

ON THE VERGE OF A BREAKDOWN

**Dr. Williams' Pink Pills the Only
Hope for Weakened Nervous
People**

This warning will be read by thousands of people who only just succeed in getting through the day's work without a breakdown. If you feel always tired out, have but little appetite, and a poor digestion, cannot sleep well, suffer from headaches, backaches and nervousness, it may mean that you are on the verge of a serious breakdown.

Dr. Williams' Pink Pills cure weak, nervous, troubled men and women because of their direct action on the blood. Every dose of these Pills helps to make new, rich blood, which tones the vital organs, strengthens the nerves and brings renewed health and strength. Mr. Geo. Johnson, of Lequille, N. S., suffered for some years as a result of overwork and strain, but found no help for his condition until he began the use of Dr. Williams' Pink Pills. Mr. Johnson says: "While working on a railway handling heavy ties I hurt my back and had to give up work. Later I was able to do light work, but for about six years I suffered from dreadful pains in the back and down my legs. This condition became aggravated by indigestion and chronic constipation, and my life was one of constant misery. During those years I was treated by different doctors, but did not get any help. One day a friend urged me to try Dr. Williams' Pink Pills, and proved his faith in them by presenting me with a box. It was more to please him than from any belief that they would be of service to me that I began taking the Pills. Before the box was finished, however, they seemed to be helping me; the pains in my back and legs grew less intense and the bloating in my stomach, caused by the indigestion, disappeared. I continued taking the Pills until I had used over a dozen boxes, when I found myself fully restored to my former health. I am now able to do heavy farm work, and for the past year have not lost a day, or had the least symptom of my former troubles, and I attribute it entirely to the use of Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THUNDER TERROR.

A great many people are much afraid of thunder and lightning, but an authority on the subject, D. C. Snafer, has been stating that it is not because lightning is so dangerous. It is not, he says, half as dangerous as going out of the house on an icy morning, walking down the cellar stairs, or a hundred other things, we do every day without a thought of personal harm. More people are killed each year by falling building materials, more die from fright than are killed by lightning. The United States Census Bureau shows only 169 people killed by lightning in the entire country during one year, and only thirty of these people were killed in the cities. Heat and the sun killed 763 during the same year, 203 died from cold and freezing, and 4,395 were drowned.

DEER AND EAGLE.

**The Bird's Method of Forcing a
Fall From a Steep Cliff.**

There is a belief widely diffused among men who see much of deer and deer forests in the Highlands that the eagle will follow on deer for a long way until they get one of them more or less by itself in a path on the side of a precipice and will then dash at it with the aim, often successful, of forcing it off the path to a fatal fall down the cliffside, says the Westminster Gazette.

This is a common article of faith, but it does not seem possible to get any eye first eye evidence for the fact. This, however, the present writer has seen—three eagles "waiting on" over a hind and calf for several miles and until the whole cortege went right out of sight around the corner of the hill.

The calf appeared to be the real object of the eagles' attack, and it may have been only fancy, but certainly it seemed to me as if there was a preconcerted or systematic method in the eagles' behavior, as if the bird or birds on the side of the hill further from the calf swooped at her with the idea of distracting her attention from it in order to give the one on the other side a chance to strike the calf; but the hind seemed almost as quick in her movements as the eagles themselves, now and then rearing up on her hind legs and stabbing at the birds with her forefeet whenever they swooped in front of her.

She would turn a moment to the bird at one side and then would be back again on the instant with her baby, which for its part appeared to realize the danger and did its best to keep close to the protection of its mother. So the running fight went on as long as my glass could show it and the end of it is conjectural; but it is obvious that if it is the habit of eagles thus to "wait on" the deer for a favorable moment for attack (and no doubt this is their occasional way) this would be quite good enough foundation for the theory that they wait deliberately till they have them on a steep cliffside in order to force and terrify them over and down it. That is the probable explanation and it comes to about the same thing as the theory of the stalkers and gillies as far as the physical features of the affair go.

AS GOOD AS HAVING A DOCTOR IN THE HOUSE

That is what thousands of mothers say of Baby's Own Tablets. These Tablets promptly and surely cure all the minor ills of babyhood and childhood, and what is more they are absolutely safe—they have never been known to harm the youngest baby—they never will harm anyone—they are good for babies of all ages. Concerning them Mrs. Wm. Higgins, Karn, Ont., writes: "I shall never be without Baby's Own Tablets in the house as long as my children are small. They are a wonderful medicine and are as good as having a doctor in the house. I gave them to my little boy for colic and they quickly cured him. I am always glad to recommend them to other mothers." The Tablets are sold by medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

There is no medicine on the market that can compare with Bickel's Anti-Consumptive Syrup in expelling germs that colds engender in the air passages. It is suicide to neglect your cold. Try the cheap experiment of ridding yourself of it by using Bickel's Syrup, which is a simple remedy, easily taken, and once used it will always be prized as a sovereign medicine.

THE REALM OF FICTION.

