**Death of Rose Cox**  
It becomes our sad duty to announce the death of a young and promising young lady of this section, in the person of Rose Cox, daughter of Michael Cox. This is the second time in three weeks that Death has sent his dread angel to call our residents to their eternal reward, first choosing an aged lady, Mrs. Cox, and three weeks later her little grandchild, thus proving to us the necessity of both young and old being prepared at any moment to face the tribunal of Eternal Justice, because "we know not the day or the hour." Little Rose was a general favorite with all her schoolmates, who will miss her kindly ways and genial manner. Her death was rather unexpected as she was a very healthy child until within nine days of her death when she took a sore throat and became seriously ill, then brain fever set in and soon ended the young life. To make matters doubly hard, the report gained credence that it was a case of diphtheria, and that prevented others from giving the assistance which otherwise might have been rendered, and the sorrowing parents had to perform the sad duty of nursing and burying their beloved child, practically alone. Rose was the eldest daughter, having just passed her fifteenth birthday, and her loss will be keenly felt by the loving mother and kind father, who loved her so well. The funeral took place on Sunday and was of a simple and sad kind, as those who believed reports did not attend. The child was buried by her family and a few faithful friends and it was truly sad to see the mourning few who gathered around to witness the quiet closing of that early grave. To the distracted mother, and the good father, who but so short a time ago mourned the death of his dear mother, we extend our earnest and deepest sympathy and we trust that God in his boundless mercy will comfort them in this sore hour of their bereavement and that they will realize the truth of the poet's words

"We see but dimly through the mists and vapors  
Amid these earthly damps,  
What seem to us but sad funeral tapers  
May be heaven's distant lamps."

We hope these words may cause them to turn their eyes heavenward and there behold their darling Rose in the shining troops of God's elect, to form a beacon light to guide them through this vale of sighs and tears to the glorious life beyond the grave.

**Pains in the Back**

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning it is extremely hazardous to neglect, so important is a healthy action of these organs.  
They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and despondency.

"I was taken ill with kidney trouble, and became so weak I could scarcely get around. I took medicine without benefit, and finally decided to try Hood's Sarsaparilla. After the first bottle I felt so much better that I continued its use, and six bottles made me a new woman. When my little girl was a baby, she could not keep anything on her stomach, and we gave her Hood's Sarsaparilla which cured her." Mrs. THOMAS LEWIS, Wallaceburg, Ont.

**Hood's Sarsaparilla**
