

Saving and Business Ability

When a young man keeps a bank account---saves regularly a portion of his income---mark him well. He will be a successful business man.

In this age of keen competition, close tab is kept on expenditure---waste is avoided. The man in charge of a large business concern must be trained in economy, otherwise profits will be eaten up by expenses. To economise on a large scale is the outcome of practising small savings in personal expenditures.

The small depositor is encouraged at the Traders Bank. Amounts down to a dollar are taken on deposit and interest at 3 per cent. paid twice a year.
