Customer (in restaurant)—"Look here, waiter, I've found a button in this salad."

Waiter—"That's all right, sir; it's a part of the dressing."

"Mother," asked the little one, on the occasion of a number of guests being present at dinner, "will the dessert hurt me, or is there enough to go round?"

STOP THIS WITH COOPER'S FLY KNOCKER

It pays to keep your stock free of flies—contented cows give 1/2 more milk; horses work harder and on less feed. Costs less than 1/2 cent a head per day. Use Cooper's Fly Kicker and save money. Easy to use—economical—efficient—safe. Quarts (Imperial) 50c; Gallons (Imperial) \$1.25. Special circular free—tells what others say about Cooper's. Any dealer or **WM. COOPER & NEPHEWS - TORONTO**

Sheep Husbandry in Canada.

Coincident with a number of other active agencies designed to revive the sheep-raising industry in Canada, there has been issued by the Live-stock Branch of the Department of Agriculture a new edition of that exhaustive and practical treatise, "Sheep Husbandry in Canada," which received such a warm reception some four years ago. This work of 126 pages, which constitutes a report, as well as a helpful bulletin of instruction, covers the history and condition of the sheep industry in every Province, pointing out the weak points, and offering useful information for the guidance of older shepherds, as well as those who are just beginning, or desire to begin, raising mutton and wool. In this work the author, who is a trained sheep man, brings out clearly the great advantages of keeping sheep from the dual standpoint of direct profit in cash returns, and the even more important indirect one of cleaner farms and better crops. Then there is a special section, "From the Block to the Table," designed to popularize the consumption of mutton and lamb. Other sections deal with weed destruction by sheep, diseases, wool, housing, enemies, breeds and breeding, feeds and feeding, and other important matters. Under "The Industry in the Different Provinces," some startling new facts, concerning the profits made from sheep, are brought out. It is shown that a flock of about 150 ewes worth \$6 each, after housing, feeding and care were charged against them, gave, in 1911, a profit of more than \$600. This occurred on a Manitoba wheat farm.

A special feature of this bulletin is its many beautiful illustrations in sepia tints, many of which are worth framing. A large issue has been printed, to be supplied free to those who apply for it to the Publications Branch, Department of Agriculture, Ottawa.

TRADE TOPIC.

THE WESTERN FAIR, September 6th to 14th.—This ever popular exhibition promises to be more so than usual this year. There will be many new and novel features. The main building will contain many new exhibitors. There will be goods in process of manufacture, as well as the finished product, and many large and costly exhibits. In the Agricultural Hall there will be shown the product of farm and garden, some of the best grains, roots, and vegetables ever seen. Western Ontario is particularly adapted for agricultural products, and the best always find a place at the Western Fair. Judging from inquiries made, there will be a large exhibit of all kinds of live stock this year. The exhibition affords one of the best possible places for buyer and seller to come together. The grounds are taking on the appearance of preparation. The entrance, band-stand, and general offices, have all been painted, giving them a very neat and new appearance. Considerable work has been done to various other buildings, and everything will be in readiness for the opening day. If space is required for exhibits, privileges, or concessions of any kind, application should be made to the Secretary at once. All information regarding the exhibition may be obtained from the Secretary, at the General offices, Richmond street, London, Ont.

Aunt Elvira grew fidgety as she watched her niece pile perfectly unworn garments into the missionary box. "Them there corsets look pretty new to be thrown away like that," she finally ventured.

"I admit they're perfectly new," said the niece, "but despite the fact that they were made especially for me, they don't fit."

"Well, of all the extravagance!" said the old lady. "Made to order!"

"She picked them up, looked them over, and then fairly screamed:

"Look here, honey, they's a awful mistake somewhere! Here's a sign that says: 'Made especially for John Wana-maker!'"

The Fleury B9 Blower Ensilage Cutter

is a machine that will give you the satisfaction you want in CORN or STRAW cutting.

Can furnish this Cutter on TRUCK if desired.

One of our customers writes to us as follows:

Whitchurch, April 19, 1912.

I used one of your B9 Ensilage Cutters last fall with my 14 H. P. Engine, and found the machine MOST SATISFACTORY in every respect. I filled a silo 23 feet high at a rate of 12 to 14 TONS per hour, and cut and elevated this WITH EASE.

I have had experience with other cutters, but must say that THIS is the LIGHTEST and EASIEST RUNNING machine I have ever seen used.