Mr. Graham threw down his newspaper with an expression of annoyance. "It's too much when the daily papers begin to print fairy-tales," he said.
"Let me see it," said Mrs. Graham. "Perhaps I could read it to the children at bedtime to-night."
"It's not that kind," said her husband. "This is the story of a young plumber's assistant who declared that he worked so fast that it was not fair to pay him by the hour, but that he should be paid by the job."

STILL ANOTHER POSTMASTER TELLS

**WHY HE PINS HIS FAITH TO
DODD'S KIDNEY PILLS.**

Doctors failed to cure his Bright's Disease, but he found relief in the Great Canadian Kidney Remedy.

Clam Point, Shelburne Co., N. S., Jan. 30 (Special).—Joshua Nickerson, postmaster here, is among the many in this neighborhood who tell of pains relieved and disease banished by Dodd's Kidney Pills.

"I am sixty-two years old," says the postmaster, "and I'll tell you why I think so highly of Dodd's Kidney Pills. Owing to a bad cold my kidneys commenced to bother me, and the trouble developed into backache, stiffness of the joints, and finally Bright's Disease.

"I was treated by a doctor, but that did not help me much, and it was six boxes of Dodd's Kidney Pills that brought me relief."
"Everywhere you go in Canada people tell you of the great work Dodd's Kidney Pills are doing, and everyone who tells you can give the reason why. That reason simply is that there is no case of Kidney Disease Dodd's Kidney Pills cannot cure. These people have tried them and proved this true. Backache, Rheumatism, Dropsy, Diabetes, Lumbago, Heart Disease and Bright's Disease are some of the more serious troubles that Dodd's Kidney Pills always cure, simply because these are all either Kidney diseases or are caused by diseased kidneys."

"I tell you, my dear boy, I stand on my rights. I believe a man should be master in his own house."
"Of course, that's all right. But what I want to know is if you are allowed to smoke in the parlor?"

Clear Stomach, Clear Mind.—The stomach is the workshop of the vital functions and when it gets out of order the whole system clogs in sympathy. The spirits flag, the mind droops and work becomes impossible. The first care should be to restore healthful action of the stomach and the best preparation for that purpose is Parmelee's Vegetable Pills. General use for years has won them a leading place in medicine. A trial will attest their value.

About the safest thing for a man to do who is afraid of getting married is to tie himself to a cave and play hermit.

By bringing the nerves with opium you may stop a cough, but the inflammation goes from bad to worse. Allen's Lung Balm, containing no opium, goes to the root of the trouble and cures deep-seated affections of throat and lungs.

When you have learned to keep your face closed at the proper time, you have sufficient capital to engage in business for yourself.

The Oil for the Farmer.—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

CHILD LABOR IN JAPAN.

**Two-fifths of the Million Factory
Hands Women and Children.**

According to Dr. Kuwada, a member of the Japanese House of Peers, more than two-fifths of the 1,000,000 factory hands are women and children. With no laws to fear or evade, says a writer in Success, the mill owners are employing 70,000 children under the age of 14. In the match and tobacco industries particularly the work is for the most part done by children, and of these many are under 10 years of age.

In the spinning mills these child workers are often compelled to continue at their tasks at night without receiving extra pay or chance of rest. For disobedience of shop rules they are lashed and fined, this latter imposition usually wiping out their meagre wages.

Most of the girls are recruited from the poor rural districts by agents who lure them on with fascinating tales of city life. The ignorant parents, persuaded that the city will afford their daughters greater opportunity for education and refinement, offer up their children to an existence from which few live to return, and these broken in health and morals.

BURNS CAUSED OPEN SORE

Zam-Buk Worked a Wonderful Cure

Mr. J. Nixon, of 901 William Ave., Winnipeg, a blacksmith at the O.P.R. shops, had his foot badly burned by some molten metal falling upon it. He says: "The burn was a very bad one, and after the first few days it left an open sore, which showed marked signs of blood-poisoning. It discharged freely and caused me terrible agony. For three weeks I suffered acutely and could get no ease. At last I obtained a preparation from the doctor, which seemed to stop the discharging and made me quite hopeful, but finally the wound became as bad as ever.

"I was then advised to use Zam-Buk, and from the first application the balm gave me relief. The inflammation was thoroughly checked, and the poisonous matter cleared away in a very short time after beginning with Zam-Buk. Healing then began, and in less than two weeks the wound was healed.

Zam-Buk is equally good for piles, blood-poisoning, festering wounds, chaps, cold sores, children's eruptions, scalp sores, varicose ulcers, chilblains, etc. All druggists and stores sell at 50c. box or post free from Zam-Buk Co., Toronto, upon receipt of price. You are warned against harmful substitutes and inferior preparations.

The Pill that Leads Them All.—Pills are the most portable and compact of all medicines, and when easy to take are the most acceptable of preparations. But they must attest their power to be popular. As Parmelee's Vegetable Pills are the most popular of all pills they must fully meet all requirements. Accurately compounded and composed of ingredients proven to be effective in regulating the digestive organs, there is no surer medicine to be had anywhere.

A GOOD EXAMPLE.
