milk and butter producer it has no equal. It increases the flow of milk and adds to the richness in the cream.

In hogs it prevents cholera and makes flesh—with a ration of a $\frac{1}{4}$ Oil Cake Meal and $\frac{3}{4}$ Corn Meal, a hog will gain 1 pound for every $4\frac{1}{2}$ lbs. fed.

As a fat and flesh food, Oil Cake Meal stands far ahead of any foods and will bring animals ready for the butcher quicker and cheaper.

Gossip.

JOHN A. BOAG & SON HAVE LANDED
A NEW LOT OF CLYDESDALES.

The latest lot of Clydesdales to land in this country was the recent importation of John A. Boag & Son, of Queensville, Ont. Everybody connected with the breeding of Clydesdales in this Province will remember the sweeping victory at the Guelph Show last December, made by the entries of the Messrs. Boag, the superior quality of underpinning, the splendid draft character, the true, straight action, all combined with the most fashionable breeding of the day, brought them to the top in the majority of the classes, and finally landed the championship and grand championship on the great stallion, Baron Ian, one of the greatest sons of the world-renowned Baron's Pride. Owing to the universal depression that settled over the country last year, paralyzing trade in every line of business, including pure-bred stock-breeding, several of the stallions and fillies of last year's importation are still unsold. These, with the importation of stallions and fillies just landed, make one of the strongest studs in the country this season. Among the stallions is the last year's champion, Baron Ian, a bay seven-year-old, by Baron's Pride, dam by Cedric. This is one of the best horses ever landed in Canada. Up to a ton in weight, he has all the quality imaginable, smooth to a turn, and his action is faultless. Angelo is a brown six-year-old, by the champion, Benedict, dam by Knight of Drumlanrig. This is not a show horse, but he is a rare good sire, his get invariably winning wherever shown. Clarion, a brown four-year-old, by Royal Abundance, dam by Prince Sturdy, has ideal character and the flashiest kind of quality, and moves like a Hackney. Baron Senwick is a newcomer, a black, with white hairs, three years old, got by Baron's Pride, dam by Netherlea. He, too is one of the stylish-quality kind, and withal has big size. Birchburn, also lately landed, is a massive bay two-year-old, full of draft character. He has the nice, flat bone, and wearing kind of feet and ankles, and is sired by the champion, Everlasting, dam by Kippendavie Stamp. The fillies range from one to three years of age. They are the kind that win at the big shows, with great size, smooth conformation, and faultless at the ground, while their breeding is the best. There are also an extra big, well-balanced pair of Canadian-bred mares, four and five years old. We never remember the time when the quality of the horses in the Boag stables was as high as now, nor when they showed so high a standard of excellence. This is the year when the wise man will buy breeding Clydesdales, whether it is a stallion or a filly, for horses will certainly be scarce and high in price before another eighteen months goes over.

The Guelph Winter Fair is a permanent and prosperous institution, and the public stayed by a good thing when it needed support. Make it bigger and stronger than ever.
